

## The Mightiest Little Peasant Chapter 2822

In the Western part of Wu Zhou, there was a power called hidden Sword Mountain.

The sect master's name was the sword-hiding spiritual master. He was an expert at the true spirit stage and had cultivated for almost two thousand years.

"Hahaha! We're quite lucky this time to have snatched two nine tribulations weapons. These aren't ordinary nine tribulations weapons, they came from the cave abodes of true immortals."

Suddenly, on the main peak of the Hidden Sword Mountain, there was a ripple in the void, and a figure walked out.

It was the immortal sword-hiding.

He laughed out loud, his face filled with joy.

"Congratulations to the sect leader for obtaining the treasure and returning in victory!"

Below, when the group of elders saw this, they immediately knelt down and began to flatter.

"Hahaha!"

Sword-hiding immortal smiled complacently, feeling very pleased with himself.

"I got something from this trip, but it doesn't seem to be of much use. Come, Grandmaster ye, I'll refine some small things for your vessel Meridian!"

He landed and spoke to an old man in a flaming robe.

This old man was the master of craftsmanship in the Hidden Sword Mountain, and he was in charge of the craftsmanship.

As he spoke, he flicked his sleeve and took out all the soul crystals he had obtained.

"This is ... A soul crystal?" Grandmaster ye took a look and immediately recognized it.

"That's right! It was originally a huge piece, about ten meters high, but when we were fighting for it, it was accidentally shattered!" Sword-hiding Taoist said.

"What a pity!"

Grandmaster ye said with a face full of regret.

Soul crystals were rare and expensive materials.

“Eh? This crystal ..... Something is wrong!” Just as he was about to put it away, his eyes froze and then revealed a strong look of doubt.

“What’s wrong?”

The sword-hiding immortal was surprised.

“This crystal seems to have been refined ...” Grandmaster ye muttered, pinching a crystal in his hand. The next moment, his body went soft and he suddenly fell down.

“What’s going on?”

All the elders were shocked.

The enlightened sword-hiding was also shocked. He rushed forward to check, and his face became extremely serious. “His primordial spirit ... Is gone!”

As he spoke, he looked at the crystal in Grandmaster’s hand.

It must have been this thing that had sucked away his primordial spirit.

“Then what should we do?”

The four elders were shocked. They looked at the crystal with fear in their eyes.

It must be an extremely powerful evil weapon to be able to suck away the primordial spirit of an eight-tribulation venerable Emperor at once.

“Don’t touch me. I’m at the true spirit stage and my soul is very strong. I can split a part of my soul and see if I can save Grandmaster ye!” The immortal sword-hiding picked up the crystal and immersed a trace of his spiritual soul into it.

However, the next moment, his expression changed.

A terrifying suction force suddenly came from the crystal. Even though his true spirit was already 80000 to 90000 feet tall, he still couldn’t resist it, and his entire divine soul was sucked in.

Then, the world started to spin.

“Eh? What was this place? Is it the space in the crystal?”

When he woke up, he saw that he was in a chaotic space with nothingness in all directions. He was floating upwards, and a suction force was pulling him up.

Soon, a Pavilion appeared above them.

There was also a tablet in front of the pavilion. It looked extremely ancient, as if it was a product of the prehistoric era.

On the tablet, there were three big words.

“Spiritual void realm?”

He floated to a spot not far from the monolith and looked at it carefully. He recognized it.

“What is the spiritual void realm? Also, why is there a Pavilion here, and there’s actually a path that leads to this spiritual void realm?” He looked around and was even more confused.

Everything in front of him was so strange.

Moreover, he did not see master ye at all in this void.

It was likely that Grandmaster ye had already followed this path and walked forward.

“Do you want to go in?”

He looked at the road in front of him and hesitated.

Everything in front of him was too strange, and he was a little afraid.

He hesitated for a moment, but his face still revealed a determined expression.

To be able to cultivate to the true spirit realm and even create a sect to develop and grow, he was naturally not an ordinary person. He had great courage and decided to go in and see what was going on in the spiritual void realm.

After walking along the path for a while, the void suddenly changed. He seemed to have stepped on air and fell down.

Plop!

With a muffled sound, he fell to the ground.

“This ... This place is?”

He subconsciously looked up and was stunned.

In front of him was an extremely real world. The blue sky, white clouds, and the breeze were all extremely real. He could even feel the feeling of the wind gently caressing his skin.

“This ... How is this possible?”

He raised his hand to take a look, then pinched himself, and was stunned.

His eyes were wide open in disbelief.

Everything that was happening before his eyes was simply too unbelievable!

He had clearly come in as a spirit, but now, it was as if he had come in person. He had all the touch of a physical body. Moreover, this world was extremely real, no different from the outside world.

“What kind of world is this?”

He was a little confused and couldn't figure it out.

After sitting for a while, he stood up and was ready to walk around to see what was going on in this world and find Grandmaster ye.

“Is this a village? Why was it all made of yellow mud? it was too simple! However, it looks quite ancient and has a primitive aura.” He walked forward and looked around.

“Grandmaster ye!”

After walking for a while, he saw a square in front of him. A figure was standing there, looking up at something.

He called out and hurriedly walked forward.

But the figure ignored him, as if he had not heard him.

When he got closer, he found that Grandmaster ye's expression was a little strange. His whole body was trembling as if he was excited. His eyes were even shining, looking a little crazy.

“What's all this about!”

He also looked up.

It was a wall with small golden characters written on it.

“The law of the spiritual void realm? Let me see ... What? This is a soul world. Was it created by imitating the great void realm of the ancient great void God? As long as you have the key, you can enter this world ...”

“If you die in this world, you won't really die, nor will you be injured. It's just that your soul will be weakened for a short while.”

“Hunting ferocious beasts, collecting all kinds of fragments, and exchanging for all kinds of treasures?”

“This ... This must be fake! Even the inheritance of a true immortal can be exchanged? This is too ridiculous!”

As he read on, his mouth gradually opened wide. He was shocked beyond words by the contents.

If what was written on it was true, then it was too magical and unbelievable!

How could there be such a magical world in this world?

And what kind of person could create such a world?

“It’s true, it’s all true! This must be a world created by a true immortal. We can’t imagine his divine power. He might be a perfected golden immortal, or an even more terrifying Immortal King. ”

“Only such a powerful being could create such a magical world.”

“Sect master, this is a discovery that will shake the entire starry sky! The existence of this world will definitely shock everyone in this world ... Those crystals are the keys, they are rare treasures!”

Master ye turned around and said excitedly, his expression fanatical.
