

The Mightiest Little Peasant Chapter 2836

“Heavens!”

“This is ... The aura of a ninth tribulation?”

Everyone was dumbfounded and filled with horror.

In an instant, the five great emperors were easily suppressed, unable to move!

Only a nine tribulations Saint ancestor could do such a thing.

This white-robed man was actually a divine ancestor?

They were all in disbelief. Many of them trembled and their faces turned pale, revealing a look of fear.

Just now, they had been jeering at him.

They had actually offended a nine tribulations Saint ancestor!

“Damn it, it’s all because of these idiots of the spirit Vulture Palace. They can’t even recognize the Holy ancestor!” They were all blaming the spirit Vulture Palace. If it wasn’t for the spirit Vulture Palace, they wouldn’t have offended this holy ancestor!

“That’s weird! Which divine ancestor is this? why haven’t I seen him before? no wonder the spirit Vulture Palace didn’t recognize him. ”

They looked carefully and were even more puzzled.

“He’s dressed in white. Could he be the heaven-defying monster that was widely rumored before?”

Suddenly, someone exclaimed in a low voice.

“What? He’s the one who took the great sovereign’s treasure and is less than a hundred years old?”

In an instant, the four sides were in an uproar.

All the cultivators were shocked.

Previously, after the birth of the great Emperor’s treasure, this heaven-defying monster had caused a sensation in the entire Cangliu. It was only after the birth of the even more miraculous spiritual void realm that his influence was overshadowed.

Then, they came to a realization.

No wonder the palace Lord was so polite. With this person's strength and background, he did have the right to make the palace Lord come personally to apologize.

"This spirit Vulture Palace is in trouble! You've kicked an iron plate!"

They were discussing in low voices as they looked at the Ling Vulture Palace's people who were suppressed in the air, gloating over their misfortune.

"He's that heaven-defying monster?"

Although the five people were unable to move, their minds were still very clear. They were stunned when they heard the discussion around them, especially Xu Sansheng, who had a face of fear. At this moment, his expression became extremely dull.

His mind was blank.

He did not dare to believe that this fellow was actually the heaven-defying monster that had been widely rumored before!

This was a monster with a shocking background. Compared to this person, he, the number one of this generation in Cangliu, was nothing!

To think that he had thought that this was just an itinerant cultivator, a minor character. What a joke!

After the shock, his heart was filled with extreme regret and fear.

He tried his best to open his mouth and beg for mercy, but the terrifying Qi-Jin firmly suppressed him and he could not move at all.

"Fellow Daoist!"

Mirror flower Palace mistress was worried and called out again.

Tang Hao ignored him. His face was cold as he clenched his fist. The old man from the spirit Vulture Palace was the first to explode. His true spirit and body were shattered into pieces.

Si si si!

In an instant, everyone gasped in shock.

Everyone's faces were aghast, revealing a look of fear.

He crushed it!

This was not something an ordinary person could do. Although this person was young, his methods were quite ruthless!

Even mirror flower Palace mistress was stunned, and a look of fear flashed through her eyes.

Bang!

In the next moment, there was another soft sound, which shocked everyone.

The last elder of the spirit Vulture Palace had been crushed to death!

Then, under the shocked gazes of the cultivators, another person exploded. It was one of the other two disciples.

There was only one disciple and Xu Sansheng left.

The two of them froze in the air, their bodies trembling violently, and their faces were twisted with extreme fear.

Bang!

Another sound.

The remaining disciple also burst into an uproar.

Xu Sansheng was the only one left in the arena.

Tang Hao walked over and stood in front of him. He looked at him coldly and said disdainfully, "This is all the number one of this generation in Cangliu!" After he finished speaking, he raised his hand and was about to point out a finger to kill him.

"Stop!"

At this moment, a loud shout exploded in the sky.

Tang Hao raised his head and saw a golden beam of light descending from the sky.

It was a golden carriage with two Dragon-horses pulling it. The body of the carriage was gorgeous, and there were golden dragons coiling around it, emitting a shocking divine light.

In the blink of an eye, the carriage was right in front of them. The curtain opened, and a golden figure stepped out. He was dressed in an exaggeratedly gorgeous Golden Dragon robe, a Dragon Crown on his head, and even a Golden Dragon belt on his waist.

His entire body was shrouded in a dazzling golden light, and his appearance could not be seen clearly. Only two golden, Thunder-like eyes could be vaguely seen, sweeping out with an extremely majestic look.

"It's the heavenly Dragon Crown Prince!"

Everyone exclaimed in shock.

Many people even revealed a look of fear and quickly lowered their heads, not daring to look directly at him.

The Crown Prince of Tian long was a famous figure in Cangliu. At the age of 400, he had already passed the Tribulation and become an ancestor. His divine power was unfathomable, and the Tian long dynasty behind him was the number one force in Cangliu.

It could be said that this person was one of the most powerful people on the entire Azure meteor star. Even a nine tribulations Saint ancestor like the mirror flower Palace Master would have to lower her status in front of this person.

“It is said that the spirit Vulture Palace of Qingzhou is close to the Tian long celestial dynasty. I’m afraid he will promise me three lifetimes!”

Many xiuzhe were guessing.

As expected, the heavenly Dragon Crown Prince shouted, “Fellow Daoist, why did you kill someone from the spirit Vulture Palace? this person is only a hundred years old and is only a junior. Why do you have to lower yourself to his level?”

“Also, this is the headquarters of the four treasures Chamber of Commerce. I’m afraid it’s not appropriate for you to make a move here! Hurry up and let him go!”

His tone was very domineering, as if he would not allow anyone to question him.

“He wanted to kill me, so why can’t I kill him?”

Tang Hao looked up at him coldly.

“He wanted to kill you? Hahaha! Are you joking? You’re just a ninth tribulation and he dares to attack you? Fellow Daoist, do you know that he’s the treasure of the spirit Vulture Palace? if you kill him, you’ll be the enemy of the spirit Vulture Palace. ”

“Why do you have to offend the spirit Vulture Palace over such a small matter? just let him go on my account.”

The heavenly Dragon Crown Prince said.

“Your face?”

Tang Hao’s lips twitched. “How much is your face worth?” You can’t meddle in my business!”

As he spoke, he slapped Xu Sansheng’s body and it exploded into dust.

“You ...”

The heavenly Dragon Crown Prince, who was standing in the carriage, was stunned at first. He couldn't believe that this guy would go against him in public. Not only did he not give him any face, but he also killed him in front of him.

Then, he was furious.

His body shook, and with a boom, a monstrous Qi gushed out and swept in all directions.

There was also a shocking killing intent that burst out from his body and surged toward the white-robed figure.

"Hmph!"

Tang Hao grunted disdainfully when he saw that. He lifted his foot and took a step forward.

Bang! Bang!

A monstrous aura burst out and surged upwards.
