

The Mightiest Little Peasant Chapter 2848

The surroundings suddenly fell silent.

The entire world fell into a deathly silence.

Even the Holy ancestors who were running away stopped in their tracks and turned around, their faces blank.

The divine ancestor just now was at the Dao gathering realm and was well-known in this Galaxy. People called him the divine ancestor of three corpses and he was the master of the corpse God sect on the desolate prison star.

Such an expert couldn't even escape and was suppressed?

Gulu!

The divine ancestors looked at the dark golden furnace and couldn't help but swallow. Their faces turned pale.

What kind of treasure was this?

After Saint ancestor three corpses entered, he didn't even move!

Could it be that ... He was going to be killed inside?

When they thought of this, they only felt a chill run down their spines.

Generally speaking, a ninth tribulation cultivator would not die. Even a Dao integration stage old monster would find it difficult to kill a Dao glimpse stage cultivator, let alone a Dao condensation stage cultivator.

It had been a long time since a ninth tribulation had fallen in this star field!

Could it be that another nine tribulations warrior was going to die today?

They stared at the furnace, and their expressions became more and more frightened.

There was still no movement from the furnace. It was unknown what kind of fire was burning inside, but it gave off a terrifying aura.

The kid was standing still with his eyes closed. He was obviously activating the furnace to refine Saint ancestor three corpses.

"It can't really be refined to death, right?"

“I won ‘t! That’s a Dao condensation expert, which one of them doesn’t have some trump cards? I’m afraid this furnace can’t suppress him!”

“But there’s no movement from the furnace at all?”

Everyone in the surroundings stared at the furnace and discussed in low voices.

On the heavenly Dragon warship, ao Hong was stunned.

He was still unable to accept what was happening before his eyes.

Originally, the Tian long divine dynasty was already sure to win. It would be a piece of cake for them to take down more than twenty people against three. However, in the end, that kid alone had scared the Holy ancestors on his side and made them flee in panic.

One of them was even stunned, his life or death unknown.

This ... Was like a dream.

“That’s great!”

On the dynasty’s warship, Yan Qing came back to his senses, and he was so excited that his entire body was trembling.

He had originally given up all hope, but he had never expected that there would be such a shocking reversal in the end.

Daoist Tang had killed all the divine ancestors and made them run away. His divine might was truly unparalleled, like a god who had descended to the mortal world.

He looked at the white-robed figure again, his eyes filled with reverence and his gaze was burning.

Not to mention his background, his overall strength alone was comparable to a Dao integration expert. Great Yan must seize the opportunity to befriend such a figure.

“The divine ancestor ... He’s so powerful!”

Chun Xuan and Qiu Ci also looked forward, their eyes shining with admiration.

“Yup!”

Ji Ruyin mumbled from the side, looking ahead in a daze.

“This person’s divine power is truly unfathomable!”

Mirror flower Palace head was shocked.

Then, he felt a little happy.

It seemed that his decision was correct. Following this person to participate in the immortals 'gathering was the right choice. Being on good terms with this person would be of great benefit to the future of mirror flower Palace.

"Look, what's that?"

Suddenly, the crowd burst into an uproar.

The divine furnace, which had not moved for a long time, suddenly moved. A ball of golden divine light drilled out of it. It was extremely bright, like a burning sun.

Most of the cultivators were just a little confused, but when the divine ancestors saw this scene, they were so frightened that they trembled.

"That ... That's the Taoist connotation!"

A divine ancestor screamed, his face extremely pale.

His entire body couldn't help but shiver, and his mind was extremely terrified.

That ball of divine light was the Taoist connotation of the Holy ancestor three corpses.

Since his Taoist connotation had been extracted, it meant that Saint ancestor three corpses had already fallen!

"This Taoist connotation is quite intact. But, how is this possible?"

Some of the divine ancestors exclaimed in disbelief.

The Taoist connotation had always been very unstable. Even at the Dao gathering realm, it was still quite unstable when it was condensed into a ball. It was almost impossible to snatch it, because even if you were powerful enough to kill your opponent, the Taoist connotation that you took out would be less than 10%.

Only Dao attainment was the most stable. Once it was formed, it was almost impossible to break. That was why there was the saying of seizing Dao attainment.

But now, this Taoist connotation was quite intact, which was really incredible.

Did Saint ancestor three corpses not resist?

He really could not figure it out.

"He swallowed it!"

"Look, his aura is skyrocketing...He's broken through! He's reached the Dao condensation realm!"

Then, a few more exclamations shook the void.

Everyone in the four directions had shocked expressions on their faces.

This person had actually killed a Dao condensation expert in front of the world and refined his Dao accumulation into his own, breaking through from the Dao glimpse realm to the Dao condensation realm in one fell swoop!

Such a method was truly too shocking!

“This person ... Is too terrifying!”

“In front of him, demons like old man three corpses are nothing. They’re not even enough to carry his shoes!”

“He’s a truly ruthless man!”

The divine ancestors were shocked.

They didn’t dare to watch any longer. Maybe that ruthless man was so excited that he killed them too. That would be the end!

They all used their trump cards to escape and frantically fled to outer space.

“Oh my God!”

In the sky, after the Gu God patriarch came back to his senses, he activated his palace and fled.

As for the spirit Vulture Palace’s ship, it was one step ahead of him and had already turned into a divine light and left.

After a moment’s silence, the crowd in the surroundings started to boil.

Everyone’s expression was extremely excited.

No one had expected such a shocking reversal to happen at the end of the immortals ‘conclave, much less that a Dao condensation expert would fall here.

They looked at the figure in the middle of the field again, their expressions revealing extreme reverence.

In their hearts, he was no longer a heaven-defying young monster, but a peerless ruthless man!

“Congratulations, fellow Daoist, for advancing to the Dao condensation realm!”

On the dynasty’s warship, mirror flower Palace mistress was the first to fly out and raise her hand to congratulate.

“Fellow Daoist, congratulations!”

Yan Qing also came back to his senses. He hurriedly went forward and bowed in congratulations, but his posture was extremely respectful.

“Fellow Daoist, congratulations!”

Then, many divine ancestors flew out of the ship to congratulate him with extremely enthusiastic expressions.

“Fellow Daoist, old man three corpses has committed many evil deeds and killed many innocent people. It’s a great pleasure for you to kill him today!” A divine ancestor shouted, his tone carrying a hint of flattery.

Tang Hao finally opened his eyes.

In his body, in the immortal abode, the dozen or so strands of Taoist connotation had long disappeared, and in their place was a huge golden light ball.

This was the Taoist connotation that one could condense when they reached the Dao gathering realm.

When this Dao accumulation continued to expand, it could be transformed into Dao attainment and enter the realm of Dao integration.

“Sure enough, snatching is faster!”

He mumbled with some joy.

If he had cultivated normally, he would have needed seven to eight hundred years to advance to the Dao gathering stage. But now, he had done it in one go.

“Not bad!”

He took out all of Saint ancestor three corpses ‘treasures and looked at them, then smiled happily.

The collection of a Dao gathering old monster was not small! His net worth had increased by a few points!

He kept the items and retracted his aura. He greeted mirror flower Palace mistress and the others.
