

The Mightiest Little Peasant Chapter 2849

“Fellow Daoist, are you really not a hundred years old? You’re already so powerful at such a young age. You really make us ashamed and unable to show our faces!”

“Fellow Daoist’s talent is truly unparalleled. You have the potential to become a great emperor in the future!”

The group of divine ancestors surrounded Tang Hao and praised him enthusiastically.

A monster who was less than a hundred years old and could kill a Dao condensation expert and even had a celestial artifact was obviously of shocking origin. Such a person could only be befriended and could not be offended.

“This great victory is all thanks to you, my fellow Daoist. Great Yan Dynasty can not thank you enough!”

Yan Qing was even more excited. “Fellow Daoist, let’s return to the Imperial court first. As for everyone else, I’ll host a banquet to entertain you and have a good chat. Then, I’ll send you back.”

“Alright!”

“You’re too kind, Crown Prince!”

The divine ancestors all nodded in agreement.

They were supposed to leave after the immortal gathering ended, but now they wanted to stay and get to know fellow Daoist Tang.

“Alright!”

Tang Hao nodded in agreement.

“Brother ao, we’ll be leaving first. You have to be prepared for the territory handover!”

Yan Qing laughed heartily at the Tian long divine dynasty, feeling extremely carefree.

On the other side, ao Hong’s face was ashen.

“This Immortals’ gathering is too shocking!”

“Let’s go, quickly spread the news!”

Seeing the celestial dynasty’s warship off, the crowd burst into an uproar again.

Then, they spread the shocking news in all directions.

Huangzhou was quickly shaken.

The Tian long divine dynasty had actually lost!

This result was beyond the expectations of the two dynasties of Huangzhou.

The white-robed Saint ancestor's strength was even more unbelievable.

He had shaken more than 20 divine ancestors, defeated several, and killed one!

Such a battle record was truly too exaggerated!

Wasn't it said that he wasn't even a hundred years old and only had a Dao glimpse realm cultivation? How could his strength be so terrifying?

For a moment, all the cultivators in Huangzhou were talking about the mysterious white-robed divine ancestor.

Ever since this person appeared in Yunzhou, he had shaken the world again and again.

First, he scared off the Gu God patriarch and shocked the entire cloud continent.

After that, he flattened the cloud Sea and obtained the emperor's treasure, shaking the entire Azure meteor star.

Now, he had killed another Dao gathering realm divine ancestor, which was more and more shocking.

Some people even went to the spiritual void realm and spread the news, which shocked the entire spiritual void realm.

As the people in the spiritual void realm went offline and spread the news, the other eight continents also went into an uproar.

At this moment, Tang Hao had stayed in Great Yan Dynasty for a while. After the banquet was over, he brought Ji Ruyin and the others back to the cloud Sea.

He was quite satisfied with the results of this trip.

He had come for the Taoist connotation. Now, he had successfully advanced to the Dao condensation realm and even obtained the collection of a Dao condensation old monster. He was satisfied.

"The Taoist connotation is indeed unstable. If it wasn't for my strength, which is far stronger than that old monster's, and the suppression of the divine furnace, I wouldn't have been able to get it so easily. No wonder so few people fight for the Taoist connotation."

"I wonder if there are still such evil old monsters in this Galaxy. If I kill a few more, I can easily reach the Dao integration stage."

As he thought about this, he raised his head and looked at the sky.

But then, he laughed bitterly and shook his head.

When this matter spread, the old monsters in this starry sky would probably be much more careful. He wouldn't have so many chances to make a move. It was better to wait and see after a while!

"I can go back and refine the ring!"

He made a mental calculation and already had a plan.

"Congratulations, divine ancestor, for returning victorious!"

When he returned to the cloud Sea, he saw that Ji juechen had already brought people to welcome him.

"The news spread pretty fast!"

Tang Hao was surprised.

"It's coming from the spiritual void realm." Ji juechen said.

"Oh!"

"Yes," Tang Hao replied.

The spiritual void realm was indeed a good place to spread news.

Now, tens of thousands of keys had already fallen into the hands of various forces in the nine great continents. As soon as the news went up to the spiritual void realm, it would immediately spread throughout cangliu.

"I also have to congratulate the divine ancestor for reaching the Dao condensation realm!"

Ji juechen bowed again.

His tone was a little excited. He had never thought that this divine ancestor's strength would be so terrifying that he could easily kill a Dao condensation expert. This kind of strength was enough to look down on the entire starry sky.

As long as he could hold on to this person's thigh, the Ji family would rise to power!

"There's no need to do this!" Tang Hao smiled and waved his hand.

"Right, during this period of time, did you guys gain anything from the spiritual void realm?" He asked as he flew towards the island.

"Divine ancestor, I'm ashamed to say this, but I've only obtained a few bronze fragments so far. My luck is bad, and I can't help it!"

Ji juechen laughed bitterly.

Ever since he had won the bid for the key, he had organized many people in his clan to enter the spiritual void realm and work hard to collect the fragments.

However, most of the fragments depended on luck. His Ji family was unlucky, and he really had no choice.

“Hahaha!”

Tang Hao chuckled.

He couldn't do anything about this. The spiritual void realm had its own operating rules, which were set from the beginning, and he couldn't destroy it.

“Continue to work hard! Spend more time on the spiritual void realm!”

After Tang Hao finished speaking, he leaped and returned to his own building.

Chun Xuan and Qiu Ci followed closely behind.

“Divine ancestor, are you tired? I'll massage your shoulders!”

Ji Qiuci followed him into the house and stood behind Tang Hao.

She knelt down, leaned over, and boldly pressed her hot body against his.

“Sister, what are you doing? come over!”

After pinching it a few times, she even looked at her sister and smiled slyly.

Ji chunxuan's beautiful face blushed slightly when she saw that.

“This little girl, isn't she afraid of the divine ancestor reproaching her?” She thought to herself.

“Sister, are you shy? “How come I didn't know you were so innocent? your first time ... In the spirit spring, you were much more unrestrained than me ...” Ji Qiuci smiled mischievously.

“You little girl!”

Ji chunxuan glared at him, her face blushing.

That night, she was indeed very open, even a little too open. But now, she didn't dare to do so anymore. The more she interacted with the divine ancestor, the more she respected him. She didn't dare to be like this girl, who did as she pleased.

“No need!”

Tang Hao smiled at her and waved his hand.

“You, ah, just casually pinch a few times and it’ll be over. Go back and cultivate well, and reach 30000 meters as soon as possible!”

He said to Ji Qiuci, who was behind him.

“How can we do that? we are your maidservants. It is our duty to serve you. After we serve you well, it will not be too late for us to cultivate!” Ji Qiuci giggled as she lay on Tang Hao’s back.

“You little girl!”

Tang Hao laughed helplessly.

“Holy ancestor!”

Ji chunxuan observed the Holy ancestor’s expression. Seeing that the Holy ancestor had no intention of rejecting her, she came forward, knelt on the ground, and pinched the other half of his shoulder.
