

The Mightiest Little Peasant Chapter 2808

In the sky above the Ji family, layers of light screens spread out.

Then, beams of divine light shot into the sky.

The patriarch of the Ji family led all the patriarchs to the front of the island and waited.

Their gazes were all cast into the distance.

There, a white-robed figure was approaching.

He walked over step by step, and with every step, his figure would sweep out a distance of 10000 feet, and in the blink of an eye, he was close.

“He really has an extraordinary temperament!”

When the elders of the Ji family saw this, they were all shocked by the white-robed divine ancestor’s temperament.

He was dressed in white and had black hair. He was as handsome as a fairy. This was the first time they had seen him with such an otherworldly temperament.

They found it hard to believe that such a gentle, kind, and amiable person was the ruthless man who had refined hundreds of thousands of evil cultivators in one furnace and killed the Devil Island master with his bare hands!

Just now, he had even swept through the four forces and flattened their mountain gates.

“The Ji family ... We’re really fated!”

The figure arrived in front of him, his eyes sweeping over as he spoke indifferently.

Everyone in the Ji family was shocked.

His tone didn’t seem to be very good. His Ji family had offended this person twice. Once was when they were hunting, and the other time was when they had followed other forces to seize ao Tian’s treasure.

This person must have a terrible impression of the Ji family.

“Please forgive me, divine ancestor!”

“Patriarch!” Patriarch Ji waved his sleeves and took a step forward. He knelt down and prostrated on the ground as he greeted respectfully.

“Please forgive me, divine ancestor!”

All the elders knelt down and called out in unison.

“Isn’t your Ji family very overbearing and powerful? What crime is there!”

Tang Hao smirked.

The Ji family’s patriarch trembled again and knelt even lower. “It’s my Ji family’s fault for being blind and offending the divine ancestor. Please punish us, divine ancestor. ”

Tang Hao glanced at the Ji family members coldly and said,“You’re quite smart to not come to Luosha Island to join in the fun. However, your Ji family and other forces captured that Daoist Ling Guang to track me. We’ll have to settle this matter!”

“Divine ancestor, we didn’t know it was you at that time and thought you were just an ordinary venerable sovereign. That’s why we offended you. As an apology, the Ji family is willing to offer all the treasures in our family.”

The patriarch of the Ji family stood up and presented a ring with both hands.

Tang Hao reached out and took it.

He opened it and looked at it. His expression did not change.

Just now, he had already visited the three treasure vaults of Devil Island, the righteous Alliance, and the demon Island, as well as more than twenty big and small forces of min Mountain Island. He no longer felt anything for the Ji family’s collection.

“Not good!”

The patriarch of the Ji family observed his expression and his heart sank.

This person’s expression didn’t change at all, so it was obvious that he didn’t care about the Ji family’s treasures.

That’s true!

He had just swept away countless treasures. Luosha Island had countless treasures, which was better than the Ji family.

The elders at the back stood up and took a look. They also became nervous.

The life and death of the Ji family were all in the hands of this man. If he was dissatisfied, he could make a move and the Ji family would be annihilated.

Ji Ruyin raised her head to look, and her brows furrowed.

Then, she bit her lips and her eyes revealed a determined look.

“Senior, my Ji clan still has a treasure. I’m sure you’ll be satisfied with it.”

She stood up and said.

“Oh?”

Tang Hao was surprised. He looked at her.

“Me!”

Ji Ruyin stood up and puffed out her chest proudly, further accentuating her exquisite, graceful, and voluptuous curves.

Her snow-white neck was slightly raised, and her face was exquisite and perfect, like a dream. There was also a Holy and cold temperament about her, like a lotus in the snow.

However, her figure was so graceful and alluring.

The two qualities were perfectly mixed together, making her even more attractive. She was a rare beauty.

Tang Hao furrowed his brows when he looked at it.

Of course, he had heard of this fairy from the Ji family. Everyone in the cloud Sea knew about her. It was said that she was extremely famous in the entire Azure meteor star. Not only was she a peerless beauty, but all the famous beauties on the Azure meteor star ranking were also peerless geniuses.

He had to admit that her looks were not bad, and she was of the highest grade.

However, he really wasn’t interested.

He had seen too many beautiful women. Putting aside sis Xiangyi and the others, just the likes of young master Li, Yushi, Xuan Mei, and the others were all better than her.

Even after he came to Cangliu and met lady Su and little Ye, he was not inferior at all.

Ji Ruyin was stunned when she noticed Tang Hao’s furrowed brows and his expression.

Her body also froze.

From his expression, he didn’t seem to be interested in her at all. But how was that possible?

Wasn’t he a man?

Even the divine ancestor had seven emotions and six desires!

The elders of the Ji family were also stunned.

At first, they were a little reluctant to let her give herself up, but they never expected that this divine ancestor was not interested at all!

Gradually, their expressions turned strange.

“Maybe she has seen too many beautiful women, so she is like this!”

Ji Ruyin said to herself.

This kind of divine ancestor had a very noble status. As long as he wanted to, there would naturally be countless female cultivators willing to serve him.

“Senior, my daughter ru Yin is less than a hundred years old, but she’s already ascended to the great emperor realm. Her talent is considered top-notch, and she’s also a pure and innocent woman. If senior is willing, my daughter is willing to serve by senior’s side.”

Ji Ruyin said coyly as she bowed.

“No need!”

Tang Hao said indifferently as he waved his hand.

He didn’t want such a burden. She was useless.

Ji Ruyin’s delicate body stiffened again, and her face froze. Her heart sank and turned cold.

This senior had actually rejected him without any hesitation?

Could it be that in senior’s eyes, she didn’t have the slightest bit of charm, or even use?

The Ji family’s patriarch had a strange expression on his face, but his heart sank.

If he didn’t even want such a big gift, then what did he want?

Did he have to destroy his Ji family?

He looked up and was in despair.

“I don’t want this person, but I want the entire Ji family!” Tang Hao said in a deep voice as he looked at the Ji family’s patriarch.

In an instant, everyone from the Ji family trembled and their faces turned pale.

He wanted their entire clan?

Wasn’t this the same as exterminating his Ji family?

Many elders 'bodies swayed and they almost fell down.

“Senior, are you saying that you want my Ji family to submit to you?”

Only the patriarch of the Ji family understood the meaning behind his words.

If he wanted to kill them, he would have done so long ago. He could exterminate their entire clan with a wave of his hand. However, he didn't do so. Instead, he spoke to them for so long. Clearly, he had a purpose.

By saying that he wanted their entire clan, he was trying to take over the Ji family!
