

## The Mightiest Little Peasant Chapter 2724

Shua shua shua!

A mournful wail.

The heaven-splitting Sparrow had fallen.

All the great beasts around felt their blood run cold.

That was because after the human had collected the heaven-splitting Sparrow's flesh, he had turned around and looked at them.

"Xiao naohu! Come, join the warm family of our human race!"

When the yin-yang White Tiger saw the human walking over and speaking with a smile, its hair stood on end and it almost peed its pants.

What warm family? I don't believe you!

You human demon!

You're even more brutal than us ancient beasts!

The yin-yang White Tiger howled and started to run towards the other great beasts. Only by allying with all the great beasts could they stop this human demon!

"A!"

Tang Hao shook his head and sighed when he saw that.

In fact, he quite liked this little tiger. It would be so awe-inspiring to guard his Haotian Daoist sect. But since this little tiger was so insensible, then there was no other way.

He raised his saber and chased after her.

OWW! "Ah!" Roar!

The Yin Yang White Tiger's shrieks reverberated throughout the entire eighth level.

Hearing this, the four great beasts all trembled.

They were so scared that they almost peed their pants!

Even the Black Dragon back then wasn't as terrifying as this human!

When the yin-yang White Tiger's head was cut off and its blood splashed into the sky, they were all stunned and trembled even more.

"Little Wolfie, little lion, come, do you want to join our human family?"

Tang Hao held his knife and smiled as he looked at a Blood Wolf and a Lion with white fur and blood-red eyes.

"Hmph! Don't even think about it!"

The blood Wolf roared and pounced over with the lion.

This human was indeed very strong. However, as long as the great beasts joined forces, they could defeat him and even devour him.

"You're looking for death!"

Tang Hao's expression darkened, and a murderous aura surged around him.

He grabbed the divine furnace, enlarged it, and threw it at the blood Wolf. With a bang, the blood Wolf's face caved in. It howled in pain and flew backward. Then, with another bang, it also sent the lion flying.

He carried the divine furnace and charged forward, smashing it again and again.

His aura was ferocious and his killing intent was shocking. He was as terrifying as a Demon God.

As for the blood Wolf and the White Lion, they kept flying away, spitting out blood.

Upon seeing this, the great beasts that were charging over from the distance all stopped in their tracks, their faces filled with fear.

"This human ... Is too terrifying! We can't win!"

"This body of his can't be a body that a human can refine. He's a monster! And that divine furnace, its aura is even more terrifying!"

They were all afraid and stood in place, not daring to move forward.

Soon, the heads of the blood Wolf and the White Lion were chopped off. Their bodies and divine blood were all put into the furnace.

The divine fire was burning in the divine furnace, and the flesh of four great beasts was already inside.

"I'll add! I'll add! I want to join the warm family of the human race!"

When Tang Hao came to a blood ape with the divine furnace, the ape nodded its head like pounding garlic before Tang Hao could say anything. It even grinned and tried its best to show a warm smile.

The blood ape thought it was ridiculous.

He used to be a great evil that had devoured countless humans in the ancient times. Today, he had actually submitted to a human and wanted to join the human family. It was truly ridiculous.

“Very good!”

Tang Hao studied him and nodded.

This blood ape was slightly weaker than the black ape that had died in battle, but it was still a good one. It had the combat strength of a Dao integration realm.

“I’ll join too!”

“Me too!”

The great beasts in the distance couldn’t help but shout.

“I swear, I will never eat humans again. If I eat one more, I will be struck by lightning!”

Some great beasts even raised their claws and swore.

“Very good!”

Tang Hao nodded again and smiled in satisfaction.

“All of you, come in!”

He took out a token and took care of all these great beasts.

“It’s time to meet Brother Black Dragon!”

Tang Hao raised his head and looked at the sky.

Soon, a passage opened in front of him. After passing through the passage, he arrived at the ninth floor.

The entire ninth floor was deathly silent.

Only the Black Dragon was left on the ninth level. There were no other living beings.

“Eh? The aura of the human race?”

At this moment, the slumbering Black Dragon on the ground suddenly opened its eyes, which were shining with a bright light.

There’s a human’s aura, it’s definitely the old man in charge of this realm. I’ll be able to leave after eating him!

The Black Dragon charged in the direction of the aura.

He was stunned when he saw the figure in the distance.

It wasn't the old man, but the kid from before! It was the one who had released him from the Dragon binding array!

"It's you, you little worm! Why are you here?"

The Black Dragon snorted.

If it wasn't for that old man, it would be useless even if he ate it. He still wouldn't be able to escape from this realm.

"I'm here to discuss something with you," Tang Hao said with a smile.

"What is it?"

"Something you're interested in!"

"I'm not interested in anything other than killing, killing, killing, and eating." The Black Dragon snorted.

"It's for you to kill and eat." Tang Hao said.

"Eh? There's such a good thing?"

The Black Dragon was stunned.

Was this a free lunch?

"Not long from now, the Holy region will have a great War with the nine-colored tribe in the outer realms ..." Tang Hao said.

"Oh! So you want me to help your human race kill their enemies? are you dreaming? Do you believe that I won't eat you right now?" The Black Dragon was furious and roared.

This was asking him to work for the human race!

He was a true dragon and an ancient beast. He had his dignity. He would never work. Even if he died of old age or starved to death, he would never work for the human race.

"Oh, really? When the war is over, I can set you free, true freedom!"

Tang Hao said.

The Black Dragon fell silent.

Were the humans going to let him go?

However, weren't the humans afraid that he would go around devouring the humans after they let him go?

Or was she lying to him?

"There's a vast world outside the Holy region. You can go there. It's bigger and more exciting than the Holy region. You'll definitely like it." Tang Hao said.

As he spoke, he flicked his sleeve, and a divine light flew out.

These were the memories he'd obtained from searching his soul in the nine colored divine realm.

"It really is!" The Black Dragon was a little surprised.

Of course, he knew about the existence of the outer realm, but he didn't know how vast it was.

"There are quite a lot of people there. It's enough for me to eat. However, I don't really believe you. You're just a kid. How can you represent the human race? you don't have enough food!" The Black Dragon said.

Tang Hao didn't say anything. His body shook, and his aura burst forth.

"You ... You are ..."

The Black dragon's eyes immediately widened, revealing extreme shock.

What was going on with this kid?

The last time he saw her, she was still a half-zhizun, so weak that he could kill her with a single beam of divine light. But now, not only was she a 9th tribulation expert, her physical body had also become terrifyingly strong.

"Good! It's decided! If you dare to go back on your word, I will devour all of you!"

After a long silence, the Black Dragon finally nodded.
