

The Mightiest Little Peasant Chapter 2676

“Next, self as one!”

Tang Hao’s body trembled. A dazzling golden light bloomed, and lightning patterns appeared on his skin.

His golden eyes blinked, and a sea of lightning surged.

In an instant, his aura changed greatly and rose crazily.

“This ... This is ...?”

Reverend you lie’s eyes widened in shock.

What kind of secret technique was this?

The aura was so terrifying, and it could even make one’s aura soar so much!

“This aura again!”

“He used this secret technique to easily kill the young master of the Daluo heavenly Palace!”

All the Supreme-beings from both sides cried out in shock.

Tang Hao did not use his immortal weapon. He clenched his fist and punched.

“Die!” Spiritual master you lie came back to his senses and roared as he punched out.

Bang!

The two of them exchanged another solid blow.

With the point of collision as the center, a brilliant divine light burst out, illuminating the heavens and earth. The Supremes were still able to withstand the light, but the eighth and seventh tribulations covered their eyes and cried out in surprise.

After they had adapted to it for a while, they focused their eyes again and were all stunned.

A figure flew out from the divine light, looking a little embarrassed.

This person was actually you lie!

“Why is it him?”

“How is that possible?”

There was an uproar in all directions.

An old Supreme martial artist and a newly-advanced Supreme martial artist had clashed, and the old Supreme martial artist had actually been sent flying!

This was too unbelievable.

Although the newly-advanced Supreme martial artist was as talented as a demon, his advantage was that he had many true spirits. However, in the clash just now, he clearly did not use his true spirit, so how did he send his opponent flying?

All the Supreme martial artists stood rooted to the ground, their faces filled with disbelief.

Fellow cultivator Tang's strength is a little too terrifying!

He had just advanced and had not even condensed a trace of his Taoist connotation, but he was able to fight a senior Supreme martial artist in the Dao gathering realm and even had a slight advantage!

This was unbelievable!

It was common to see people in the lower Saint plane jump levels. It was one of the criteria to judge geniuses and monstrous talents. However, in the ninth tribulation realm, people who could jump levels were as rare as Phoenix Feathers and Qilin horns.

Furthermore, this person had not even used his full strength!

"You lie's body is extremely strong. He has devoured too many spiritual essences over the years to strengthen his body to the maximum. But fellow cultivator Tang's body is even stronger and more abnormal!"

"That's right! Daoist Tang has just broken through and has no Daoist connotation. His celestial core power is also ordinary, so the only thing he can do is his physical body, which is extraordinarily strong!"

"And that secret technique is also crucial. It must be a world-shaking divine power!"

The group of Supreme martial artists analyzed.

They were even more impressed by Daoist Tang's strength.

He had just advanced and already had such strength. His future was unimaginable.

"This kid ... Is really a F * cking monster. I wonder which true immortal raised him!"

Perfected you lie retracted his body and looked at his opponent, his heart filled with shock.

"Again!"

He gritted his teeth and shouted, but he was a little unwilling.

“No need!”

Tang Hao glanced at him and said indifferently.

The reason why he picked this guy was to test his current strength and use this guy as a test. After two exchanges, he had a rough idea of his own combat power and his Dao gathering stage strength.

Therefore, this guy was useless!

“Hmph! Now you want to retreat? Coward!” Reverend you lie said with a sneer.

“You’re not my match!”

Tang Hao said coldly.

“What? I’m not your match? You ... How dare you!”

Reverend you lie was furious and his face turned red.

This brat was seriously too arrogant!

There was an uproar in the surroundings.

Many people felt that he was too arrogant. After all, he had just advanced. Although he had gained a slight advantage in the confrontation just now, it was not enough to guarantee his victory!

Tang Hao didn’t say anything. He flicked his sleeve, and the Azure-green Yan Luo divine spear flew out, floating in front of him.

The body of the spear trembled slightly, and smoke billowed out like a dream.

You lie’s pupils immediately contracted and his expression turned solemn.

He had almost forgotten that this guy had a celestial artifact!

When he saw Tang Hao wave his sleeve again and take out a crystal-clear immortal Pearl, his pupils shrank again, and his expression was one of shock.

That’s right! This guy had two celestial artifacts, one for attack and one for defense, a perfect combination!

When he saw his opponent reach out his hand again and draw out another immortal saber, he was completely stunned.

Three items!

This kid actually had three celestial artifacts!

This was crazy! This was crazy!

This was simply too crazy!

Even a true immortal wouldn't have so many Immortal Weapons!

What was this guy's background?

Could he be the disciple of some perfected golden immortal, no, an even more terrifying Immortal King?

"Three celestial artifacts!"

"Oh my God!"

The crowd was in an uproar again.

Everyone was in an uproar, their expressions incomparably shocked.

"He has three celestial artifacts!"

In the distance, the half-zhizun realm experts were also shocked.

All this time, he only had two celestial artifacts, a celestial saber and a broken celestial halberd. Now, he had three, and all three were complete celestial artifacts!

This made them envious and jealous.

Most of the half-step Supremes didn't have Immortal Weapons. Only the ancient ten thousand emperors could have one, and only one.

"This kid ... He's quite rich! It seems that there are many good things in the treasure chest that I robbed on the ninth floor of the xuanhuang tower!"

The great void sovereign snorted coldly and was a little jealous.

He knew that this guy had robbed more than a dozen rainbow treasure chests in the last xuanhuang tower trial. Who knew how many Supreme treasures he had obtained?

No matter how jealous, resentful, and murderous he was, he felt more helpless.

This brat had already matured!

He could no longer deal with them as easily as before.

Although he had already entered the late-stage Dao integration realm, this brat could already fight head-on with a mid-stage Dao gathering realm expert. There was still a gap, but it would be very difficult for him to kill this brat and cut off his head.

“The Tribulation has been overcome. Why don’t we ... Continue?”

Tang Hao grabbed the divine spear. His body shook, and a monstrous fighting spirit exploded.

He raised his eyes and glanced at the rebels.

“Hahaha! Good! Fellow cultivator Tang, let’s kill this group of rebels together!”

“Kill! Kill all these rebels!”

All the Supreme martial artists laughed out loud, and their auras surged as their battle intent soared.

Divine light also began to resuscitate from the ancient cities and battleships around them, and they began to accumulate energy.

“Hmph! I’ll accompany you to the end!”

“Kill!”

The rebels were not to be outdone either, and their battle cries shook the heavens.

Whoosh! Whoosh! Whoosh!

The next moment, countless divine lights rushed out from both sides and collided with each other.

A huge battle erupted once again.
