

The Mightiest Little Peasant Chapter 2725

“The flesh, blood, and souls of the four great beasts can create many more Supreme martial artists!”

Tang Hao took out the divine furnace after he returned to great heaven peak.

In the furnace, the flesh and blood of the four great beasts were being refined, gradually turning into a golden divine liquid.

The flesh and blood naturally had to be given to the demon God clan. Their physiques were more suitable for absorption. According to his estimation, the flesh and blood of four great vicious beasts could be used to create about twenty Supreme-beings of the demon God clan.

If these twenty Supreme martial artists were placed in the demon God Army, it would be a qualitative improvement in the strength of the demon God Army.

As for souls, the effects were much weaker.

This was because the untainted tribe had the strongest physical body, but their souls were ordinary, far inferior to the Supreme human beings. The souls of the four great beasts could probably only produce about ten Supreme human beings.

As for the candidates, Tang Hao would have to consider them carefully.

Even if he could create dozens of Supremes at once, there were still too few Supremes in the Holy region. They were far inferior to the nine colored divine realm.

Every Supreme-being slot was extremely important.

“Jin Lin, Xu Yuan, and the others all have true spirits of 60000 to 70000 feet. Let’s improve their true spirits first. I also need Yunrong, the conman, horizon, and Gao Dayong.”

Tang Hao pondered for a moment, then made a decision.

He shouted and called for Yun Rong, who was outside the hall.

“My Lord!”

Yun Rong bowed.

“You’ve worked hard during this period of time!” Tang Hao looked at her and smiled.

Ever since she came up, she had been serving sister Xiangyi and the others, and also helping to take care of the little Phoenix. After the Haotian temple was opened, she had been by his side and running around. When he was in seclusion, he had to deal with some matters of the temple. It was really hard on him.

“It’s not hard! This is what Yunrong should do!”

Yun Rong bowed and pursed her lips. “Master, why are you suddenly talking about this?”

“This is the soul of a nine tribulations great beast. Take it and refine it! The soul of a great evil might be a little harder to refine, so be careful!”

Tang Hao flicked his sleeve, and a crystal-clear pearl flew out.

It contained a part of the Yin Yang White Tiger’s soul.

Yun Rong’s beautiful eyes widened as she stared at the bead in front of her, unable to believe it.

She could feel how powerful the soul inside was. After refining this soul, her true spirit would be able to reach 30000 meters and she would be able to overcome the Tribulation and break through to the ninth tribulation.

This was an opportunity to pass through the nine tribulations!

“Many thanks, my Lord!”

When she came back to her senses, she knelt down and said excitedly,

“There’s no need to do this!”

Tang Hao lifted her up. “Keep it and refine it!” It’s not easy to refine the soul of a great inauspicious being, so you might need to spend some time. ”

“Yes! My Lord!”

Yun Rong took the soul Pearl, thanked him again, and left.

Tang Hao got up and went to the cave dwelling area inside the mountain. He met Jin Lin and Xu Yuan, whose caves were next to each other. He met them for a while, gave the brutal soul to them, and then left.

After walking along the mountain path for a while, they arrived at a cave abode. There was a stone tablet in front of the cave abode, and the two words “rain master” were engraved on it. The handwriting was graceful.

“What are you doing here?”

He rang the bell in front of the door, and the door of the cave dwelling opened. A graceful figure appeared at the door.

She was wearing a gauze dress. It was a little thin and could not hide her graceful and perfect curves. It was partly hidden and partly visible, full and attractive.

Her face was extremely beautiful.

Tang Hao was surprised when he saw that.

This was the first time he had seen her dressed like this.

“Come in!”

Yu Shiyan glanced at him and smiled mischievously.

The interior of the cave abode was a different world. It was a beautiful and elegant Palace. From the way it was dressed and decorated, one could tell that it was strongly feminine.

“Why did you come to my place?” After entering the hall, Yu Shimin turned around and looked at him.

Her beautiful eyes scanned Tang Hao from head to toe. They glowed with a strange light.

“I’m here to give you something. The soul of the nine tribulations great evil can help you reach 10000 feet early so that you can attempt the nine tribulations!” “Yes,” Tang Hao said. Then, he took out a soul Pearl and handed it over.

“Oh!”

Yu Shiyan acknowledged and took the Pearl. She looked at it with joy.

“Since you’re here, then sit a little longer!”

She asked Tang Hao to stay before he could say goodbye.

“Alright!”

Tang Hao hesitated for a moment before he agreed.

She walked to the side and took out a teapot. She boiled a pot of tea and poured a bowl for Tang Hao.

“You must be ... Very busy recently!” She said softly.

“Mm! A little!”

Tang Hao nodded.

“You’re now a hegemon of the Dao...But you still have to worry about the war. You’re going to be a bit busy. ” She said softly, her tone filled with pity.

“I see that you like to wear plain clothes. Why don’t I make you a few sets of clothes?”

Her beautiful eyes scanned Tang Hao’s body as she smiled.

“That would be so troublesome!” Tang Hao chuckled.

“I’m fine! I’m quite free!”

Yu Shiyun smiled, “get up, I’ll measure it for you.” Then, she gestured for Tang Hao to stand up. She placed her fair hands on Tang Hao’s waist and began to measure his body.

“Turn around!”

She turned Tang Hao around and continued to measure him with her hand.

But suddenly, her hands reached forward and hugged him.

Tang Hao was caught off guard.

The beautiful person behind her didn’t make a sound, but her body trembled slightly, clearly a little nervous.

“Do you think we will win this battle?”

After a long time, she whispered.

“I will!”

Tang Hao said.

If it was before, he didn’t have much confidence. But now, after obtaining the great void divine treasure and subduing the great evil, he had sixty to seventy percent confidence that he could stop the nine colored God clan.

“En!”

“Yes,” she replied, but her tone was a little depressed and obviously a little pessimistic.

“Can you ... Stay here? keep me company and talk to me. I don’t know why, but I’ve been a little sentimental these days. I’ve been thinking too much and I’m very worried.” She said in a low voice.

“Alright!”

Tang Hao was silent for a long time, but he still nodded.

It was already half a day later when they left master Yu’s cave.

Tang Hao stood at the entrance of the cave abode and turned around. He could not help but smile bitterly.

He didn’t want to be involved in love anymore. He already had enough, but this thing came to him on its own, which really made him distressed.

He grinned, scratched his head, and left.

He couldn't stay in this land of gentleness any longer. He still had many things to do. He still had to meet the beggar and horizon and send the great evils' souls. He also had to go to the demon God World, where most of the demon God clan was still.

After that, he still had to refine the corpses of the four great beasts into giant gods.

He didn't have enough materials to refine four giant gods, so he had to go to the temple to exchange for some.

He also had to make another batch of the progeny pill.

As Tang Hao thought about it, he sped up and started to get busy.
