

The Mightiest Little Peasant Chapter 2819

“What’s wrong?”

Tang Hao said indifferently as he looked at the dumbfounded Ji juechen.

“It’s ... It’s nothing!”

Only then did Ji juechen come back to his senses, his mind filled with shock.

This person’s tone didn’t sound like he was joking, but he still couldn’t believe it. How terrifying was a force that could use nine tribulations as maids?

Even the Daluo heavenly Palace was not so extravagant!

“Is there anything else you need? If there’s nothing else, take the two of them out so they can transcend their tribulation earlier.” Tang Hao said.

“Yes! Holy ancestor!”

Ji juechen replied, “Oh! By the way, holy ancestor, what was that divine light last night ...? That divine light directly shot up into the clouds. It’s quite eye-catching, and many forces in the four directions have noticed it. It may cause some discussion.”

“That’s the aotian treasure!”

Tang Hao said.

“Aotian’s treasure?” Ji juechen was stunned.

“That’s right. It’s the resonance caused by the seven treasures.” Tang Hao said.

“The treasure has been opened?”

Ji juechen asked in shock.

Since the Seven Keys resonated, the treasure must have been opened.

“I’ve already gotten it!”

Tang Hao nodded. “Right, take care of all these things. Change them all into crystal stones.” As he said that, he threw out a ring.

“Aotian Emperor’s treasure ... You got it?”

Ji juechen’s expression became even more aghast.

In his heart, there were waves of shock, but he was extremely shocked.

The other six keys had all fallen into the hands of the superpowers, yet this person had managed to snatch the emperor's treasure by himself. He was simply too powerful.

Ji chunxuan and Ji Qiuci, who were standing beside him, were also shocked.

"Alright, you may leave! You should know how to deal with the discussions outside!" Tang Hao waved his hand again.

"Yes, divine ancestor!"

Ji juechen took the ring and bowed. He beckoned to the two girls and walked out.

He carried the two girls and flew for a distance before he stopped and heaved a sigh of relief.

His mind had been shaken again and again by the Holy ancestor just now, and it was really difficult for him to calm down.

Now, he felt a little better.

"Take a look, what's inside!"

He turned around and said to the two girls.

"So much spiritual essence, so many pills ..."

"There are also many tribulation artifacts, all of which are wood-type!"

The two girls opened it and exclaimed in surprise.

"So many ... The divine ancestor was right. Hurry up and you can transcend your tribulation tonight!" When Ji juechen took it and read it, he was stunned. Then, he let out a long sigh.

The divine ancestor was right.

Most of the things inside were elixirs of extremely high quality. They were obviously from the great sovereign's treasure. These elixirs were absorbed very quickly. One day was enough for them to reach 10000 blood.

After all, they were all talented.

"Really?"

"That's great!"

The two girls were so excited that their faces turned red. They were extremely happy.

It would've taken them at least a few decades to reach the great emperor realm, but now, they could do it in a day.

They took back the Rings and held them in their hands. They still had a surreal feeling.

He could break through to great emperor in a day!

It sounded like a dream.

"You guys ... Are so lucky!" Ji juechen looked at them deeply and sighed. "This divine ancestor must have a shocking background. Just by casually throwing out a few things, it's enough for you to reach the great emperor realm, saving you decades of bitter cultivation."

"Follow him and serve him well. Perhaps there will be greater opportunities waiting for you. Didn't you hear him say that you can only be qualified to follow him after the ninth tribulation?"

Hearing this, the two women's delicate bodies trembled, and their faces were filled with disbelief.

"You mean, we really have a chance to reach the nine tribulations?"

Ji chunxuan said in shock.

Ji juechen's expression turned serious as he nodded.

"This ... This is impossible!"

The two girls were in disbelief.

Advancing to the 9th tribulation was extremely difficult. Not only did one have to open nine immortal apertures, they also had to cultivate a true spirit that was 10000 feet tall. This ancestor of theirs had already cultivated for 1000 to 2000 years, but she had not even reached the 9th tribulation!

"Why is it impossible?"

Ji juechen shook his head and laughed bitterly. "You guys are too narrow-minded. There are some people in this world who have magical powers and methods that you can't even imagine. You must seize this opportunity!"

The two women stood there, both somewhat absent-minded.

"Oh right! The great Emperor's treasure. There must be news about the treasure in the cloud continent and the Thunder continent. Maybe we can find out how this person got it. "

Suddenly, Ji juechen's mind flickered.

The appearance of the emperor's treasure would definitely cause a sensation. Perhaps the cloud continent and Thunder continent were already boiling.

He shot out a few spirit lights and waited in place.

About 15 minutes later, some spiritual lights returned.

“So fast?” Ji juechen was stunned.

Even though the Ji family had eyes and ears all over the cloud Sea, cloud continent, and even the coastal areas of Leizhou, this news had spread far too quickly.

The incident had just happened last night, and it would definitely take a day or two for it to spread throughout Yunzhou and Leizhou. Even when the Ji family used their connections to investigate, it would still take several hours before they could send back the news through a treasure.

There was only one possibility for the news to be so fast. It had already reached the coast.

The speed at which the news spread was too fast!

It was unbelievable!

“What? This ... How is this possible?”

When he opened the Jade talisman, his body trembled as if he had suffered a heavy blow.

His hand trembled and he almost dropped the Jade talisman.

The news Inside was too shocking!

No wonder!

That person had actually said so casually that they needed to pass the ninth tribulation before they were qualified to follow him.

These words were not false at all!

A 90-year-old divine ancestor naturally had this right.

His origin was even more terrifying than he had guessed!

Just now, he had guessed that this person might be from the Daluo heavenly Palace or a force of similar level. She had an extremely noble status and was a Dao integration or even more powerful peak old monster. That was why she could use a nine tribulations as a maid.

But now, it seemed that this was not the case. This person’s origin was probably even more powerful than the Daluo heavenly Palace. He could not imagine it at all.

“The divine ancestor ... Is only in his nineties?”

The two girls caught the Jade talismans he threw and looked at them. They were dumbfounded and even more shocked.

They thought that he was a thousand-year-old monster, but in the end, he was only a few years older than them and had not even broken through a hundred years.

This was too unbelievable and crazy!

They had never heard of such a heaven-defying person in the world!

“I’m a little regretful that I gave you this opportunity.” Ji juechen looked at them and sighed.

Ru Yin had offered to serve this man before, but he was still reluctant to do so. In his eyes, ru Yin would be the leader of the Ji family in the future. Her position was very important, so he chose these two sisters.

But now, he was a little regretful.

“You know what to do in the future! Don’t miss out on this world-shaking opportunity!”

Ji juechen looked at them and sighed.

“Don’t worry, patriarch. We’ll do our best to serve the divine ancestor!”

Ji chunxuan and Ji Qiuci immediately bowed.

Their voices trembled, but they were extremely excited.
