

## The Mightiest Little Peasant Chapter 2768

“Young master Tang, how is it?”

Su Xuezi couldn't help but ask when she saw that Tang Hao had not moved for a long time.

She furrowed her brows and was so nervous that her entire body was trembling.

She knew that the treatment was over.

She could feel that most of the poison in her body was gone. Moreover, she did not know why, but her physical body had undergone a huge change. It was as if she had been reborn. However, she was not sure if her face had recovered.

If there was still a bit of poison left and it couldn't be completely removed, what should he do?

Then she would still be as ugly as before!

“It's cured!”

Tang Hao said with a smile.

“Then my face ...?”

Su Xuezi said nervously.

“I've recovered!” Tang Hao said.

“Really?”

Hearing this, su Xuezi was startled, and then, she excitedly said.

She couldn't hold it in any longer. She opened her eyes and touched her face. When she touched that smooth and soft skin, she was stunned. Then, her hands began to tremble. She was extremely excited.

“Take a look!”

Tang Hao took a mirror from the side and placed it in front of her.

She looked into the mirror and was stunned again.

The face in the mirror was devastatingly beautiful and flawless.

Her face had really returned!

She just sat there and looked at herself in the mirror in a daze, as if she couldn't believe it.

After a long time, she raised her trembling hand and gently touched her cheek. Tears of joy welled up in her beautiful eyes.

Tang Hao smiled and turned around.

She only stopped sobbing after a while. She looked at Tang Hao beside her. Her fair, delicate face was completely red.

But very quickly, she felt a little relieved.

“I’ve already decided. No matter if he succeeds or not, I’ll be by his side. Now that he has succeeded, I’m his! What’s there to be shy about!”

She thought to herself.

When she looked at him again, her eyes were filled with joy, shyness, and shock.

In fact, she didn’t have much hope. After all, no one had ever cured this poison. She just came with the mentality of making a last resort in a dead horse. She didn’t expect that it would really succeed.

For the past ten thousand years, no one had been able to cure it. Even the nine tribulations Almightyies and the Supreme Alchemist were stumped by this strange poison, but young master Tang had solved it so easily!

Moreover, not only was the poison removed, she could feel that her physical body had undergone earth-shaking changes. It was as if her Constitution had changed. This ... Was truly unbelievable!

How did young master Tang do it?

Also, who was he? how could he have such shocking talent and such superb medical skills?

When he had first picked it up, he had asked what Star this was. It seemed that he had indeed come from another star, and his original identity was extremely extraordinary.

“Since he has lost his cultivation, he probably won’t go back! I can accompany him!”

She said to herself.

“Young master Tang!”

She got up, got dressed, and called out to him in a low voice.

Tang Hao was surprised when he turned around.

The beautiful woman in front of him had changed into a set of fine clothes, which highlighted her perfect figure. Her shoulders were slightly exposed, and she looked a little sexy. She no longer wore a veil, revealing her dream-like face that could topple cities.

At this moment, she was like a completely different person. Her face was radiant and her beauty was dazzling.

She smiled proudly when she saw that Tang Hao had given up.

“Is it good?”

She said.

“As expected of the number one fairy in the nine Heavens regions!”

“Amazing!” Tang Hao praised with a smile.

“This is all thanks to you, young master Tang!” She smiled. “Otherwise, I wouldn’t have been able to recover my looks.”

“It’s no trouble at all!”

“You don’t have to thank me!” Tang Hao said.

“How can I do that? of course, I have to thank you!” Su Xuezi said.

“No, let’s go out first! There are still many people waiting outside!” Tang Hao said with a smile.

“Oh! That’s right!”

Su Xuezi was taken aback. She nodded, then took the veil and put it on again before following Tang Hao out.

At this moment, it was extremely lively outside the cave abode.

Almost everyone from the great fate sect had arrived.

They were gathered in front of the cave dwelling and waiting.

“It’s been more than two hours, why hasn’t he come out yet?”

They looked at the entrance of the cave dwelling from time to time, waiting impatiently.

“Hmph! I guess he’s afraid of losing face and doesn’t dare to come out!”

A skinny old man in a golden Daoist robe sneered coldly.

He was the peak Master of one of the great fate sect’s five peaks, the Heavenly Star Peak. That Jiang Yun was his disciple.

“A mere cripple wants to cure this incurable poison? isn’t this a joke? Sect leader, when he comes out, let me kill him! He can’t cure the poison anyway, so it doesn’t matter if we kill him a few days earlier or later. If we kill him now, it will save him the trouble of running away!”

The peak Master of Tian Chen looked at the great fortune sect master and said.

“We agreed on a month. The sect leader’s words are like gold and Jade, how can we change it just like that?” Venerable Red Cloud said.

“Hmph! Red Cloud, are you trying to protect that cripple? Speaking of which, this matter is also your fault. If you didn’t take in that cripple at that time, how could such a thing happen, and my disciple wouldn’t be crippled!”

The peak Master of the heavenly dawn peak glared at him and shouted angrily.

“What does this have to do with me? it’s your disciple who’s too flamboyant and overbearing. Haven’t you heard of all the trouble he’s caused in the sect over the years? Not only did you not care, you even indulged him. You also have a huge responsibility for this!”

Venerable Red Cloud’s face turned cold as he rebuked.

“You ... I think you’re just trying to protect that cripple!” The peak Master of the heavenly dawn peak was furious, and his old face turned red.

“Aiya! What’s there to argue about? anyway, that kid can’t run away, so let him treat it. It’s like watching a monkey show, isn’t it quite interesting?”

At this moment, a flirtatious voice sounded.

Not far from Red Cloud Sage stood a red-robed figure. She was a beautiful and coquettish woman in her mid-20s. Zhao Yan was standing beside her. It was her master, Red Moon Daoist.

As she spoke, she narrowed her eyes and glanced at the entrance of the cave dwelling with a meaningful look on her face.

There was actually someone who wanted to cure this Demon Seed fetal poison, and it was a kid whose cultivation was completely crippled. It was truly interesting.

She really wanted to see the look of despair on that kid’s face when he came out. That would definitely be very interesting!

“Why isn’t he out yet? can that big liar do it?”

Ye Siyao stood beside venerable Red Cloud and kept looking at the door of the cave abode, waiting anxiously.

After a while, just as everyone was getting more and more impatient, the door of the cave dwelling shook and opened.

“It’s open!”

In an instant, everyone outside the cave looked over in unison.

When they saw the beautiful figure wearing a veil walking out, they all revealed an expression that they had expected it. They were not surprised at all.

This was within their expectations, and it was a normal result.

As for ye Siyao, venerable Red Cloud, and the others, their expressions changed slightly, and they looked a little disappointed.
