

## The Mightiest Little Peasant Chapter 2681

“That’s right! It’s a celestial artifact!”

“All of them!”

Ji xuanmei picked up the celestial artifacts and looked at them.

Each of these celestial artifacts was so bright that the divine light they emitted dazzled her eyes.

Holding these celestial artifacts, she was so excited that her entire body was trembling.

With so many celestial artifacts, as long as one out of ten was real, it would be an extremely shocking number.

“I picked it up!”

Tang Hao said softly.

“What? You ... You picked it up?”

Ji xuanmei was stunned and couldn’t believe her ears.

This was a F \* cking celestial artifact! It wasn’t junk!

Where are you going to pick it up?

Her face twitched, and she resisted the urge to curse.

“I really picked it up! Why Would I Lie to You? however, it’s not in this world. It’s on planet Qi Yuan, the eternal battlefield!” Tang Hao grinned.

These things were picked up by him from the trash!

“Eternal battlefield?”

Ji xuanmei was shocked.

She had heard of that world before. It was one of the most terrifying worlds out of all the worlds in the spirit fantasy wonderland.

There were true immortals fighting there, and one could be killed by the shockwaves if they were not careful.

It was possible to pick up a celestial artifact there.

However, this was also very dangerous. There was a risk of death if one was not careful. It was already impressive to pick up one or two pieces. How did he pick up so many?

She was still a little shocked and confused.

“Hurry up and pick, take whatever you want!” Tang Hao waved his hand and said proudly.

He didn't lack Immortal Weapons now. He had obtained five Immortal Weapons in the xuanhuang tower, which were enough for him for the time being. He didn't know which one was real and which one was fake in this pile of Immortal Weapons. Maybe all of them were fake.

That was why Tang Hao did not feel bad at all and was very generous.

To be able to use a celestial artifact whose authenticity was unknown to send this demon Phoenix away was still worth it.

Ji xuanmei lowered her head and looked at the pile of celestial artifacts in front of her. She was quite tempted.

However, she still held back. Even if these celestial artifacts were real, so what? what she wanted was not just a celestial artifact, but ... This person!

“You want me to leave so badly?”

She rose to her feet and looked at Tang Hao with a resentful gaze.

“Cough! There was no such thing! Weren't you the one who wanted to leave? I'm sure Ji xuzi doesn't want to be associated with me because of my actions!” Tang Hao coughed.

“I don't want to leave again!”

Ji xuanmei smiled and said in a charming voice.

As she spoke, her alluring figure flickered and appeared in front of Tang Hao. A refreshing fragrance wafted from her voluptuous and mesmerizing body and entered Tang Hao's nose, causing his mind to be unable to resist.

She squinted her eyes, which were lazy and charming.

“There's nothing wrong with your behavior! It's pretty bad, but I like it!” “Also, don't call me Ji xuzi,” she whispered into Tang Hao's ear. “We're so distant!”

“Cough cough!”

Tang Hao was a little embarrassed.

This person's charm was already amazing, and with such enthusiasm and initiative to seduce him, even those ancient sacred Buddhas would not be able to resist!

“I have a Dao-companion!”

Tang Hao took a step back, trying to put some distance between them.

“I know! I don’t mind either!” Ji xuanmei came close to him and said with a smile.

She furrowed her brows when she saw that Tang Hao was still trying to avoid her. “You can accept that person from the Yushi clan. For her, you razed the entire Yushi clan and even attacked the divine Spirit Mountain. Why can’t you accept me?”

“Do you think I’m not innocent? Although my Ji clan has raised so many young and handsome men, they’re just tools for me to cultivate the six desires heavenly fiend Dao. I’ve never let any other man touch a single finger of mine!”

“You’re mistaken!”

Tang Hao smiled wryly.

He did not accept Yu Shiling.

He already had sis Xiangyi and the others, so he didn’t want to touch his feelings easily and accepted them easily. Young master Li was like this, Yu Shixuan was the same, and naturally, Ji xuzi was the same.

All he wanted to do now was to focus on his cultivation and reach the Dao integration stage as soon as possible, and even become a true immortal.

He didn’t think that this person was not innocent, although this person was indeed a little wild.

“Then, do you think that I’m not beautiful enough?”

Ji xuanmei said again, her tone becoming more and more resentful.

“No!” Tang Hao waved his hand. “I just want to cultivate and become an immortal as soon as possible!”

“Alright! Then I’ll wait for you, wait for you to verify your Dao and become an immortal. Anyway, you’re destined to be mine. When you verify your Dao and become an immortal, I’ll ... Eat you!” She lifted her finger and touched Tang Hao’s cheek.

Then, she leaned over and gave Tang Hao a light kiss on the cheek.

Then, she chuckled and stepped back.

“You can go back to your work! I’ll help you take a look and see how the battle is going!”

After she finished speaking, she turned around and headed towards the light pillar.

Tang Hao stood there in a daze.

After a moment, he shook his head and laughed bitterly.

He had just said it casually, but he didn't expect her to really accept it. How could it be so simple to verify the Dao and become an immortal? even the monster who was ranked first among the hundred Immortals in ancient times and suppressed an era couldn't do it.

Before he ascended to the realm of true immortal, he died a tragic death in the battlefield of gods and demons.

In that battle, it was said that he had killed countless Supreme martial artists of the enemy race. In the end, he was exhausted and besieged by the enemy forces, which was why he died.

With Wu Shi's talent, if he was given a little more time, he would definitely be able to verify his Dao and step into the realm of true immortality.

It was the same for him. As long as he was given more time, he was absolutely confident that he could step into the realm of true immortality. This was because he had a Supreme immortal mansion refined from the remains of a true immortal, and the speed at which he condensed his Taoist connotation was several times faster than that of other Supremes.

He could condense his Dao attainment faster and then accumulate enough Dao attainment to knock open the gate of immortality.

It all depended on time.

There was also the great battle that was about to happen.

As long as he could win that battle and the sacred zone could hold on, he would have enough time to break through to the realm of true immortality.

If he lost, everything would be in vain!

He was not the only one who had to die. The Holy region, Pangu, the endless starry sky, and all the living beings in this great thousand world had to die. They would be completely wiped out by the nine-colored divine race, and of course, that included earth.

Everything would be destroyed.

After standing for a while, he composed himself and put away the celestial artifacts on the ground with a roll of his sleeves.

Then, he continued to hit the xiuzhe with the rod, knocking them out one by one and looting everything.

In the next two days, he had lost count of how many people he had robbed, and the treasures he had poured out had filled up rings.

"It's almost time. If we continue acting, we'll be exposed!"

Tang Hao immediately attacked. He charged out of the chaos, snatched the treasured saber, and swaggered away, leaving behind a group of dumbstruck xiuzhe.

Tang Hao went all the way to the North. When he arrived at the familiar desolate north, he began to use the same trick.

Two days later, after he had earned a lot of money, he would take the treasures and leave.

He had wanted to put on another act, but he heard a piece of news from Ji xuanmei that moved him.
