

## The Mightiest Little Peasant Chapter 2766

“It’s done!”

In the valley, Tang Hao’s fifth experiment finally succeeded!

In the purple crystal in front of him, a stable chaotic space appeared. This was the soul world. However, the soul world in front of him was very small. There was nothing inside and it was very simple.

But Tang Hao was unusually excited.

The success of this embryonic form also proved that his direction was right. As long as he continued to deduce and perfect it, he could create a soul world comparable to the great void realm.

After playing with it for a while, he put away the Jingshi.

He should return to the great fate sect.

He put everything away, stood up, and looked in the direction of clarity city.

Naturally, he had noticed the gazes that were directed at him from the direction of clarity city.

However, at that time, he was refining the silver needle and did not pay attention to it.

Later on, when his true spirit appeared, the gaze disappeared.

“It should be the one from clarity city!”

He mumbled.

Clarity city was also a big force in this area. The city Master was Luo Kongming, a rogue cultivator. After he had advanced to the eight tribulation venerable sovereign realm, he had come here and established clarity city.

It was said that Luo Kongming had already opened seven or eight apertures, which was even higher than the sect master of the great fortune sect.

“Should I kill him?”

Tang Hao’s eyes narrowed.

“Forget it. He didn’t see the back, so he’s not a threat. If we kill him, we’ll cause some trouble.”

After pondering for a while, the killing intent in his eyes disappeared.

Then, he turned around and left.

After collecting the bird, he returned to the great fate sect.

“Yo! He’s back! I thought you had already run away!” In front of his herbal field, Zhao Yan was waiting for him with a few followers. When she saw him coming back, she screamed.

“Why should I run!”

Tang Hao laughed.

“If I can’t be cured, of course I can only run!” Zhao Yan sneered, “you went out just now to prepare for your escape, right?”

“What a joke! It’s such a simple poison, what can’t be cured!”

Tang Hao said.

“Simple? Hahaha! Do you know how many nine tribulations Almighty are helpless against this poison? You, a cripple who has lost all his cultivation, want to cure this ancient poison?”

Zhao Yan sneered, her face full of mockery.

“You don’t believe me? Then you just wait and see! I’ll go get the antidote now!”

Tang Hao said indifferently.

After he finished speaking, he turned around and walked towards little Cold Peak.

“Detoxify? Hahaha! Alright! I’d like to see how you’re going to cure this incurable poison! I’m going to let the whole sect come and see you, a cripple, and that slut surnamed su make a joke of yourself!”

“Does she really think that she can recover and make a comeback? Keep dreaming!”

Zhao Yan sneered, her expression a little ferocious.

“Go! Inform the elders, and spread the news so that they can come to little Cold Peak to see the joke!” Then, she said to the few followers behind her.

“Yes!”

“Yes,” the few of them replied and turned into divine rays of light, flying in all directions of the great fate sect.

Meanwhile, Zhao Yan transformed into divine light and rushed up little Cold Peak.

In next to no time, little Cold Peak was in an uproar.

“Is young master Tang here to cure the poison?”

“It’s only been half a month!”

One after another, figures flew out of the cave abodes with surprised expressions.

Most of them had a good impression of young master Tang and respected him. However, they were not very optimistic about the bet.

This was because they all knew that this poison was impossible to cure. Even a nine tribulation Almighty and a Supreme Alchemist couldn’t cure it, so how could a young demon be able to? moreover, he had lost his cultivation, so it was even more impossible.

In their private discussions, they also felt that this was just a delaying tactic. Young master Tang had no intention of curing himself.

However, he did not expect that only half a month had passed, and this young master Tang had announced that he would go up the mountain to detoxify himself.

“What can he do? he doesn’t have any cultivation and can’t refine pills to cure this kind of poison!”

“I heard that he asked the peak Master for three million crystal stones. Maybe he went to buy some medicinal herbs!”

“Only three million? What can you buy?”

As they discussed, they couldn’t figure it out.

For ordinary cultivators, three million was a lot. However, it was not enough to cure this kind of ancient poison.

“He said he’s here for the antidote?”

On the top of Xiaohan peak, the meditating Red Cloud Sage heard the news and opened his eyes, a stunned expression on his face.

It had only been half a month, and he had only asked for three million Jingshi. What could he do?

“Let’s go and take a look!”

After a moment’s deliberation, she stood up, turned into a divine light, and flew toward the cave dwelling area on the mountainside.

“Young master Tang, you’re here?”

Su Xuezi and ye Siyao also heard the news and walked out of their cave abodes.

“Only half a month. Is this big liar reliable?” Ye Siyao mumbled.

Siyao, I believe in him!”

Su Xuezi looked in the direction of the stone steps, her beautiful eyes revealing a bit of anticipation and excitement.

This was probably her last chance in this life!

“Xue Zi, don’t get your hopes up!” Ye Siyao looked at her and sighed.

However, she was afraid that if she had too much hope, it would lead to greater disappointment, and in the end, she would not be able to bear it.

“I’m fine! I know! Even if he doesn’t succeed, it’s fine. I’ll still be very grateful to him. At least he’s sincerely helping me!” Su Xuezi bit her red lips and whispered, “if I succeed, I’ll ... I’ll be by his side forever and protect him!”

“What? His cultivation is now crippled. No matter how monstrous he was in the past, he has no future. If you recover, you’ll still be the number one fairy in our Nine Heavens regions. How can you follow him?”

Ye Siyao was stunned. For some reason, her heart trembled, and she felt a little flustered.

She hurriedly advised.

“So what if he’s lost his cultivation? I can protect him, I don’t mind! “Besides, that day ... He saw it. I saw it too the day I picked him up ...” Su Xuezi whispered.

As he spoke, his face became redder and redder, and his voice became softer and softer.

Ye Siyao’s eyes couldn’t help but Twitch.

F \* ck! What are you doing! We’ve already kissed!

Ah!

I don’t even like that big liar, why should I get involved!

“Xuexi, you’re not calm right now. Don’t make a decision yet. We’ll talk after he’s treated you.” Ye Siyao said.

“But ...”

Su Xuezi opened her mouth and was about to refute.

She was very serious!

She had thought about it many times over the past few days before she made this decision.

Even if he couldn’t be cured this time, she would still stay by his side.

“Look, it’s here! They’re here!”

At this moment, ye Siyao raised her hand and pointed at the stone steps. She shouted, interrupting her.

She looked up and saw a figure walking up the mountain road. He was dressed in white and had black hair, floating like an immortal.

She was stunned.

Plop! Plop!

Her heart suddenly began to beat faster.
