

The Mightiest Little Peasant Chapter 2723

On the eighth floor of the xuanhuang tower.

In a mountain range, there was a huge bird lying down.

This giant bird was extremely huge. It was coiled up into a ball and was even larger than those divine mountains. It was extremely terrifying. Its entire body was wrapped in pitch-black wings that had a golden luster.

He was taking a nap.

Suddenly, a ripple appeared in the void not far away, and a white-robed figure stepped out.

His eyes swept around and looked in this direction.

Sensing an unfamiliar aura, the giant bird woke up, spread its wings, and looked up.

“Hello!”

The white-robed figure stood there, grinning at him and waving his hand.

The giant bird was stunned.

Who was this little worm? Why are you so enthusiastic?

After a while, he remembered that the little bug in front of him was very similar to the guy who had snatched the black ape’s flesh from his hands.

“It’s you! You damn little worm!”

He was enraged and flapped his wings.

Boom! Boom! Boom!

All the mountains in the surroundings were smashed apart.

“That’s right! It was me! I’m here again!” Tang Hao’s smile widened.

“You still dare to come! You’re looking for death!”

The giant bird screeched, it was beyond furious.

This little insect had snatched his things and still dared to appear in front of him with such a mischievous smile. Wasn’t this naked ridicule?!

That time, he was almost exhausted after fighting the Black Dragon for a long time. He was even injured, so he was sent flying by this little worm and had his flesh and blood taken away. Now that he had recovered and was in his Prime, this little worm was dead for sure!

He was going to swallow this little worm in one bite!

He flapped his wings and rushed into the sky, his body completely spread out.

In an instant, the entire sky was covered in darkness.

“Little birdie, I’m here today to persuade you to join the human clan.” Tang Hao raised his head and looked at the giant bird that covered the sky above him. He was still smiling.

“Little ... Little birdie?”

The heaven-splitting Sparrow was stunned.

His eyes widened as he looked at the human insect in disbelief.

Was there something wrong with this human’s brain?

His body was already so big that it covered the sky, and he was still small? ‘Little mother!’ You’re the one who’s young! Your entire clan is small!

“Convince? You’re here to subdue me? Hahaha! This was simply too funny! There’s really nothing wrong with your brain!” Then, he held his stomach and laughed out loud. He was overjoyed.

This human was actually here to subdue him!

Who was he?

He was a famous ancient beast, a terrifying existence that shocked the ancient times!

Just his name alone would be enough to scare a bunch of people to the point of peeing their pants. Even those ancient supreme beings couldn’t do anything to him!

In the ancient times, he had devoured countless people.

There had been many people like this human who had tried to subdue him, but in the end, they had still ended up in his stomach.

“It seems like ... You don’t want to join!”

Tang Hao mumbled and sighed.

“Human, there’s something wrong with your brain! You still want to subdue me? in your next life!”

The heaven-splitting Sparrow shouted angrily as monstrous demonic flames surged from its body.

With a flap of his wings, he swooped down, opened his mouth, and dove down.

“What a pity! Then I can only ... Kill you!”

Tang Hao clenched his fists. His body shook, and his aura exploded.

Every inch of his flesh and blood contained a shocking amount of qi and blood. When his qi and blood burst out, they emitted a dazzling divine light. The sound of the divine light seemed to be able to illuminate the sky and swallow everything in the surroundings.

“What ... What is this divine light?”

“This aura ... What’s going on?”

The heaven-splitting Sparrow cried out in alarm.

This human’s imposing manner suddenly changed. Originally, he was an ordinary early stage nine tribulations expert, so he didn’t take him seriously. But now, he had become extremely terrifying all of a sudden, causing his mind to tremble.

While he was still in shock, a fist was thrown out from the divine light.

It was a very small fist, but the aura it carried was extremely terrifying.

Bang!

This punch landed on the heaven splitting Sparrow’s head.

The heaven splitting Sparrow screamed as its huge body was sent flying.

“This human ... What’s going on? There’s something wrong with his body. How can a human have such a terrifying body? he doesn’t look like a human at all. He looks like an immemorial creature. ”

The heaven splitting Sparrow was shocked.

Then, he was extremely terrified.

This human was a monster.

However, he still didn’t want to submit. He was a proud member of the heaven-breaking Sparrow race. How could he submit to the human race?

He turned around and was about to escape.

“You want to run?”

“Hmph!” Tang Hao grunted coldly. He gave chase and punched the sky-splitting Sparrow again.

Then, he rushed forward, grabbed the feather, and pulled it hard.

The heaven-splitting Sparrow cried out in pain.

He struggled madly and even tried to bite down. However, this human was simply too terrifying. His sharp claws were unable to leave even a single mark on his body.

He was completely shocked!

He had never seen such a powerful and perfect body!

He only wanted to escape, but he couldn't escape from this human's demonic claws. Not only was this human powerful, but he was also extremely brutal. One by one, he plucked out all his feathers. Then, with a chop of his hand, he cut off a piece of flesh.

This was cutting him up alive!

"Stop! Stop! I surrender, I surrender!"

The heaven-splitting Sparrow couldn't take it anymore and wailed.

"It's too late!"

"I already gave you a chance!" Tang Hao said coldly.

"Don't worry. I'll make good use of your bones. Your flesh and blood, as well as your soul, will help me cultivate a few more nine tribulations Supreme!" "Die!" Tang Hao shouted. He grabbed the bloody Butcher knife and slashed.

With a Flash of the Blade, the heaven splitting Sparrow's wings were cut off.

He flicked his sleeve again, and a small dark golden furnace flew out. It instantly expanded, and divine flames burned within it. Its aura was shocking.

The divine furnace kept the wings and began to refine them.

Upon seeing this, the heaven-splitting Sparrow was scared out of its wits.

This human's methods were too brutal and terrifying!

He wasn't a great calamity, but the human race was the true calamity!

"Come on! Continue!"

Tang Hao raised his blade, caught up with the sky-splitting Sparrow, and slashed again.

Just like that, a man and a bird chased and fled. The commotion attracted all the great beasts in this world. They walked out of their nests and looked over. When they saw clearly, they were all stunned.

Then, he was so frightened that he almost jumped up, his face pale.

That was the heaven splitting Sparrow. It was extremely brutal and its strength was not ordinary. Among the many great beasts in this world, it could be ranked in the top five. They did not dare to provoke it.

However, such a terrifying existence was being chased around by a human with a saber in his hand. Furthermore, his body was covered in blood and he was missing an arm or a leg. It was extremely miserable.

What was the background of that human?

When did such a terrifying figure appear in the human race?

They just watched in a daze, incomparably shocked.
