

The Mightiest Little Peasant Chapter 2830

Tang Hao once again entered the spiritual void realm.

The lottery continued.

However, most of the ninth tribulation forces had already drawn lots, and now they were all eighth tribulation forces.

And in this chaotic space, a large amount of spiritual essence had already been accumulated.

“So many!”

He was a little surprised. He really didn't expect that he would be able to collect so many spiritual essences this time. It completely exceeded his expectations. It seemed that this star was even richer than he had expected.

He took out the spiritual essence and used the divine fire to refine it.

Then, he took out a batch of Jade bottles and stored them.

He had completely recovered and had no use for these spiritual essences. He was going to save them and give them to the disciples of the training hall when he returned to the Holy region.

As there were too many forces, the lucky draw lasted for several days.

In the past few days, the spiritual void realm had been a lively scene.

Everyone was watching, and every time a dark gold or ancient scripture appeared, it would cause a commotion and attract countless envious gazes.

And this excitement had also spread in the real world.

The crowd was in a heated discussion, and they looked forward to this magical world even more.

They all wanted to go up and see such a magical world.

However, the helpless thing was that the keys were now in the hands of some major forces. They had no fate with the small and medium-sized forces, as well as the individual cultivators. They could only listen to the news from the spiritual void realm to satisfy their hunger.

When the lucky draw ended, Tang Hao refined all the spiritual essences into divine liquid and stored them away.

“It's time to refine the immortal ring!”

The refining of the spiritual void realm was a success, and the follow-up maintenance only needed to be handed over to the real spirit. He himself was free, and it was time to think about it and design the immortal ring's refining diagram first.

He had a lot of ideas on how to make an immortal ring. Not only did it need a large space, but it also needed a strong defensive function.

He pondered for a while and began to design.

"I'm back ... I wonder if I got the key?"

One day, Tang Hao was designing a formation when he suddenly sensed a few beams of divine light approaching. The one leading them was the patriarch of the Ji family, Ji juechen.

Behind him was a beautiful woman.

The water blue dress she was wearing couldn't hide her graceful body, and it highlighted her shocking curves.

As she moved, her skirt fluttered, revealing a pair of slender, smooth, Jade-like legs. They were well-proportioned and fair, just the perfect pair.

Her face was cold and beautiful, Holy and dreamy.

Behind them were a few elders of the Ji family, all of whom were at the true spirit realm.

When they arrived, the group of people landed.

Ji juechen bowed and respectfully greeted, "Divine ancestor, Jue Chen requests an audience. I wonder if divine ancestor is free?"

"Come in!"

Tang Hao flicked his sleeve and opened the door.

"Greetings, divine ancestor!"

The group of people bowed again.

When she got up and saw the white-robed figure sitting in the room, Ji Ruyin's eyes immediately narrowed and she was a little stunned.

Then, she furrowed her brows and her beautiful eyes dimmed.

"Divine ancestor ..."

Ji juechen called out and was about to step into the room.

At this moment, two beams of divine light shot out from the attic at the side and turned into two beautiful figures. One was dressed in black and the other in white. Both of them were beautiful and moving. They were the sisters, Chun Xuan and Qiu Ci.

“It’s you guys!”

Ji juechen glanced over and nodded.

Then, he continued to walk into the room.

However, he suddenly stopped and turned around to look at the sisters. In the next moment, his eyes widened in disbelief.

“You guys ... Your aura ...”

He raised his hand, pointed at them, and shouted in shock.

“This aura ... How is this possible?”

The few elders also looked and were extremely shocked. They couldn’t help but exclaim.

The aura of these two people was actually nine apertures!

But how was that possible?

Before they went to Wuzhou, the two sisters had just advanced to the great emperor realm a few days ago. When they came back from Wuzhou, they had already opened nine apertures?

This speed was too fast!

Ji Ruyin was also stunned.

She turned her head again and looked at the figure in the room.

She didn’t need to think to know that it was this person’s doing.

She pursed her lips and felt a little upset.

This pair of sisters had only been at the middle stage of the seven tribulations realm before, far inferior to her. However, only a few days had passed, and their cultivation had already far surpassed her. This made it difficult for her to accept for a moment.

“Ancestor, we have received the divine ancestor’s blessing and have opened nine acupores. We will enter the true spirit stage soon!”

Chun Xuan and Qiu Ci bowed and said.

Ji juechen looked at the two of them, his heart filled with shock.

In just a few days, the two of them had soared from one aperture to nine apertures. They also said that they were about to enter the true spirit realm, which meant that the divine ancestor had given them the true spirit cultivation method.

Perhaps in a few days, they would really be able to cultivate their true spirits!

This kind of method and divine power was too shocking!

“You’re all 8th tribulation experts, so you don’t need to bow!”

He came back to his senses and waved at them with a smile. “Also, you don’t have to call me patriarch anymore. From now on, you don’t belong to the Ji family.”

“Old ancestor, you ...”

The two women were startled, and their expressions changed slightly.

“Don’t worry, I’m not driving you away. In the future, you’ll leave the Ji family and follow the divine ancestor in peace. Think about it, the divine ancestor has treated you so well, shouldn’t you follow him?” Ji juechen laughed.

Then, he looked into the room and said respectfully, “divine ancestor, what do you think?”

“Alright!”

Tang Hao nodded.

This pair of sisters was not bad. If they were trained, they would be of great use in the future.

“Hurry up and thank the divine ancestor!”

Ji juechen hurriedly said to the two girls.

“Many thanks, divine ancestor!”

The two girls immediately bowed, somewhat excited.

Previously, they were still part of the Ji family. Now, they were truly part of the divine ancestor.

Ji Ruyin watched from the side, her brows furrowed, and she felt even more upset.

She actually envied this pair of sisters.

To be able to accompany a peerless figure like the divine ancestor was an opportunity that many people dreamed of!

“Alright, I’m done!”

Tang Hao waved at the two sisters, then turned to Ji juechen.””I heard the two sisters say that you went to Wu Zhou?”

“Yes, holy ancestor! I believe you’ve heard them talk about the magical spiritual void realm! We were there to buy the key, but unfortunately, we didn’t manage to get it. ”

Ji juechen said.

“You can’t even buy one?” Tang Hao was surprised.

He had thrown in quite a number of keys, at least tens of thousands, and they were all used up so quickly?

Ji juechen smiled wryly.”Divine ancestor, you don’t know how fierce the competition is over there. Many forces are fighting for a key, but there’s still a chance. In a few days, there will be an auction. I heard that there will be many keys for sale. I’m planning to go and take a look. With the Ji family’s wealth, it shouldn’t be a problem to buy one.”

“An auction?”

Tang Hao’s expression changed when he heard that.
