

## The Mightiest Little Peasant Chapter 2714

“Greetings, ruler vast heaven!”

Deafening sounds burst out in the square.

Tens of millions of alchemists and blacksmiths bowed in unison and greeted him respectfully.

“Everyone, there’s no need to be so polite!”

Tang Hao landed in the sky above the square.

He scanned the crowd and saw many familiar faces. There was the big senior brother of sky sword Mountain, Qi Lingxiao, his Little Junior Sister, and a few nameless male disciples.

Qi Lingxiao waved his hand excitedly when he saw Tang Hao looking at him.

“As expected of a senior!”

He clenched his fists, his face full of admiration.

The little Junior Sister Yu ‘er, who was standing beside him, was dumbfounded.

When they were in the earth Fire abyss and the Ji clan, she had looked down on this person, thinking that he was a shameless old monster. She had even laughed at him a few times, but she had never thought that this person was actually the monster surnamed Tang whose name shook the Holy region.

Now, he had become a Supreme martial artist, established a dojo, and became the only ruler of the Holy region, shaking the entire Holy region.

This ... Was like a dream.

“Senior brother, he’s not a senior ... I heard that he’s not even a hundred years old. He’s younger than you!” Yu ‘er pursed her lips and whispered.

“In my heart, he will always be my senior!”

Qi Lingxiao raised his head and said excitedly.

Yu ‘er’s mouth was wide open, but she was immediately rendered speechless.

She looked around, and her mouth opened even wider.

The people around her were just like her eldest senior brother, their faces full of admiration and fanaticism.

This scene was too shocking!

“A ninth tribulation cultivation base and a Dao sovereign ... He’s really powerful!” She focused her eyes again and looked at the figure in white. Her eyes gradually blurred and her heart could not help but beat faster.

Handsome appearance, celestial temperament, and amazing cultivation and status, which female cultivator in the Holy region could resist such charm!

Even she was a little shaken by the sight. Her beautiful face gradually blushed.

“Eh? Junior Sister, why is your face so red? What’s wrong with your leg? why are you clamping it?”

Qi Lingxiao asked in confusion.

“No... Nothing!” He said. Yu ‘er’s eyes were a little flustered, and her face was flushed.

“Junior Sister, you also couldn’t help but be moved after seeing senior’s graceful bearing, right?” Qi Lingxiao said with a smile.

“Yes ... That’s right!” Yu ‘er teased.

“Senior is indeed senior. This style, this temperament ... Tsk tsk! He’s like an ancient God!” Qi Lingxiao looked up again and clicked his tongue in praise.

Tang Hao saw Lord Qin among the crowd. He nodded and smiled at him. He was already a five apertures venerable sovereign. He also saw the former Lord of spirit treasure path. He smiled and cupped his hands.

There were also many people who were familiar with eight desolation.

“Everyone, the reason why we’ve gathered everyone here is to gather all the power of the Holy region’s alchemy and smithing Dao to prepare for the upcoming battle!”

“I’m sure everyone has heard of this battle. The situation is very grim.”

Tang Hao shouted in all directions.

The square fell silent.

Everyone’s expression was extremely serious.

Many people were quite pessimistic about this battle.

“However, no matter how grim the situation is, we can’t give up hope. For this battle, we alchemists and artifact Masters will do our best and contribute all our strength! For the Holy region, for the human race, for yourself, for all your clansmen, for your sect, and for your good friends!”

Tang Hao shouted.

“Well said!”

“My cultivation is not good, but I’m good at forging weapons. What do you want us to forge? just tell me!”

The crowd from all four directions began to boil with excitement.

“This is the alchemy Scripture and the tool Scripture that I compiled. It contains everything I’ve learned, created, and researched in my life. You can read it and comprehend it yourself. How much you can learn depends on your own fate!”

“These are the pill recipes for all of you alchemists. There are all sorts of battle pills, as well as pills for restoring qi and blood, and immortal essence. Don’t worry about the ingredients, the sacred temple will provide them!”

“Here are a few drawings. They are the divine boat I’ve redesigned after imitating the ancient creation divine boat. It’s called the Pangu divine boat, and its power far exceeds the ancient creation divine boat.”

Tang Hao flicked his sleeve, and countless beams of divine light shot out.

Everyone grabbed one and impatiently immersed it in their minds to look at it.

“Mine is the alchemy Scripture ... Wonderful! It was truly wonderful! As expected of the pill ancestor, to be able to explain all sorts of pill Dao secret techniques in simple and direct words. ”

“Is this the design of the Pangu divine boat? Oh my God! It’s so complicated and huge. There must be billions, no, tens of billions of talismans carved on it!”

“I’ve never seen such a complicated formation. How did ruler Haotian come up with it? it’s incredible!”

As they watched, they would exclaim from time to time, their faces full of shock.

After a while, someone seemed to have realized something and laughed out loud, dancing with joy.

“You guys take your time! The mountain Gate over there is prepared for you. You can find your own cave residence. In a few days, the people from the divine temple will come down and bring you the materials, you can refine whatever you want. ”

“There are also alchemy Masters and weapon masters of the heavenly Daoist sect. You can have an exchange.”

Tang Hao raised his hand and pointed at a vast mountain range not far away.

“Many thanks, ruler vast heaven!”

“The ruler’s teachings will definitely benefit the sacred zone. His merits are boundless!”

Hearing this, many people put down the Jade talismans in their hands, kneeled down, and respectfully kowtowed a few times to the figure in the air.

He had imparted all of his attainments without holding anything back. Such magnanimity made them admire him and shed tears of gratitude.

“No need to thank me!”

Tang Hao waved his hand and smiled.

He then looked at Lord Qin and the others, smiled, and nodded. Then, he turned around and left.

“Farewell, chief sovereign!”

Everyone in the square stood up, bowed, and then sat down. They continued to watch, intoxicated.

News of what had happened quickly spread throughout the entire Holy region.

“This is another great merit!”

Everyone exclaimed and praised him.

Last time, the creator of the multi-child divine pill had benefited the entire Holy region. Now, he was imparting his experience in the Dao of alchemy and the Dao of crafts, which would also benefit the entire Holy region.

Everyone in the Holy region was talking about this.

Tang Hao’s prestige had reached its peak.

More cultivators came from all directions and rushed to the Haotian Daoist sect to join the alchemy Masters and weapon masters. Some even went with the whole sect.

Soon, in the southern part of the Haotian continent, a vigorous and powerful elixir and weapon-refining movement began.
