

The Mightiest Little Peasant Chapter 2661

“You two seniors are too polite!”

Yushi bowed and smiled.

“Al! We don’t dare to be called seniors!” The arch golden scales waved his hand with a bitter smile.

Yushi Lin chuckled and walked to Tang Hao’s side to wait with him.

“Daoist Tang!”

Supreme Emperor Yunyi had also come.

Back in the battlefield of gods and demons, he was still an eight acupores master. Now, he had already cultivated his true spirit and was a half-step to Supreme.

“Daoist cloudy one! Long time no see!”

Tang Hao cupped his hands and greeted him warmly.

Out of all his colleagues in the Holy sanctum, he had the closest relationship with this man.

After waiting for a while, many half-step Supremes who were not from the divine temple also came. Most of them came from the 3000 Taoist sects, many of whom were old venerable sovereigns and figures among the ancient ten thousand emperors.

These people were all dressed differently, but all of them had extraordinary auras and had many mystical aspects.

“It’s him!”

Tang Hao saw a man. It was an old man with a hunched back. He limped over with a walking stick. His body was trembling, and he looked like he was going to die at any moment.

This man was the seven kill Emperor, one of the ten thousand ancient emperors.

“Brother Liu, you’re here!”

After a while, he caught a glimpse of a divine light sweeping over and landing on the square. A familiar figure appeared. That somewhat wretched temperament was simply unique. It was Liu heihu.

“Don’t, don’t call me brother Liu, I have nothing to do with you!”

Liu heihu waved his hand.

He was scared of being tricked. This bastard had tricked him more than once. Last time, he was lucky that the Tang clan's overseer was a fool and was easily defeated by him. If it was someone else, he would be in big trouble.

He didn't want to have anything to do with this bastard.

Then, he walked out and hid far away.

"This fellow Daoist Liu is quite interesting!"

Thearch golden scales laughed.

Tang Hao also smiled.

"He's also here!" Not long after, another figure flew over. It was the old demon of desolation evil, who had disguised himself as a scholar.

Old demon huang xie landed on the ground and stared at Tang Hao for a moment. Then, he walked to the side and waited alone.

As the divine light swept over, all the half-step Supreme martial artists arrived one after another. Master Li had also reached the half-step Supreme martial artist level and came with the people of the four symbols dojo. Tang Bukong, Qi Lingxiao, the overseer of the eastern Orthodoxy, Ji xuanmei, and the others had all come.

As soon as Ji xuanmei landed, she threw a flirtatious look at Tang Hao and chuckled. She was teasing him.

Yu shixiang's expression immediately became a little strange.

"Long time no see, little friend Tang. I heard that you've gained a lot last time!"

When the great void sovereign arrived, he smiled at Tang Hao. He seemed friendly, but the corners of his eyes were twitching slightly as he suppressed the anger in his heart.

This bastard!

He had tricked him so many times that he had lost all his underwear. He was about to vomit blood.

This time, he had to make use of the spiritual fantasy wonderland to kill this kid and snatch the imprint.

"It's alright!"

Tang Hao smiled."You're so powerful, Daoist great void. I'm sure you've gained a lot from the black and yellow tower!"

As he spoke, the corners of his mouth lifted, revealing a thought-provoking smile.

Supreme Taixu was immediately enraged and almost couldn't hold it in any longer. He almost slapped out.

F * ck!

This brat was too arrogant. He even dared to provoke him so brazenly!

"I'm alright too!"

The corners of the great void sovereign's mouth widened as he laughed in embarrassment.

What the hell was he capable of? he had only gone in to loot a few divine herbs and a Green Lotus. It could be considered as some gains. However, compared to this kid, it was nothing. He had heard that this kid had snatched dozens of rainbow treasure chests in one go.

Furthermore, it even took away half of the great vicious 'corpse.

This amazing harvest made his eyes turn red. He was so jealous that he was about to go crazy.

There were dozens of treasure chests!

Then how many treasures would he get!

As for him, he only had a little bit of divine medicine. Later on, he was tricked by this kid and suffered a few attacks from the monster. He even vomited blood. He had wasted these few months on healing his injuries.

"Little friend Tang, this spirit fantasy wonderland is very dangerous. You must be careful!" He said sarcastically. After he finished speaking, he glared at her fiercely, then turned around and swept to the side.

"Daoist brother, you too, be careful! Don't get tricked again!"

Tang Hao grinned and waved his hand.

When Supreme Taixu heard this, his body staggered and he almost fell.

Motherf * cker!

By the time he steadied himself, his face was already distorted with anger, looking extremely ferocious.

"Hmph! This kid!"

Not far away, the Tang family's patriarch had also arrived. He squinted at Tang Hao, his eyes filled with monstrous killing intent.

This kid dared to play with him!

You're looking for death!

In the black and yellow tower, this kid was lucky to have used the Black Dragon's hand to block him. But this time, in the spiritual illusion immortal land, he would see how this kid could block it!

This time, this brat would die without a doubt!

Thinking of this, he clenched his fists and the killing intent in his eyes intensified.

After waiting for about half a day, most of the people finally arrived.

Elder lingqing came over and took some people to check and register. After that, a Supreme martial artist appeared.

"Greetings, Daoist Tianhong!"

The group of Supreme martial artists took the lead to bow.

"Rainbow ..."

Tang Hao thought for a moment and remembered that he had heard of this name before. He was the Supreme martial artist in charge of the tool Pavilion.

There were quite a few Supremes in the sacred Hall, but apart from Supreme Xuan Hong, no one else appeared. This was the first time he had seen this person.

"A heaven Saint and a sky rainbow ... Could they be related?" Tang Hao mumbled to himself as he thought of perfected Tian Sheng, who was in charge of the xuanhuang tower.

"Most of the people are here, so I'll open the celestial realm!"

Daoist Tianhong flicked his sleeve, and a ball of dazzling divine light flew out and hovered in front of him.

"It's so eye-piercing!"

Everyone in the square immediately covered their eyes and exclaimed.

Tang Hao focused his gaze on the divine light, but strangely, he could not see what it was. It was as if there was nothing in the divine light.

"Open!"

Daoist Tianhong roared and flicked his sleeve. The space in front of the ball of divine light twisted and a passage appeared.

"Everyone, this spiritual fantasy wonderland was created by an ancient Almighty. He used the Dao of illusion and reality and his shocking cultivation to open up this world that alternated between illusion

and reality. There are many worlds inside. After you enter, you will be randomly assigned to different worlds. No matter what kind of world you encounter, do not panic and deal with it calmly.”

“You may die inside, so you must be very careful. Alright, I won’t say more. Let’s start!”

Daoist Tianhong said a few simple words before turning to the side and instructing everyone to enter the passageway.

“I’ll go first!”

The group of Supreme martial artists took the lead and entered the passage one by one. Mahesvara Buddha was among them.

“Let’s go!”

After the people from the five great sites and the eight great clans had entered, Tang Hao stood up and followed Yu Shimin, Thearch golden scales, and the others into the passageway.
