

The Mightiest Little Peasant Chapter 2772

Ye Siyao walked to the wooden house and sat down in front of the door.

“Didn’t I tell you that I’ll be leaving soon? I won’t stay in the great fate sect forever.” She said in a low voice.

“You’re talking about after the sixth tribulation!”

Tang Hao said as he sat down beside her.

“So that’s what I was planning. I’ll leave with xuexi, but the situation is different now. Xuexi has recovered and is now the number one successor disciple of the great fate sect. Her future is boundless. How is she going to leave?”

“So, she can’t go with me anymore. I can only go alone.”

“From now on, I’ll be alone!”

Ye Siyao said in a low voice, her voice a little choked.

Her beautiful eyes were misty.

“That’s why I want to leave now. I can go with you. We can elope. I won’t despise you, and I’ll still protect you in the future!”

She turned around and smiled at Tang Hao.

Her eyes were red, and it made one feel pity for her.

“You protect me!”

Tang Hao chuckled.

“What, are you looking down on me? Although I’m not as powerful as Xuezi, I’ll become more powerful in the future.” Ye Siyao snorted.

“Then ... You really don’t mind me?”

“I don’t have any cultivation now!” Tang Hao said.

“I don’t mind!” Ye Siyao said, “maybe at first, I didn’t like you, but later on, I felt that you’re not bad either. You’re a good person, but ... But you’re not a man!”

As she said that, her voice lowered, and her beautiful face blushed.

F * ck!

Tang Hao grinned and cursed in his heart.

“Believe it or not, I’ll let you see if I’m a man or not!”

“Bah! Hooligan!”

Ye Siyao glared at him, her face red.

“Actually, it’s fine even if you don’t have cultivation! It’s better if you don’t have cultivation!” She whispered again, “if you had cultivation, I would feel a little inferior. You are so talented, but I am so stupid. My talent is so bad that even my father doesn’t recognize me. Now we are a perfect match! Don’t you agree?”

Then, she smiled at Tang Hao.

“So, do you want to come with me?”

She looked at Tang Hao with a burning gaze.

Tang Hao looked at her and smiled.

This girl was a little silly, but silly to the point of being cute.

“Have you ever thought that if we elope, those elders and even your scumbag father will catch up with us? your father may not care about you, but how can he not care about the set of strange needles in my body?”

“In order to keep this a secret, they might even kill us.”

Tang Hao said.

“Ah?”

Ye Siyao was shocked when she heard this, and she immediately revealed a look of lingering fear. “That sounds reasonable, but what should we do?”

“Let’s take a look at the situation first!”

“There’s no rush,” Tang Hao said.

“That’s true. Once he runs away, they will chase after him. On the contrary, if he stays here, they won’t kill him.” Ye Siyao pondered for a moment and said in realization.

“What a pity, we can’t leave!”

Then, she was a little disappointed.

To think that she had just seriously considered how to elope and what she would do in the future, but in the end, she couldn't leave.

She didn't say anything more and looked up at the sky, feeling a little depressed.

From time to time, he would sigh.

"Al! Big liar, do you like Xuezi a little?"

Suddenly, she turned around and asked.

"No, I didn't! What's wrong?"

Tang Hao asked in surprise.

"Liar, you must like her a little. She's so beautiful, which man wouldn't like her? You don't know how many men pursued her in the past, and they were all geniuses, young masters, and so on. "

Ye Siyao snorted.

"Let me tell you, actually, Xuezi likes you a little too. She told me before that if you cure her, she'll be by your side forever."

"Is that so?"

"Yeah! However, now that she's recovered, it's impossible for her to keep you company even if she wanted to. The peak Master won't let her. She said that if she ever gets close to you in the future, she'll kick you out of the great fate sect. "

"So, in the future, if Xuezi is cold to you and ignores you, you can't blame her! She can't do anything!"

Ye Siyao said.

"Oh!"

Tang Hao nodded but did not say anything.

"You're not disappointed?"

Ye Siyao was surprised.

"What's there to be disappointed about?" Tang Hao said with a smile.

"You're quite open-minded. It's fine. I'll be by your side in the future and can even protect you. Here, my identity as the illegitimate daughter of the sect leader is quite useful. Most people don't dare to provoke me."

Ye Siyao laughed and even raised her hand to hit her chest hard.

That fiery curve instantly shook violently.

“Hooligan!”

She blushed when she saw Tang Hao looking at her, but she did not avoid his gaze.

“Ahem!”

Tang Hao’s face turned red.

She sat in front of the wooden house for a long time. It was almost sunset when she finally got up.

“I’ll come and see you tomorrow. With me around, they won’t easily touch you.” After saying this, she left.

Tang Hao was stunned for a moment as he watched her leave. He then laughed.

“Forget it, I’ll just stay for a few more days!”

He mumbled to himself and walked back to the wooden house. He sat down and continued to deduce.

At this moment, outside the great fate sect, a huge commotion was brewing.

“Did you guys hear? that su Xuezi from the great fate sect, that’s right, that Snow Fairy from before, the one who was poisoned by the demonic seed fetal poison, seems to have been cured!”

“What? Impossible! That’s the demon seed fetal poison, there’s no cure.”

“It’s true. I heard that he was cured by a disabled person. I don’t know where that disabled person came from, but he had a set of ancient celestial needles on him, which cured the poison in a short time!”

“Ancient ... Celestial needles?”

“Yeah! It’s known to be able to cure all the poisons in the world, and it’s extremely magical!”

Similar conversations were taking place in clarity city and many other sects.

Countless people were shocked!

It was said to be unsolvable and had stumped countless nine tribulations Almighties. The Supreme Alchemist’s demonic seed poison had actually been cured, and it was even done by a cripple. This was too unbelievable!

The so-called celestial needles had also attracted their attention.

If the poison was really cured, then the immortal needle was real.

Because, if it wasn't an immortal needle, how could it possibly detoxify a poison like the demon seed fetus poison? moreover, it was detoxified by a disabled person. This was enough to prove the magic of this set of needles.

Even a disabled person could use this set of needles to cure a poison like the demon seed fetal poison. If it wasn't immortal needles, what was it?

"That cripple, where did he come from?"

"I think this needle is going to fall into the hands of the great fate sect. What right did they have to possess such a rare treasure?! They are not worthy!"

In an instant, countless gazes from all directions turned to the great fate sect. Some were suspicious, some were greedy, and some were burning with desire.

There was also news that spread out in all directions in the night.

A storm was about to arrive.
