

## The Mightiest Little Peasant Chapter 2685

“Whoosh!”

Beams of divine light shot toward Tang Hao.

The first one was shining with golden light, and it was the five Emperor xuzi. He was wearing golden immortal armor, and his aura was like a rainbow, his battle intent shocking!

The other five had different auras, but the power they gave off was the same. They were all extremely powerful, comparable to the five Emperor overlords.

“Pill ancestor Tang, I’m sorry!”

The five of them shouted and flicked their sleeves, sending out beams of divine light.

These were all formation flags, and they scattered in all directions, forming a large formation that enveloped the entire area.

“You guys want to stop me?”

Tang Hao stopped and hovered in the air, his cold eyes scanning them.

“Pill ancestor Tang, we didn’t want to do this, but there’s only one soul fruit. We can only offend you!” On the left, a man in green armor raised his hand and shouted.

“You should just give up! Although my cultivation base is not as high as yours, it’s easy for the six of us to stop you. By the time you defeat the six of us and rush out, the soul fruit will have already been taken.”

The five Emperor overseer said in a deep voice, “so, why waste your energy? Why don’t we stay in peace and wait for Tang xuzi to retrieve the soul fruit before we leave?”

“That’s right! We will retreat on our own!”

The five old monsters all agreed.

Their tone was very polite. After all, this person had a very high status in the Holy region and was also extremely talented. They did not want to offend him too much.

“Easily?”

“You think you can stop me?” Tang Hao mumbled. The corner of his lips lifted slightly, and a mocking smile appeared on his face. “Do you really think you can stop me?”

Hearing this, the five Emperor xuzi and the other old monsters’ expressions changed slightly, and a hint of anger flashed in their eyes.

There was a hint of sarcasm in his words.

He was too arrogant!

Some old monsters took a deep breath and cursed in their hearts.

Although this person was very strong, the few of them were not to be trifled with. Which one of them was not experienced in hundreds of battles? they had climbed out from piles of corpses. Their physical bodies and divine arts had long been refined to the extreme. With the six of them working together, could it be that they could not stop him for a moment?

“Pill ancestor Tang, are you saying that we’re going to fight?”

The green-armored old man turned around and shouted.

Tang xuzi and his men had already rushed to the front of the formation and were fighting with the other groups. They had the advantage and should be able to break free from the obstruction very soon and rush into the formation to get the soul fruit.

“Naturally!”

“Go!” Tang Hao shouted.

He also glanced at the soul wood. He was not flustered at all, and his expression was still calm.

“Good! Then we’ll accompany you to the end!”

“I also want to see that famous immortal Emperor level magical power!”

The five old monsters shouted, and their bodies trembled. A monstrous fighting spirit rose.

“Last time in the black and yellow tower, we didn’t fight. Today, I’m going to experience your divine power again!” The five Emperor prologue also shouted, and then the aura around him exploded. The Golden immortal armor shone like stars.

“Choke!”

A deafening sword cry.

A golden immortal sword shot up from his body and spun violently in the air, triggering a shocking sword intent.

Then, divine light shot up from the five old monsters. Two of them were actually fairy weapons. One was a bronze spear, which was the treasure of the old monster in green armor. The other was a golden fairy seal, which was engraved with the shape of mountains and rivers.

The one controlling this celestial seal was a skinny old man with a three-foot-long white beard and a moon-white robe.

“Rise, rise, rise!”

The white-bearded old man shouted loudly, his robe billowing and dancing wildly.

The celestial seal spun above his head, and with every spin, its size expanded several times. Strange images of mountains and rivers appeared on it, suppressing the void in all directions with a terrifying aura.

“The treasure is not bad!”

Tang Hao’s eyes swept across the room as he said indifferently. His face did not change.

When the six of them heard this, they were immediately enraged.

He had only said that the treasure was good, which meant that they could not make it!

“Hmph! You’re so arrogant!”

The five Emperor overlords roared and clapped their hands together. Divine light shot out of their eyes, and their aura skyrocketed.

Weng Weng Weng!

The Golden immortal sword turned and pointed at the white-robed figure.

The next moment, Swoosh! The celestial sword trembled and shot out. It turned into an extremely dazzling divine light and slashed out.

“Go!”

The white-bearded old man also shouted, and the celestial seal pressed forward.

At the same time, beams of divine light shot out from several other directions and blasted toward the white-robed figure.

Among them, there was a beam of green divine light. It was the green-armored old monster. He held the bronze spear, an immortal item, in his hand and struck out.

Six beams of divine light arrived almost at the same time.

This was the full-power attack of six top-tier combat forces. The six auras gathered together was simply earth-shattering.

The people nearby noticed it and turned around to look. They all exclaimed in surprise, their faces full of shock.

This attack was too terrifying.

An ordinary half-zhizun would have been turned into ashes on the spot if they had been struck by this joint attack.

Ji xuanmei, who was fighting with five opponents at the side, sensed the aura and turned her head. Her expression also changed.

Her brows furrowed and a look of worry appeared on her face.

Even the local geniuses in the distance couldn't help but exclaim when they saw this.

Only Tang Hao's expression remained calm.

He swept his gaze around the room. He was calm and did not move at all, his hands still behind his back.

He just stood there quietly, watching the six beams of divine light approach him.

"What is he doing?"

The Azure-armored freak was extremely puzzled.

It was already in front of him, but this guy still didn't move? Even if he was confident in his strength, there was no need for him to be so arrogant!

"Hmph! Arrogant! You will pay the price for this!"

He snorted coldly and his expression became somewhat disdainful.

Everyone said that this kid was powerful and monstrous, but looking at him now, he was just an arrogant and somewhat stupid fellow! Such a guy, once he went to the battlefield of gods and demons, he would die without even knowing how!

The celestial core power in his body trembled, and his aura became more powerful.

Today, he was going to teach this young man a harsh lesson and let him know the consequences of being arrogant.

Ten feet, five feet, three feet ...

The six beams of divine light instantly arrived within 30 feet.

Tang Hao finally moved. He didn't do anything, but lifted his foot and stomped on the ground.

BOOM!

In the next moment, an extremely resplendent and surging aura burst out from his body. It was like a landslide, a tsunami, and a star explosion. It madly rippled outwards with an extremely terrifying momentum.

At the same time, a burst of dazzling light bloomed from his body, engulfing the entire world in an instant.

“Ah!”

The green-armored old man was the first to bear the brunt of the attack. He only felt his vision blur for a moment, and then he could not see anything. His eyes even felt a burning pain.

Then, an indescribably powerful and terrifying Qi slapped over his head. It smashed his Qi into pieces as if it was a piece of rotten wood. His body seemed to have suffered a heavy blow, and under this terrifying impact, he began to tremble violently.
