

The Mightiest Little Peasant Chapter 2839

There was a moment of silence in the auction.

Many people turned around and looked at the private room.

“This voice, it sounds familiar! It’s the white-robed Saint ancestor from earlier!”

They lowered their voices and discussed.

They all remembered the voice of this divine ancestor. He had just bid for a key. This was the second time he had bid, and he had immediately added 10000. This was indeed extraordinary!

“Thirty-one thousand!”

After a while, someone called out a bid.

“Forty thousand!”

“Wait!” Tang Hao called out unhurriedly.

The scene fell silent again.

For a long time, no one made another bid.

This person’s attitude clearly showed that he was determined to get the crystal core.

“Fifty thousand!”

Just when everyone thought that the dust was about to settle, suddenly, the sound of bidding came from one of the private rooms.

“It’s the heavenly Dragon Crown Prince!”

Everyone’s expression changed slightly when they heard this.

They were very familiar with this voice.

At the same time, they had also heard about what had happened at the entrance.

It seemed that the heavenly Dragon Crown Prince was still vengeful. This person was usually so overbearing. This was the first time he had suffered a loss, so how could he swallow this down?

“This is going to be interesting!”

Many people revealed excited expressions.

One was the heavenly Dragon Crown Prince, the young master of Cangliu's number one force, while the other was a divine ancestor who was less than 100 years old. Both of them were extraordinary figures, and it would be interesting to see them fight.

"Sixty thousand!"

Tang Hao raised the bid without hesitation.

"Seventy thousand!"

On the other side, he also spoke out.

"Eighty thousand!"

"90000!"

"....."

Tang Hao's expression did not change. Once the other party called out a price, he immediately raised it without hesitation.

The other side was the same, as if they were determined to compete with him.

In the intense bidding between the two, the price soared all the way and quickly reached 300000!

All the cultivators present were speechless.

Three hundred thousand high-grade crystal stones!

This price was already very high. Although the star Crystal core was good, it was just a piece of material after all. It would not be worth it if the price went any higher. However, it seemed that these two people had no intention of stopping.

The price was still rising, and it directly shot up to 500000.

"Daoist Tang, the price ..."

Even mirror flower Palace mistress was left speechless. She reminded him in a low voice.

"It's fine, I have plenty of Jingshi. Since he wants to fight with me, then I'll accompany him to the end!"

Tang Hao said calmly, waving his hand.

He had too many crystals, and he didn't believe that the heavenly Dragon Crown Prince could win over him.

Rich people were indeed willful!

Mirror flower Palace head laughed bitterly in her heart, but she didn't try to persuade him anymore.

When it reached 500000, the bidding speed of the other side slowed down a little, as if they were considering and hesitating. Just like that, when it reached 700000, the other side fell silent and no longer bid.

"Seven hundred thousand! Is there a higher price?"

"Seven hundred thousand, going once! Seven hundred thousand, going twice ..."

"Deal! Congratulations to the guest in the sixth box for winning the bid of seven hundred thousand high-grade crystal stones for this rare Star Crystal core!"

On the stage, the old man made the final decision.

In the next moment, the venue was in an uproar.

700,000 Yuan for a Star Crystal core was a sky-high price!

"Fellow Daoist, congratulations!"

The heavenly Dragon crown prince's mocking voice came from the box.

Then, there was a burst of carefree laughter, which was very proud.

Tang Hao narrowed his eyes when he looked at the box.

But very quickly, it disappeared.

"It's only 700000! Does Crown Prince Ao need to be so happy?" He said coldly.

"A mere? Fellow Daoist, you're quite arrogant! If I had known that fellow Daoist was so rich, I would have bid a few more times and raised the price to one or two million. That way, fellow Daoist's identity would be revealed, don't you think so?"

The heavenly Dragon Crown Prince sneered, his face full of mockery and pride.

"Fellow Daoist, take your time to appreciate this rare crystal core that you bought for seven hundred thousand! I'll take my leave first!"

Then, he laughed and walked out of the room.

Tang Hao grunted and ignored him.

At this time, the people of the four treasures Chamber of Commerce had already entered the box with the crystal cores.

Tang Hao paid seven hundred thousand high-grade crystal stones and got the crystal core.

“It’s really good stuff!”

He was very satisfied when he opened it and took a closer look.

To him, Jingshi was just a number. To be able to bid for such a perfect and rare crystal core, no matter how much it was worth, it was worth it.

“Let’s go!”

After putting away the crystal core, he stood up and walked out.

The crystal core was already in his hands, and the refining blueprint was already designed. After he went there later, he could immediately start refining.

However, just as he stepped out of the door, he saw a person walking up and bowing towards him. “Fellow Daoist, I’m Yan Qing from the Great Yan Dynasty. I wonder if fellow Daoist would give me the honor to board the ship of my dynasty for a chat?”

Tang Hao was surprised. He looked at him.

The man was in his 30s. He was handsome and wore a purple dragon robe. He was as luxurious as the heavenly Dragon Crown Prince.

“It’s the Crown Prince of Great Yan!”

Mirror flower Palace mistress reminded him softly.

“So it’s the Crown Prince of Great Yan! I wonder what fellow Daoist is looking for me for?”

Tang Hao said as he cupped his hands.

Yan Qing smiled and said, “I think fellow Daoist should have guessed why I’m here!” It was for the Tian long divine dynasty! Aohong is a narrow-minded man. He’s afraid of your background and won’t dare to attack you directly, but he’ll definitely take revenge in the dark. ”

“This fairy Ji might become his target. Fellow Daoist, you still don’t know what kind of technique Aohong cultivates, right? It’s the technique of the heaven of great joy, the evil technique of gathering Yin to supplement yang. ”

“The day of great joy?”

Tang Hao furrowed his brows.

“It’s a giant force outside of the blue meteor star!” Mirror flower Palace head said, “it should be the power behind the Tian long celestial dynasty!”

“That’s right! The heaven of great joy is the backer of the Tian long celestial dynasty, while the power behind Great Yan celestial dynasty is the great emperor mountain.” Yan Qing said.

“Good! Then let’s have a chat!”

Tang Hao thought for a while, then nodded.

He had been planning to deal with this Tian long celestial dynasty, and now that Great Yan celestial dynasty had come to him, it was exactly what he wanted.

“That’s great!”

Yan Qing was overjoyed.

“Fellow Daoist, please!”

He quickly turned around and made a gesture of invitation.

Tang Hao happily walked forward.

Mirror flower Palace head stood where she was, hesitating.

He roughly knew why Great Yan Dynasty was looking for fellow Daoist Tang. It was related to the upcoming Supreme Emperor immortal gathering, and he had never liked to get involved in such disputes between dynasties.

However, after pondering for a while, he gritted his teeth and followed.

He felt that this might be an opportunity for him to get close to fellow Daoist Tang, who had a heaven-defying background.

This was a great benefit for the mirror flower Palace.

Under Yan Qing’s lead, the three of them flew up and boarded a large purple ship.
