

The Mightiest Little Peasant Chapter 2831

“This auction is held by the four treasures Chamber of Commerce!”

Ji juechen nodded and said, “it was originally held once a year, but it was brought forward because of this incident. Many forces don’t know who they’re selling the keys to, so they’re throwing them to the Chamber of Commerce for auction. Therefore, there will be a lot of them by then.”

“Are there any other treasures?”

Tang Hao said.

He had no interest in the key.

“There are!”

Ji juechen said, “I heard that there are many treasures this time. There’s even a rare treasure like a star Crystal core!”

Tang Hao’s expression changed when he heard that.

Star Crystal core!

This was good stuff!

Supreme-grade divine material!

Some celestial artifacts would even use high-grade Star Crystal cores.

He had also obtained a few pieces from the emperor’s treasure, but their grades were not very high.

“What’s the grade?”

Tang Hao asked.

“I heard it’s quite high. It’s the best treasure in this auction.” “Holy ancestor,” Ji juechen said. “Are you interested in this crystal core? How about this, I’ll ask ru Yin to go with you in a few days.”

“Alright!”

Tang Hao glanced at Ji Ruyin, then nodded.

Ji Ruyin was stunned for a moment before she came back to her senses and bowed. “Divine ancestor, I’ll come and pick you up in a few days!”

After she finished speaking, she looked up and swept a glance in front of her, and a touch of joy emerged in her eyes.

She was even more excited.

“These things are for your Ji family!”

Tang Hao looked at Ji juechen. He flicked his sleeve, and a few Jade bottles and crystal balls flew out.

“Divine ancestor, What is this?”

Ji juechen received it and asked in surprise.

“The Jade bottle contains a divine liquid that contains shocking spiritual essence. It can easily open an immortal aperture. The crystal ball contains the soul of an 8th tribulation beast, which is enough for your Ji clan to pay a few hundred thousand feet.” Tang Hao said.

Ji juechen was stunned, and the hand holding the treasure began to tremble.

“Many thanks for holy ancestor’s grace!”

He immediately knelt down, prostrated himself, and shouted excitedly.

The few elders behind him were stunned for a moment, then followed suit and knelt down. Their expressions were all extremely excited.

Ji Ruyin was also stunned by this method.

When she came back to her senses, she also knelt down and thanked him.

“The divine ancestor is truly extraordinary!”

After they stood up and left the pavilion, the group of them finally recovered and heaved a heavy sigh of relief.

“That’s right. The divine ancestor is a heaven-defying figure. This is just a small trick for the divine ancestor!” Ji juechen stroked his long beard and laughed heartily. He was incomparably delighted.

With these treasures, the Ji family would have more nine apertures venerable sovereigns and a few hundred thousand feet tall ones. Their strength would increase by several times.

“Ru Yin, you can have this bottle! Hurry up and swallow it so you can reach the nine acupores. ”

He glanced at Ji Ruyin, took out a Jade bottle, and handed it over.

“Yes, ancestor!”

Ji Ruyin took the Jade bottle and held it tightly in her hand.

“You don’t have to be envious of chunxuan. It’s the sisters! Fate to be able to follow the divine ancestor! You can have your own fate too. I’m arranging for you to go to the auction with the divine ancestor!!

“There are some things that you have to fight for yourself!”

Ji juechen said meaningfully.

He had been through this before, so how could he not see that his genius already had a trace of affection for the divine ancestor?

This was very normal. The divine ancestor’s talent was so monstrous, and his demeanor was so peerless. There were few women in the world who could resist his charm.

“If you can get it, then work hard. If you can’t, then don’t be so stubborn. A figure like the divine ancestor is too dazzling. He might not be someone we can get close to. If we force it, we’ll only hurt ourselves.”

He said again, his tone somewhat heavy.

He knew very well that in the eyes of a peerless figure like the divine ancestor, the Ji family was just a small family. The difference in status between them was too great.

“I know!”

Ji Ruyin responded in a low voice.

She sighed in her heart.

How could she not know this? however, she simply could not control herself. Just as the elder ancestor had said, he was too dazzling and attracted her intensely. She could not forget him, even to the point of being engraved in her heart.

“It’s good you know! Let’s go back!”

Ji juechen smiled and waved at her.

“Yes,” she replied and looked at the pavilion in the distance again. Then, she sighed and turned to leave.

In the building, Tang Hao waved his hand, telling the two sisters to go back to their cultivation. He closed his door and continued to design formations.

He had decided that if it was a high-grade Star Crystal core, he would buy it.

If a part of a Star Crystal nucleus was integrated into a ring, it would undoubtedly greatly increase the grade of the ring and its power.

“Right, cut the crystal core into diamonds and embed them into the ring. Then, use all kinds of top-grade divine materials and fuse them with the hollow true gold to forge the ring body. This will be perfect!”

Suddenly, an idea came to his mind.

“I’ll refine it like this!”

He immediately took out a few pieces of paper and started to design the style and re-plan the array glyphs.

Three days later, Ji Ruyin arrived.

The aura on her body indicated that she had already opened nine apertures.

“Not bad!”

Tang Hao walked out of the door and glanced at her. “These are some true spirit cultivation methods. Take a look and choose one!” As he spoke, he took out a few Jade slips and threw them over.

“Many thanks, divine ancestor!”

Ji Ruyin received it and was a little excited.

Her delicate and beautiful face was a little red.

She picked and chose one of them.

“Let’s go!”

Tang Hao said as he retrieved the remaining Jade slips.

“Chunxuan, where are Qiu Ci and the others?” Ji Ruyin was stunned and turned to look at the building.

“They’re in seclusion, refining their true spirits!” Tang Hao said.

“Oh!”

“Yes,” Ji Ruyin responded, and her eyes immediately lit up with joy.

If the two sisters didn’t come, she and the divine ancestor would be the only ones on this trip.

“Divine ancestor, let’s sit on this! This is a top-grade flowing cloud shuttle!” She flicked her sleeve, and a spiritual light flew out. It turned into a small silver boat in front of her, just enough for two or three people to sit.

“Alright!”

Tang Hao nodded. He tapped the ground with the tip of his foot and leaped up.

“The auction will be held in Huangzhou.” Ji Ruyin sat down and steered the flying boat forward. “Huangzhou is the most powerful of the nine great continents. It has been the center of the world since ancient times, so most auctions like this are held in Huangzhou.”

“In the center of Huangzhou, there’s a city called Cangliu city. It doesn’t belong to any power. It’s the world’s largest trade city. The headquarters of the Four Treasures Chamber of Commerce on this planet is there.”

Ji Ruyin introduced their destination to Tang Hao as they flew.

“In Huangzhou, there aren’t many forces, because there are two of the most powerful forces there. They are the Tianlong Celestial Dynasty and the Great Yan Celestial Dynasty, two of the most powerful Imperial forces.”

“These imperial powers are usually very overbearing. There is no room for other forces to survive in their territory.”

“Among them, the Sky Dragon Divine Dynasty is stronger, and they have more Nine Tribulation Saint Ancestors ...”

Then, she gave a detailed explanation of the situation in Huangzhou.
