

The Mightiest Little Peasant Chapter 2859

“This is too terrifying!”

The evil child trembled and almost fell to the ground in fear.

Just how many people had that pair of eyes killed?!

This was clearly a terrifying devil!

He had actually provoked such a pervert!

“Mother of God!”

When ao Hong saw this, he trembled in fear. He took a few steps back and sat on the ground.

The rest of the people were also trembling in fear, their faces pale.

Just as everyone on the ship was in shock, the white-robed figure raised his hand and punched at the bow of the ship.

Peng Peng Peng!

The layers of light screens instantly exploded.

The punch destroyed all the light screens and hit the hull of the ship with a deafening sound.

Then, under everyone’s horrified eyes, the most powerful interplanetary warship in the sky actually collapsed. From the bow of the warship, cracks spread under their feet and spread to the entire warship.

The next moment, the crack exploded, and the entire ship fell apart.

Ah!

For a moment, there were panicked shouts everywhere. Everyone was extremely frightened.

Especially the evil child, he was so shocked that his soul almost left his body.

He could still put up a fight with the battleship, but now that the battleship was gone, there was no way he could fight. Even though this guy was only in the Dao condensation realm, his physical body was so heaven-defying that he was definitely a Dao integration stage expert.

Moreover, he was also an expert among Dao integration experts, and most Dao integration experts were no match for him.

If they wanted to deal with this fellow, they would have to send a group of Dao integration or peak-stage old monsters. With just the Dao condensation and Dao glimpse realm experts, they were no match for him.

“Go! Let’s go!”

He shouted and was the first to rush up, trying to escape through the void.

“You want to run?”

A cold shout.

The white-robed figure swept over like a ghost and slapped down with a palm.

The evil child’s round head exploded like a melon.

“Fellow Daoist! Please spare me!”

As he reincarnated, he screamed and begged for mercy.

However, he was met with another palm strike, which caused him to explode once again.

Peng Peng Peng!

Under everyone’s horrified eyes, the high-level elder of the great joy heaven was smashed again and again, and his body exploded into a bloody light. Finally, a dark golden furnace flew out and covered his head, taking him in.

“Heavens!”

“What?!” Upon seeing this, ao Hong trembled in fear and nearly peed his pants.

He knew what would happen if he entered the furnace. That was what happened to the Saint ancestor three corpses that day.

This fellow had killed another ninth tribulation expert who was close to the Dao integration realm!

He turned around and fled with the people of the Tian long celestial dynasty.

“Hurry up and run!”

The other people from the sky of great joy also fled in all directions in panic.

Even the most powerful high-level elder was stunned. What use were they? they would only be courting death if they went up.

“You still want to leave?”

Just as Ao Hong and the others fled, a white-robed figure appeared.

“Hurry up! Stop him!”

“Run!” Ao Hong shouted at the people beside him. He himself retreated and tried to escape in another direction.

Bang Bang!

The figure swept over and threw out several punches. The bodies of those nine tribulations were shattered, and they were sent flying while vomiting blood.

These nine tribulations were only the lowest Dao glimpse realm.

Then, he leaped forward and caught up with Ao Hong. He stretched out his palm and gently loosened his control. He clutched Ao Hong’s throat and lifted him up.

“This ... This has nothing to do with me. It’s the day of great joy. They forced me to do this ...”

Aohong struggled and said in a hoarse voice.

“Is that so?”

Tang Hao chuckled, then lowered his voice and said coldly, “that’s not what I heard in the spiritual void realm. You were the one who incited that guy to come to the Ji family to find me!”

“No... No...”

Ao Hong immediately shook his head and wanted to deny.

But then, he was stunned.

How did this guy know about what happened to him in the spiritual void realm?

That day in the spiritual void realm, no one should have heard the conversation between him and senior evil child.

Could it be that this fellow had followed them in the spiritual void realm that day and found out everything?

This ... Was too terrifying!

His eyes widened, and his expression became more and more fearful.

This guy wasn’t an arrogant person at all. He was extremely scheming and more like an old monster than a monster less than a hundred years old. Then why was he less than a hundred years old in the great Emperor’s treasure vault?

Senior evil child said that this guy had changed his root bone.

But, how was that possible!

Even if he changed his root bone, could he hide from the test set by Emperor aotian? who was Emperor aotian? how could he make a mistake?

This guy should really be less than a hundred years old, and he was extremely scheming.

What kind of power could cultivate such a terrifying figure?

At this moment, he had somewhat forgotten his fear. What he had was only extreme shock and regret.

In the next moment, his body began to explode from his throat. Then, the divine furnace came over and swallowed him.

“Hmph! His death is not to be regretted!”

Tang Hao grunted as he kept the divine furnace.

Then, he glanced at the few ninth tribulation cultivators of the Tian long celestial dynasty. He squinted his eyes and his killing intent exploded.

The few nine tribulations experts let out a panicked cry, turned around, and fled.

However, they could not escape. Tang Hao caught up to them, captured them, and threw them into the furnace.

“Don’t even think about running away from the nine tribulations of the heaven of great joy. They’ll help me reach the Dao integration stage!”

Then, he chased after the elders of the joyous sky sect who were running away. He caught up with one and suppressed one. Soon, he had suppressed seven or eight people.

“There’s one over there!”

He activated his heavenly eye and looked around. He locked onto another one, tore open the void, and chased after it.

“Heavens! It was too terrifying! Why is there such a terrifying monster on this Azure meteor?!”

“No, I can’t run out of the planet. It’ll be too obvious and I’ll be seen. I have to find the people of the other big shots and ask them for help. I’ll be safe with their protection!”

At this moment, in the distance, a ray of divine light was speeding through the air.

He was an elder of the great joy heaven who had just escaped and was at the Dao gathering realm.

He would occasionally turn around to look, his face deathly pale and extremely frightened, as if he had been scared out of his wits.

“I’ve got it! It’s the myriad beasts sect’s warship! I’m saved!”

After running for a while, he looked around and found a big ship.

Such a large ship was simply too eye-catching. With a sweep of the divine eye, one would be able to discover it from a distance.

He shouted in surprise and immediately burst out with his fastest speed, rushing towards the big ship.

After a while, he approached the ship.

Looking at the warship that was just a few feet away, he revealed a look of joy. As long as he could board the warship, he would be able to live.

Fellow Daoist from the myriad beasts sect, quickly open the light screen and let me in!”

“Fellow Daoist, this is an emergency!”

When he got close, he shouted at the ship.

“Fellow Daoist, quick, help!”

In the next moment, his expression became terrified and his face turned pale.

Just as he turned around, he caught a glimpse of a shocking divine light chasing after him with a terrifying aura. It was the God of killing, the terrifying demon.
