

The Mightiest Little Peasant Chapter 2825

In the attic of the Ji family.

Tang Hao opened his eyes.

He had just returned from the spiritual void realm.

At this moment, it had already been 20 days since he left for Wu Zhou, and it had been half a month since the opening of the spiritual void realm.

In the past half a month, more and more people had entered the spiritual void realm.

And in the outside world, the existence of the spiritual void realm had also spread, causing a sensation in the nine great continents and triggering a crazy situation. Countless forces rushed to the fog continent and fiercely fought for the remaining keys.

Tang Hao was not surprised at all.

He knew that the cultivation techniques here weren't very good. The reason why there were so many great emperors and ninth tribulations here was because of the good cultivation environment, abundant immortal Qi, and abundant resources.

In terms of cultivation techniques, they were no match for Pangu and the Saint realm.

Even if the inheritance of an ordinary true immortal was thrown onto this planet, it would cause a crazy fight, let alone the inheritance of a perfected golden immortal or even an Immortal King.

The people who entered the spiritual void realm now were all from the major forces, and they were all aiming for the inheritance of the true immortal.

And in the future, when more people entered, the other functions of the spiritual void realm would slowly be discovered.

Enlightenment, making friends, sparring, even dating and cheating ...

At that time, the status of the spiritual void realm would be perfected, and it would become a true Second World, so that these people would never be able to leave.

He could do many things with this world.

For example, collecting spiritual essence.

On this Azure meteor, there were many experts at the 9th tribulation and many at the true spirit stage. These people could all be used by him through the spiritual illusionary realm to collect spiritual essence.

This way, he didn't need to run around and painstakingly hunt fierce beasts.

Through this spiritual illusionary realm, he already had the ability to influence the entire vast shooting star.

“Let’s wait! I’ll start after more people and all the superpowers have gone in ...”

He muttered and stood up.

With a wave of his sleeve, he put away all the restrictions and formations, opened the door, and walked out.

“Holy ancestor!”

Very quickly, two beautiful figures flew out from a nearby building and knelt down in front of them. It was the sisters, Chun Xuan and Qiu Ci.

They’d changed quite a bit after reaching great emperor, and their auras had become even more striking.

Compared to the fairy of the Ji family, she was not inferior.

One of them was wearing a white chiffon dress and looked gentle and beautiful, while the other was wearing a black chiffon dress and had a charming temperament. Under the contrast of each other, the two temperaments were strongly highlighted, making people’s eyes light up and extremely pleasing to the eye.

Tang Hao could not help but take a few more glances.

“Divine ancestor, do you have any orders?”

Ji chunxuan said respectfully.

She raised her head to look at the man in front of her. Her beautiful eyes were shining with a bright light.

The first time she had served this person, she had felt more respect and apprehension because she felt that he was an old monster that had lived for thousands of years.

But who would have thought that this was actually a young man less than a hundred years old, only a few years older than the two sisters.

Now, her heart was filled with admiration and curiosity.

What kind of force could cultivate such a powerful figure with such an outstanding temperament?

Looking at his handsome face, she was a little dazed for a moment.

“Nothing much, I just came out for a walk!”

Tang Hao said.

“It’s time to go! Divine ancestor, you’ve been in seclusion for almost forty days!” His sister, Ji Qiuci, smiled.

Her pair of long, narrow, and charming Phoenix eyes were also fixed in front of her, and the light in her eyes was a little hot.

“Where’s Ji juechen?”

Tang Hao said as he looked around.

“The old ancestor went to Wu Zhou. Recently, there’s something called the spiritual void realm, and it’s making the outside world very lively. It’s said that this world is very magical, and there are many treasures inside!” Ji Chunyuan said.

“Yeah! I heard that it’s very interesting, and everyone’s talking about it.” Ji Qiuci said, “the key to enter the spiritual void realm is in Wu Zhou. Many forces have gone there, and the patriarch also wants to buy a key.”

“Sister ru Yin also went with him!”

Ji chunxuan continued.

“I see!”

Tang Hao said, surprised.

“Divine ancestor, why are you looking for me?”

“I’m fine! Let’s just go!” Tang Hao waved his hand and smiled.

The ethereal spirit realm was so mysterious that Ji juechen would never have thought that he was the one who had refined it. He probably wouldn’t even have suspected it, because soul crystals were quite common in this realm.

Moreover, even if he was suspicious, it wouldn’t matter. He had already planted a soul in Ji juechen’s soul, so he definitely wouldn’t do anything to harm him.

“You guys follow me to the sea!”

Tang Hao said as he looked at the two sisters.

The cultivation of these two people was still a little too low.

“Yes, divine ancestor!”

The two girls immediately stood up.

“Divine ancestor, let’s sit on this!” Ji chunxuan raised her hand and summoned a large warship.

“Alright!”

Tang Hao nodded and boarded the ship.

The two women followed him onto the ship and stood by his side.

After leaving the Ji family, the ship opened its light screen and sailed into the deep sea.

He used his divine eyes to scan the surroundings and found many fierce beasts. There was not a single 8th tribulation beast, but there were still many 7th tribulation beasts.

With a flash of golden light above his head, his true spirits rushed out and grabbed the divine furnace. Then, they rushed out and began to hunt these seventh tribulation beasts.

In the face of a nine tribulations true spirit, these ferocious beasts were no match for it. They were easily suppressed and then taken into the furnace to be refined.

The group of true spirits brought the divine furnace and pushed forward. They stopped when they saw the seventh tribulation.

The seventh tribulation beasts were kept into the furnace by them.

Soon, the four sides of the sea were in an uproar. All the beasts were shocked.

It’s this great beast of the human race again!

Last time, he had almost killed all the eighth tribulation Transcenders in this Sea region. The remaining ones had also packed up their belongings and left for other Sea regions. Now, not a single eighth tribulation Transcender could be seen in the cloud Sea.

What was even more terrifying was that from the beginning to the end, the cloud sea’s Guardian did not appear.

This also showed how terrifying this great evil of the human race was.

Now, this great beast had actually come again. This time, he had his eyes on the seventh tribulation. Was he going to kill all the beasts in his Cloud Sea?

This was too brutal!

Their hearts were filled with fear as they came out of their nests and began to flee again.

On Tang Hao’s side, after refining a large number of seventh tribulation beasts, a true spirit brought back a divine furnace. There was already a lot of golden divine liquid inside.

“You guys refine it!”

Tang Hao extracted the divine liquid, divided it into two, and presented it to them.

“This is ... For us?”

The two girls were stunned.

They could naturally feel that this golden liquid contained a shocking amount of energy, enough for them to open one or two immortal apertures, and because of this, they were in disbelief.

“Refine it!”

Tang Hao said indifferently. His divine eyes were still scanning the surroundings, paying attention to every corner of this Sea region.

On this trip, in addition to improving the cultivation of these two sisters, he also wanted to find out the traces of the legendary nine tribulations beast.

The flesh and blood of a nine tribulation beast was comparable to several nine tribulations of the human race. He didn't want to miss this opportunity.
