

The Mightiest Little Peasant Chapter 2850

In the room, a faint fragrance wafted.

A pair of sisters, one was gentle and beautiful, the other was charming and pretty, each had their own charm, their figures were graceful and fiery, full and moving.

Tang Hao would be lying if he said that his heart was not moved by such a pair of unparalleled beauties.

Not to mention, they still looked like they were at his mercy.

However, he wasn't a casual person. Although there were some ripples, he restrained himself very well.

"Divine ancestor, why are you so powerful?"

Ji Qiuci asked as she massaged her shoulders.

As she spoke, her pair of beautiful eyes were shining, full of worship.

"It's alright! If you cultivate more, you can also become more powerful!" Tang Hao narrowed his eyes and smiled.

"I've been working hard on my cultivation! However, I'm not as powerful as you, divine ancestor!" Ji Qiuci smiled. "By the way, holy ancestor, where are you from?" I'm really curious ..."

She asked again.

At the side, Ji chunxuan did not make a sound. She turned her head from time to time to look at her younger sister, and she understood.

This little girl was probably just like her. She had really fallen in love with the divine ancestor.

That smile, those eyes, they couldn't hide the affection.

This was also good!

She thought to herself.

The two sisters had lost their parents when they were young and had always relied on each other. Now that they could follow the divine ancestor, they could be considered to have a home to return to.

As she thought of this, she smiled gently and looked at her younger sister with eyes full of love.

"Divine ancestor, do you know that we lost our parents when we were young?"

After a while, she spoke.

Tang Hao was startled, but he nodded. "I've heard Ji juechen mention it before."

"The cultivation world of the cloud Sea has always been chaotic. My parents' cultivation wasn't high, only at the 3rd or 4th tribulation. Once, when they were out hunting, they had a conflict with someone and died." Ji chunxuan said in a low voice.

Upon hearing this, Ji Qiuci also stopped what she was doing and became a little depressed.

Tang Hao nodded again when he heard that.

This was normal. After all, the chances of a high-level Saint giving birth to the next generation were very small.

"That's why we sisters relied on each other since we were young. Because we were pretty, the old ancestor taught us to learn some skills to serve people. That's why we sisters went to serve you that day."

"Now that the patriarch has given us to you, we are no longer part of the Ji family. We belong only to you. I don't expect you to be so good to us sisters. As long as you don't abandon us, we will be satisfied."

Ji chunxuan said in a low voice.

As she spoke, she furrowed her brows and her beautiful eyes were filled with worry.

On the way back, she already had such a worry.

This divine ancestor was not only young, but he was also so powerful that he could even kill a Dao condensation expert. This kind of divine power had already exceeded the limits of her imagination.

In her eyes, the strength of this divine ancestor was getting more and more immeasurable.

Its origin must be even more shocking.

The more she thought about it, the more she felt that the gap between her and this man was like a chasm, growing wider and wider.

To the two sisters, such a character was too far away. Perhaps one day, this person would easily leave the two sisters and not want them anymore.

"Yup! Holy ancestor!"

Ji Qiuci also said.

"You don't have to worry about this. I'm just training you to reach the ninth tribulation as soon as possible!" Tang Hao laughed.

This pair of sisters, he had use for them.

“We’re relieved to hear that, divine ancestor!”

Ji chunxuan heaved a sigh of relief and smiled.

Ji Qiuci also heaved a sigh of relief. Then, she playfully leaned over to Tang Hao’s ear and chuckled, “Divine ancestor, when are you going to let us warm your bed? I can’t wait!”

“You ...”

Ji chunxuan was immediately embarrassed. Her face flushed red, and she swung her fist at him.

“Divine ancestor, look, she’s angry from embarrassment after I hit the nail on the head!” Ji Qiuci immediately dodged and threw herself into Tang Hao’s arms. “Holy ancestor, you have to protect me!”

“You, come over here!”

Seeing this, Ji chunxuan was even more annoyed and gritted her teeth.

“I won ‘t!”

Ji Qiuci said.

Tang Hao could only watch helplessly as the two sisters started to fight.

After a while, when they had all stopped, Tang Hao took out some things and gave them to go back and cultivate.

“Argh! Oh right, you guys can take this too! Your cultivation is rising too quickly and you lack experience. It’s a good time to go up and gain some experience. ”

They bowed and were about to leave when Tang Hao suddenly remembered something. He took out the key to the spiritual void realm and threw it to them.

This spiritual void realm was filled with vicious beasts that he had set up everywhere. There were also various dangerous places and tests. It was a good place to train.

Only with enough experience and tempering their hearts would they be able to pass the ninth tribulation.

“This is ...?”

Ji chunxuan picked up the purple crystal and asked in surprise.

“The key to the spiritual void realm!”

Tang Hao said with a smile.

“Many thanks, divine ancestor!”

Ji chunxuan’s beautiful eyes lit up and she said happily.

She had also heard of this mystical spiritual void realm and had long wanted to go up and take a look.

After they left, Tang Hao set up a formation and once again entered the spiritual void realm.

He didn’t need the key at all. The reason he bought the key was just to fool people, just in case.

“You’ve saved so much again!”

The moment he entered the spiritual illusionary realm, he was shocked.

This chaotic space was filled with all kinds of spiritual essence, which was like a vast ocean. He was a little speechless when he saw it.

“This pay-to-win system is too powerful!”

Tang Hao sighed.

Then, he happily collected all the spiritual essences.

These were all treasures that he didn’t need for the time being, but the disciples of the Haotian Daoist sect in the Holy region could use them. The more spiritual essences he collected here, the more powerful people his Haotian Daoist sect could cultivate.

Even though Pangu had won that battle, he had only managed to block one of the nine-colored tribe’s attacks.

The nine-colored tribe was still outside, and the immortal-ranked Dragon count was still there. If the Dragon count didn’t care about the price and created many experts, it wouldn’t be impossible for him to attack the sacred zone again. Therefore, he had to make plans early.

Besides, he had also decided that Pangu’s human race could not stay in that world forever. They had to come out so that they could have a better development.

And now, he had to prepare for it.

He kept the spiritual essence and was about to go down to refine it.

Suddenly, he heard someone shout from the continent below, “I want to exchange!”

He looked over and saw that this person was the master of the great sun Palace.

In his hand, there were more than a dozen dark gold fragments.

He was going to exchange for the inheritance of a true immortal!

Tang Hao was shocked.

This day came a little earlier than he had expected.

Once the true immortal's inheritance was revealed, it was bound to cause a big wave. Perhaps, many extraterrestrial forces would be involved.

He had heard from Prince Yan Qing that many forces in outer space had heard of the existence of the spiritual void realm and were very interested in it.

When the true immortal's inheritance came out, they would definitely not be able to hold back.

"Alright! The earlier you come, the earlier I'll be able to prepare!"

"I'll go with you," Tang Hao mumbled. He lowered his body and turned into a white-haired old man, landing in the sky above spirit void continent.
