

The Mightiest Little Peasant Chapter 266

One could hear a pin drop in that cavernous cafeteria.

Everyone was stunned at that moment.

Their gaze was focused on Tang Hao's hand.

He was holding a pair of lace panties.

Everyone saw him take out that pair of panties from Fang Qiming's pocket.

Fang Qiming noticed the abrupt change in everyone's attitude. He lowered his head and his eyes nearly popped out of their sockets when he saw what Tang Hao was holding.

'What's going on?

'How did that thing appear in my pocket?'

He was thoroughly confused at that instant.

Then, his heart skipped a beat. 'Oh no, I've been set up!'

"Oh my, what's this, Council President Fang? Tsk tsk, I must say that you have peculiar tastes!" Tang Hao dangled the pair of panties in front of Fang Qiming's eyes.

"You... You're framing me!" Fang Qiming roared. His face was ashen.

“I’m framing you?” Tang Hao smirked. “Didn’t I just take this out of your pocket?”

“You were holding it in your hand and you stuffed it in my pocket! I won’t ever have something like that in my possession,” Fang Qiming said angrily.

“There’s not just one!” Tang Hao said coldly.

“How is that possible?” Fang Qiming laughed. He reached into his other pocket and his expression stiffened immediately.

Then, he turned as pale as a sheet.

His hand was trembling as he pulled another pair of panties from his pocket.

“Wow!” Everyone exclaimed in surprise.

Fang Qiming’s body wobbled. He was about to pop a vein and collapse.

‘Why is there another one?’

‘Did he stuff two pairs of panties in my pockets? How did he do that without anyone realizing it?’

‘His hands were empty earlier!’

Fang Qiming was wavering. His expression was one of utter confusion.

The whispered discussions and condescending gazes from around him were like sharp knives that cut into his heart.

He was very concerned about his public image, and it was all ruined at that instant.

Tang Bowen, standing next to him, was dumbstruck. He was very sure that he had planted the panties into Tang Hao's backpack. How did they appear in Council President Fang's pocket?

"Impossible! This is impossible! I put them in Tang Hao's backpack earlier!" He roared abruptly.

Everyone fell silent and looked at him.

Then, they exclaimed in surprise again.

"So they're the ones behind the thefts!"

"Council President Fang is ruined now! His plan turned on him!"

Everyone discussed it among themselves. Their gaze toward Fang Qiming and his gang was filled with mockery and disgust.

Fang Qiming's face was contorted. He glared angrily at Tang Bowen.

"Council President, I..." Tang Bowen was nervous.

"Useless!" Fang Qiming said resentfully.

“Council President. That plan didn’t work, but there’s the other thing!” Tang Bowen shouted.

Fang Qiming was surprised and immediately looked less tense.

He bought an incredibly powerful laxative. That guy would suffer from unstoppable diarrhea and be humiliated in public.

However, he was once again surprised when he looked at Tang Hao again.

That guy seemed totally unaffected!

He suddenly heard a squelching noise next to him, then he smelled something extremely bad.

“What’s going on?” He was shocked.

Tang Bowen was clutching his stomach. His face was scrunched up in agony and there was a wet patch on the seat of his pants.

Poot! Poot!

The farting sounds did not stop, and the terrible stink spread across the cafeteria.

Everyone exclaimed in panic. Those who were sitting nearby stood up and moved away.

“Oh my god! This is disgusting!”

At that moment, Tang Bowen only wanted to die.

He tried to clench as hard as possible, but he could not stop his stomach from emptying its contents.

Suddenly, he felt his whole body starting to itch.

“Itchy! So itchy!” He scratched his body with both hands.

“What’s wrong with him? Has he lost his mind?”

Everyone was whispering among themselves. Some people took out their phones and started recording.

Fang Qiming could not believe the scene he witnessed.

Then, he seemed to have understood something. He abruptly turned around and regarded Tang Hao with fear.

That guy had seen through their plans and had turned the plan on them.

Fang Qiming shuddered when he saw what happened to Tang Bowen. That guy was a formidable opponent. Tang Bowen’s reputation in the university was totally ruined.

He was preparing to run away.

Suddenly, he felt his concentration waver.

“Take off all your clothes!” Someone seemed to whisper next to his ear.

Without any hesitation, he took off his shirt, then his pants.

He roared crazily and pounced on the female students nearby.

Everyone was dumbstruck.

Then, the female students shrieked and ran away.

“What are you doing, Council President Fang?”

Some of the stronger male students tried to hold him back.

Everyone was shocked when Council President Fang hugged one of those male students and started fondling and kissing him.

“What... What the f*ck?” He shouted, then kicked Fang Qiming away.

“Gross!” Everyone looked at Fang Qiming with disgust.

“He’s lost his mind! Quick, hold him down and tie him up!” Someone screamed.

Many boys stood up and stepped forward to hold Fang Qiming down.

“Hahaha! You can’t catch me!” Fang Qiming seemed to have gone insane. He slipped away and ran outside of the cafeteria.

The boys quickly gave chase.

Meanwhile, Tang Bowen had fallen on the floor, scratching his entire body. It was a pathetic sight.

“What’s wrong with those two? Did they lose their minds?”

Everyone was confused as they talked among themselves.

Some of them looked warily at Tang Hao.

“Maybe they ate something bad!” Tang Hao said calmly. “I know there are some mushrooms that have hallucinatory effects. Isn’t that so?”

Everyone was shocked when they heard that.

“That sounds like the case!”

Some people were convinced.

They could not think of any other explanation for their behavior.

“Alright, I’m done here!”

Tang Hao cleared his tray and left the cafeteria.

When they were outside, they saw Fang Qiming being held down and tied up.

The news of that incident spread throughout the entire Z University in less than half an hour. It was earth-shaking news.

However, none of that was Tang Hao's concern.

He had two more periods of classes in the afternoon, then he went home.

At night, he received Teacher Jiang's phone call.
