

The Mightiest Little Peasant Chapter 2653

“Eh? What’s that?”

When the old man flicked his sleeves and switched the images, he was stunned when he finally saw the situation on the battlefield!

His brain had shut down!

He stared at the image of the several-million-feet-long, frighteningly large black Dragon. His eyes widened little by little, and his eyeballs were about to pop out.

F * ck!

Wasn’t this the Black Dragon that was suppressed in the Dragon lock cave?!

How did this thing come out?

This guy was an unparalleled evil in the ancient times. The black ape was already considered very brutal and had devoured countless living beings, but this Black Dragon was a thousand times, ten thousand times more brutal. Back then, it had devoured countless living beings and countless stars.

Even many ninth tribulation powerhouses had lost their lives in his mouth.

In order to suppress him, several genuine Immortals attacked him together. After a round of fighting, they finally injured him and used a formation to suppress him, locking him in the black Yellow tower.

The formation was set up by a genuine immortal, so it should be impossible to break it. Moreover, the Black Dragon had been suppressed for so many years, and its strength had been greatly weakened. It was even more impossible for it to break out of the formation and escape!

However, such an impossible thing was happening right in front of him!

Not only did the Black Dragon come out, but it also killed the black ape and devoured its flesh and blood. Its strength was starting to recover.

He felt dizzy when he saw the huge figure.

This thing was too terrifying!

“It’s impossible for the Black Dragon to escape on his own! Someone must have helped him. If I find him, I’ll skin him alive!”

The old man stood up and cursed angrily.

His entire old face was red with anger.

“Forget it, I’d better think about how to suppress this thing first!” He paced back and forth in the temple, his heart burning with anxiety.

This Black Dragon’s strength was too terrifying. Even the vicious ape had been killed by him, so it was almost impossible to suppress it again.

“No! We can’t let this guy continue devouring!”

Looking at the scene again, the old man gritted his teeth, flicked his sleeves, tore open the void, and entered.

“Evil creature! Stop!”

The old man appeared in the sky above the battlefield, and his loud shout exploded like thunder.

“It’s you, old man!”

The Black Dragon raised its head and recognized this person.

In the years he had been suppressed, this old man had appeared several times. The box on his reverse scale had been hung by this old man.

“Old man, I’m going to eat you too today!”

The Black Dragon opened its mouth, and a beam of shocking divine light shot out.

“Hmph!”

The old man raised his hand and drew a line in the void. The void in all directions distorted, and the divine light that came was also distorted and blasted in another direction.

“It’s Supreme Tian Sheng!”

“Greetings, Reverend Tian Sheng!”

The four sovereigns looked up and bowed, showing respect.

This perfected Tian Sheng was one of the many Supremes of the sacred Hall, and he was in charge of the xuanhuang tower.

“Let me ask you, what is going on?”

“What?” perfected Tian Sheng looked over and hollered, “how did this thing get released?”

“This ...”

The group of Supreme martial artists looked at each other and stammered in silence.

Who could say for sure? although they had their suspicions, they couldn't be sure.

"Emperor Xi, is it you?"

Reverend Tian Sheng looked around and his gaze fell on sovereign Xi.

In terms of attainments in the Dao of formations, this person should be the strongest among all the Supreme martial artists. If they were to talk about who was most likely to break the formation and help this beast escape, this person would be the most suspicious.

"You must be joking, immortal!"

The Supreme Emperor Xi immediately bowed and said with a bitter smile, "I heard that the great evil is suppressed by the formation of true immortals. I don't have the ability to break it. Even if I can, it will take months or even years. It's impossible to break it so quickly!"

"This ... That's true!"

Reverend Tian Sheng was stunned. That was true. The perfected immortal formation could not be broken in just a few days.

Could it really be that this beast suddenly displayed its divine might and broke through the Grand array?

He touched his chin and pondered.

From the looks of it, that seemed to be the only possibility!

"Forget it, I don't care anymore. You guys help me hold this beast back first. I'm going to send all the people on the eighth floor out and then move the other great beasts to the eighth floor. After that, I'll seal off the ninth floor!" Reverend Tian Sheng shouted.

"Seal the ninth floor?"

All the Supreme martial artists were shocked.

Once it was sealed, the ninth floor would be useless.

"There's no other way. It took several perfected immortal seniors to suppress this Black Dragon back then. Even if I have the black and yellow tower now and can borrow its power, it's not enough to suppress him again with all of you.

Reverend Tian Sheng said with a serious face.

In fact, they still had a chance if they fought to the death, but they would have to pay a great price, which was not something the sanctuary could afford. The best way was to seal the Black Dragon in this world and isolate it.

"Alright!"

All the Supreme martial artists responded and took out their Immortal Weapons.

“Hmph! You human insects want to suppress me? In your dreams!”

The Black Dragon roared and released the black ape’s corpse. It then pounced toward the Supreme-beings.

Whoosh! Whoosh! Whoosh!

Black divine light shot out all over the sky, and at the same time, the huge figure swept over like a whip.

“Do it!”

All the Supreme martial artists shouted in unison as they activated their immortal artifacts and attacked.

Boom! Boom! Boom!

For a time, there were continuous explosions and divine light exploded.

“This is a good opportunity!”

Tang Hao, who was hiding in the void, saw another opportunity.

The Black Dragon had left the corpse of the black ape where it had been.

Half of the body’s flesh and blood had been devoured, and even the soul was almost gone. However, there was still a lot of flesh and blood left, as well as some remnant souls. These were all rare treasures to Tang Hao.

He had to get his hands on this corpse.

He immediately rushed out at his fastest speed toward the corpse.

A few great beasts had the same idea as him and also rushed towards the corpse. One of them, the heaven splitting Sparrow, flapped its Broken Wings and swooped down, biting towards the black ape’s flesh.

He noticed Tang Hao, who was also approaching. When he saw Tang Hao’s cultivation level, he was a little disdainful. He flapped his wings and blasted out a beam of green divine light.

“Self as one!”

Tang Hao immediately summoned his true self and fused with it.

In an instant, lightning patterns appeared around his body, and divine light exploded.

In his palm, the newly refined green spear appeared with golden lightning entangled around it.

Weng Weng Weng!

The body of the spear trembled violently, emitting a shocking aura.

“Die!” Tang Hao shouted as he pushed the spear to its limit.

Whoosh!

A ray of golden-green divine light tore through the void and struck the sky-splitting Sparrow with monstrous divine might.

Buzzzzzz!

A slightly miserable shriek was heard.

The heaven splitting Sparrow’s huge body was sent flying and it fell to the ground.

Tang Hao immediately called back the divine spear and activated the dimensional ring again. The black ape’s huge body was kept in the ring, then he turned into a ray of light and flew toward the exit.
