

The Mightiest Little Peasant Chapter 2659

“Hmph!”

After staring at each other for a long time, the Mahesvara Buddha snorted angrily and his face was filled with anger.

According to his original plan, as long as he recovered to the ninth tribulation, he could easily take care of this kid and take revenge. But he never expected that after this kid came up, his realm would skyrocket like a rocket and soar madly.

In a short four years, he had rushed from six apertures to a true spirit of 30000 meters, which was only one step away from the ninth tribulation.

This speed was too terrifying!

Moreover, this brat had done many shocking things. Now, his status in the Holy region was extremely high. Even if he recovered to the ninth tribulation, was sealed by the burning lamp sovereign, and became the Lord of a dojo, his status might not be as high as this brat!

It was extremely difficult for him to deal with this kid now.

“I’ll let this kid jump around for a while. It won’t be too late to deal with him after I’ve established a Taoist sanctum and restored Buddhism. I don’t believe that he can pass the Tribulation so easily.”

“It doesn’t matter even if he’s advanced. It’s too difficult for the human race to advance when he’s at the ninth tribulation, but I can easily advance and return to the peak of the ancient times. By then, it’ll be as easy to deal with him!”

He snorted coldly to himself, turned around, and entered the cave.

He had disappeared, but the discussions around him did not die down. Instead, they became more and more intense.

“The sixth Dao Palace ... Sounds good!”

Tang Hao stood where he was, deep in thought.

This was a good thing for him.

After becoming the master of a training hall, the old bald donkey would naturally have some scruples and wouldn’t dare to easily deal with him, a Saint Hall elder.

A moment later, his figure moved and he flew towards the main hall.

He met elder lingqing in the main hall.

“Master and the others have already discovered that person’s identity. As for that evil scholar, he also has a great background. I wonder if you’ve discovered it?” Elder Ling Qing stroked her beard and smiled.

“To the divine temple, it doesn’t matter if it’s Buddhism or any other way. It’s all the same as long as it can strengthen the power of the sanctum. You know that the threat of the nine-colored tribe is getting closer and closer! And this time, it’s even more difficult than the previous times!”

With that, elder lingqing’s expression turned solemn.

Tang Hao nodded.

He had already vaguely guessed that the evil scholar was the desolate evil old demon.

Supreme Xuan Hong had mentioned the threat of the nine-colored tribe to him before. Everything the divine temple was doing now was in preparation for this war.

In the previous wars, although the sanctuary had resisted, they had suffered heavy losses. A large number of Supremes and venerable sovereigns had fallen, and their strength had weakened each time.

On the other hand, the nine-colored God race was getting stronger and stronger.

With this, the situation of the Holy region became more and more difficult.

Even Supreme Xuan Hong himself wasn’t sure if he would be able to withstand this attack.

“That’s why master wanted to make him dipamkara Supreme to help him strengthen Buddhism. You don’t mind, do you?” Elder Ling Qing said, “I’ve heard that there are some grudges between the two of you.”

“There are some grudges, but it’s not a life-and-death feud!”

Tang Hao said with a smile.

At most, he had only robbed some things from the dipamkara temple and the old bald donkey. He had been slapped in the face several times. This hatred was deep, quite deep, but not to the point of killing each other.

He and the great void sovereign were the ones who had to fight to the death.

“That’s good!”

Elder lingqing smiled.

“By the way, you should be going through your tribulation soon, right?”

He paused for a moment and said.

“Eight streaks of light ... Tsk tsk!” He looked at Tang Hao and stroked his long beard.

He had cultivated for thousands of years and had only reached the 30000-meter realm. On the other hand, this kid had only used a short time. Every time he looked at this kid, he felt very ashamed, as if he had lived for so many years in vain.

“It’s still early, there’s still some time!”

Tang Hao said with a bitter smile.

“What’s going on? You’re afraid of failing the Tribulation?” Elder lingqing asked in surprise.

“No, it’s just that ... I’ve refined a few true spirits, but they’re not even 30000 meters tall yet!” Tang Hao said.

“You ... How many have you refined?”

Elder Ling Qing asked in a daze.

“There are still twelve more!” Tang Hao smiled.

“W-what? 12 ... 12?” Elder Ling Qing immediately cried out in shock. Her eyes widened and she almost jumped up from the futon.

F * ck!

Was this kid still human?

Eight wasn’t enough, and he even refined twelve?

You’re crazy! He refined so many!

Elder lingqing’s eyes were wide open as she sat there in a daze, unable to come back to her senses for a long time.

This brat had cultivated twenty true spirits!

This was too abnormal!

It was simply unheard of!

“You little brat, you’re really ...”

When he came back to his senses, he sighed, not knowing what to say.

“It’s actually fast!”

Tang Hao said with a smile.

“That’s true!”

Elder Ling Qing nodded her head. She also knew about the true spirit pills. Almost every month, the spirit wheel sect would send out more than 100000 true spirit pills.

“Hurry up! I’ll try to transcend the Tribulation as soon as possible!”

He waved his hand and sighed.

“After you’re done with your tribulation, can you give me some of the true spirit pills? don’t worry, they’ll be exchanged at a high price, just like the many children divine pill.” He said after a moment of silence.

“Alright!”

Tang Hao said.

He was only able to use his divine wheel because of Supreme Xuan Hong. The materials were also provided by the divine temple, so it was only right to give them a portion. With this portion of true spirit pills, the divine temple would be able to cultivate a few more Supremes.

Many of the temple elders had already reached 30000 meters or were close to 30000 meters. As long as they were given enough true spirit pills to raise their true spirits, they would dare to cross the Tribulation.

“You little brat, you’re too demonic! He was not even a hundred years old yet! From what I can see, the sanctum will soon have a Supreme martial artist who’s not even a hundred years old!”

Elder Ling Qing looked at Tang Hao and smiled brightly.

“When you reach the ninth tribulation, it will be a completely different world. You might not be able to adapt to it.”

“Oh? Why?”

Tang Hao was surprised.

“It’s because you’re improving too fast. You’ll finish the road that others take thousands of years to walk, but it won’t be so fast when you reach the ninth tribulation realm. In the ninth tribulation realm, those natural essences can only strengthen your physical strength, but can’t improve your realm.”

“The nine tribulations have three major realms: Dao glimpse, Dao condensation, and Dao integration. I believe you’ve heard of them before.”

“Dao-peeking means to pry into the Dao of heaven and earth. One can absorb the essence of the great Dao and turn it into a trace of Dao accumulation. Dao-gathering means that the Dao accumulation has reached a certain scale.”

“The final step is to combine the Dao accumulations into Dao attainment.”

“Finally, when one’s cultivation reaches a certain level, one can knock open the gate of immortality and become an immortal.”

Elder lingqing said slowly.

Tang Hao raised an eyebrow in surprise.

Naturally, he had heard of the three major realms of the nine tribulations, but he did not know that the natural essences were useless in improving the realms of the nine tribulations.

“It’s not that all spiritual essences are useless. It’s just that most of the spiritual essences in the world have become too low-grade and useless. There are only a few spiritual essences in the world that are useful, but all of them are rare.”

Elder Ling Qing said.

“For example ...?” Tang Hao asked curiously.

“Dao attainment!”

Elder Ling Qing smiled. “This Dao is a very mysterious and magical thing. You can give it to others to trade for it, or you can also snatch other people’s Dao.”

“This works too!”

Tang Hao was shocked when he heard that.
