

The Mightiest Little Peasant Chapter 2719

“The furnace used by the great God Taixu?”

Tang Hao’s expression changed.

What kind of person was the great God Taixu? he was one of the most powerful people in the ancient times, on the same level as Emperor Xi, Emperor Xi, and the other immortal emperors.

How powerful would a furnace used by such a person be?

Tang Hao’s eyes burned as he stared at the furnace.

“There’s a pill inside? It was unbelievable! It’s unbelievable!” The great void sovereign shouted again, and his expression became more and more excited.

Then, he turned around and looked at Tang Hao with a mocking gaze.

“Little brat, you’ve seen the treasure, but it’s a pity that you’re not fated to have it!”

As he spoke, he laughed hideously. His body trembled, and his aura exploded. His Supreme might turned into a raging tide that slammed toward Tang Hao.

After that, an immortal cauldron flew out and instantly expanded, smashing straight at him.

“He’s at the daomerge, as expected!”

Tang Hao’s pupils shrank.

The Taoist connotation aura of this old monster was extremely strong and even more powerful than the ordinary Taoist connotation aura. Obviously, he had condensed his Taoist connotation into his cultivation and entered the realm of Dao integration.

He had been on guard against this old monster for a long time, and he was also prepared. He took out the Yan Luo divine spear and went forward to meet the old monster.

Clang!

The spear and the cauldron collided, and a shocking divine light burst out.

Then, there was a muffled groan.

Tang Hao’s body trembled and he was sent flying backward.

“Hmph! Brat, you’re only at the Dao glimpse realm, and you want to contend with me? Really overestimating his own ability! If you want to be my opponent, you’ll have to cultivate for another thousand years. That’s more likely!”

The great void sovereign stepped forward. His eyes were filled with divine light and his body was filled with a ferocious aura.

Under his control, the immortal cauldron came crashing down again.

Clang!

There was another explosion of gold and iron.

Tang Hao's figure retreated again, and he looked a little flustered.

"Weren't you very arrogant? Come on! You still want to snatch the treasure from me? what a joke!" Supreme Taixu shouted and madly activated the immortal cauldron. Again and again, he smashed it down ruthlessly, each more ruthless than the last.

Clang!

Another hit.

Tang Hao flew out and landed on the golden brick Road. He wiped the blood from the corner of his mouth and clicked his tongue when he saw it.

As expected, the strength of a Dao integration stage super mighty figure was not something he could contend with at the moment.

"Old man, do you really think that I would come to you for cooperation if I didn't have the confidence?" He raised his head, looked ahead, and sneered.

"Don't tell me you still have a trump card? Just show me!"

Sovereign great void sneered.

He raised his hand and pressed down heavily. The immortal cauldron smashed down again with shocking momentum.

"This is my trump card ..." Tang Hao grinned. He raised his hand and tossed a token. The next moment, the token shone with a dazzling divine light that illuminated the entire area.

"What is this?"

Supreme Taixu exclaimed in a low voice. He felt that the divine light was piercing to his eyes and immediately raised his hand to block it.

When he looked over, he was stunned.

In the divine light, a huge Golden Palm appeared and grabbed his cauldron.

“What ... What is this?”

Then, he widened his eyes and looked at the Golden Palm that kept reaching out. Then, a huge head appeared. It was an ape’s head with golden skin and a metallic luster.

Behind it was a body, a body so huge that it was difficult to describe.

When the giant ape’s figure was completely revealed, it stood in the void and leaned over to look at him. He could not help but swallow his saliva, and his expression was somewhat frightened.

This ... What exactly was this thing?

It looked like a divine ape, but it didn’t have the aura of a living being. Its entire body was cold as if it was completely made of gold and iron.

Furthermore, how could his aura be so powerful that he had reached the Dao integration stage?

“This ... Was really refined?”

When he took a closer look, he was dumbfounded again. He was in complete disbelief.

This terrifying ten million feet giant ape was really man-made. The gold and iron were densely covered with divine patterns and talismans. There was also a huge bead on its chest, which was also a product of refining.

It was a refined product similar to a puppet.

But how was that possible?

How could anyone in this world possibly refine a Dao integration stage puppet?

This was too ridiculous!

He didn’t dare to believe it.

“Roar!”

The God of apes raised his head and let out a long roar. His right hand, which was holding the immortal cauldron, clenched and swung it like a giant hammer, smashing toward the Taixu sovereign.

Only then did the great void sovereign come to his senses, and he retreated frantically.

“Brat, although I don’t know where you got such a heaven-defying puppet, do you think you can stop me with just a puppet?”

He sneered.

A puppet would always be a puppet. It was impossible for it to be stronger than a living ten-thousand-year-old monster like him.

He activated the immortal cauldron, broke free from the restraints, and rushed out.

In the next moment, the immortal cauldron shook and its body expanded crazily.

“Then ... How about this?” Tang Hao sneered. A golden light flashed above his head, and the origin core clone charged forward with his blood-red spear.

“This is ...?”

The great void sovereign was once again stunned.

His mind was greatly shaken, as if there were stormy waves.

He recognized that it was the heaven and earth origin core clone!

However, the aura of this clone shocked him. This clone was also at the 9th tribulation, and its aura was extremely powerful. It had actually reached the Dao gathering realm.

He was in complete disbelief.

The combat strength of an avatar could actually reach the Dao condensation realm?

This was too F * cking crazy!

Was this kid still human?

Just as he was in shock, the clone had already arrived with the battle spear.

At the same time, accompanied by the earth-shaking howls of apes, the ten-thousand-Zhang-tall giant God waved his giant palm and madly slapped over.

The great void sovereign’s expression changed.

With a Dao integration stage puppet and a Dao gathering stage clone attacking from both sides, he would definitely be stopped here, and that brat would definitely take the opportunity to obtain the treasure.

As expected!

When he swung to the side, the kid had already disappeared and entered the hall.

“Get lost!”

He hissed and shuddered. His aura surged crazily, and his robe and hair fluttered wildly.

He raised his hand and a ray of golden light shot out toward the origin core avatar. Then, he clenched his right hand into a fist and punched at the huge palm.

Clang! Bang!

With two loud bangs, a shocking divine light exploded.

The God of apes and his avatar were both shocked, especially his avatar, who was forced to retreat. But the next moment, he stopped and continued to rush forward. The God of apes continued to wave his palm, vowing to keep the old monster here.

“Get lost!”

The great void sovereign was furious, and the aura around him seemed to have gone berserk.

He was going crazy!

Every time he was delayed by a breath, that kid would have an extra breath to refine the divine transformation furnace!

“Die!”

He howled to the sky and pounced in front of the origin core avatar. He punched out and directly blew up half of the origin core avatar’s shoulder.

Then, he opened his mouth and spat out a golden light. It was a talisman that exuded the aura of a true immortal.

BOOM!

The talisman rushed to the God of ape and exploded. The God of ape wailed, and his huge body immediately flew backward like a cannonball.

The next moment, sovereign Taixu turned around and rushed into the Great Hall.
