

The Mightiest Little Peasant Chapter 2683

“Why is he also in this world?”

Everyone’s eyes first swept over Ji xuanmei, then fell on Tang Hao.

These people were all very surprised.

They had been in this world for so long, but they had never heard of this person.

Then, they frowned and their expressions turned serious.

This soul fruit was already very difficult to snatch. Tang clan’s xuzi and his gang, as well as some other small groups, had their eyes on this soul fruit. Now, this person had joined in and even joined hands with Ji clan’s xuzi.

This undoubtedly increased the difficulty of snatching the soul fruit by several times.

“It’s going to be difficult!”

Someone shook his head and sighed.

“That’s not necessarily true. Maybe it’s because he’s here that we have a chance!” There were also people who looked excited.

According to the original situation, the Tang clan’s overseer and the others were the most powerful forces and were the most likely to get the soul fruit. If they wanted to get the soul fruit, they would have to fight with the overseer and the others, snatching food from the Tiger’s mouth.

But now, this person had come!

Who was this person? he had eight 10000-foot-tall true spirits, and his combat strength was infinitely close to that of a Supreme-being. He was even able to take on a Supreme-being head-on after using the heaven-defying divine ability of the Dao of self!

More importantly, this person had a grudge against the Tang clan’s Overlord.

The two sides would definitely fight fiercely. This fierce man alone could hold back more than half of the Tang clan’s xuzi group, and the rest would split up to stop the Ji clan’s xuzi.

This Ji clan’s overseer wasn’t a simple character either. She cultivated the six desires heavenly fiend Dao and would need many people to stop her.

How many people were left in the Tang clan’s overseer’s group?

So, their chance had come.

When the time came, they would have to keep an eye on the other small groups, which would be much easier.

“Greetings, pill ancestor Tang!”

“Pill ancestor Tang is here too? I didn’t see him a while ago!”

They walked forward and greeted him with a smile.

“I wasn’t in this world before, and I’ve only been here for a few days!” Tang Hao landed and greeted them with a smile.

“Oh! So it was like this! No wonder!”

They all came to a sudden realization and were even more surprised.

They had always been in this world, but they didn’t expect this person to have come from another world.

“Then pill ancestor Tang’s goal must be that soul fruit, right?”

Someone said.

“It is!”

Tang Hao did not try to hide it.

Everyone who came here was after this rare divine fruit.

“Then, pill ancestor Tang, you have to be careful of xuzi and the others from the Tang Clan!” That person reminded, his tone meaningful.

“I know, but thanks for the reminder!”

Tang Hao said with a smile.

After exchanging pleasantries with these people, Tang Hao and Ji xuanmei walked to the side and waited.

Because of Ji xuanmei’s presence, the place where he was standing had become the most eye-catching place in the square. The local cultivators from all directions were all looking at him.

Their eyes were filled with infatuation and dazzled. Many of them with poor self-control felt as if their souls were about to be hooked away.

Tang Hao had become a target. If looks could kill, he would have been dead a thousand times over.

He looked left and right, feeling helpless.

The six desires heavenly demon's charm was so great that even ancient monks might not be able to resist it, let alone these young geniuses.

Fortunately, they were in front of the true immortal Daoist Rite temple, so no one dared to be rash.

"Pill ancestor Tang!"

After waiting for a while, there would be Saints flying over and landing on the square.

They would greet Tang Hao whenever they saw him.

After a while, another group of divine lights came from the vast void. There were about twenty of them. When they got close, they all revealed their figures. Two of them were familiar faces.

On the left was the Tang clan's overseer and Tang Bukong, while on the right was the overseer of the Five Emperors 'dojo, who was dressed in a golden suit.

The people behind them were from the Tang Clan, the Five Emperors 'dojo, and some other forces. Some of them had quite extraordinary auras and were clearly ancient ten thousand Emperor-level old monsters.

A group of people strode over with an imposing manner, somewhat flamboyant and overbearing.

Tang Bukong, in particular, had his hands behind his back and his head held high. He looked extremely arrogant.

"Hmph! They knew we were coming, but they still dared to come. Do they think they can snatch the soul fruit from us? You really don't know your place!"

Tang Bukong stood in the air and looked down at the square. He snorted when he saw the familiar figures.

In this Jie, their group was the strongest. Now that they had come, there was no doubt about the ownership of the soul fruit.

"Eh? Why is this guy here?"

When his eyes swept across a corner of the square, he froze.

Then, his face darkened and his eyes narrowed with hatred.

"It's him!"

The five Emperor prologue's eyes swept over, and their expressions also changed.

This guy was not easy to deal with!

He took a light breath, his expression somewhat fearful.

The last time in the black and yellow tower, this person had shown his shocking cultivation, but he had been so shocked that he had left without even fighting him.

“There are so many of us, why should we be afraid of him!”

Tang Bukong snorted angrily.

The five Emperor prologue’s expression eased a little. In a one-on-one fight, he was indeed not this abnormal opponent’s match, but if there were a few more people, he had the confidence to fight him.

Moreover, he was mainly here to snatch the soul fruit. The soul fruit was his target. When the time came, he only had to stop this person.

He was still very confident about this.

“I haven’t seen you for a while. It seems that you came from another realm! What, you can’t stay in your original world anymore?”

Tang Bukong lowered his body and landed in Tang Hao’s direction.

He looked at Tang Hao with a mocking smile.

“And now you’re here to steal soul fruits? why didn’t you ask about the situation in this world before you came? You no longer have a place in this world. ”

“I advise you to leave quickly if you know what’s good for you! You might be able to find some treasures in another place, but here, you won’t even be able to eat leftovers. ”

“If you don’t have a token, I can give you one!”

Tang Bukong walked in front of Tang Hao. He raised his head and sneered coldly.

As he spoke, he took out a realm changing token and was about to throw it at Tang Hao’s face.

“Thank you!”

Tang Hao’s mouth immediately widened into a bright smile.

Without waiting for the token to be thrown over, he reached out and grabbed the token, then quickly put it into his bag.

This was good stuff! It would be a waste not to take it!

Tang Bukong’s raised hand froze on the spot. His handsome face gradually turned red.

“You ...”

He glared at Tang Hao and gritted his teeth.

Initially, he had only wanted to use this opportunity to humiliate the other party. He did not think that the other party would really hand over the item. He thought that the other party would definitely reject it. However, he had never expected that the other party would do such a thing and leave him dumbfounded.

“What’s wrong with me? didn’t you say you were going to give it to me?”

Tang Hao said.

“You ... I only said I’d send you off because I wanted you to leave!” Tang Bukong’s face turned red and he gritted his teeth.

“I’m leaving, of course I’m leaving. But I’ll only leave after this is over!” Tang Hao said.

“You ... You ...”

Tang Bukong was so angry that his entire body was trembling.

“If you have the guts, we’ll meet inside later. With me around, don’t even think about getting the soul fruit!” After a long while, he finally calmed down and glared at her, his eyes full of hatred.

“Daoist Ji, it’s a wrong decision to choose him. If you had joined forces with us, you might have gotten a share of this soul fruit. What a pity!”

Then, he glanced at Ji xuanmei and sneered.

With that, he flicked his sleeve and led the people behind him to the side.
