

## The Mightiest Little Peasant Chapter 2865

“Finally, I’ve collected the last key!”

Azure meteor star, somewhere.

In the sky above a mountain range, several large starships were floating.

On the ship, the people of the nine magnates all heaved a sigh of relief, their expressions somewhat joyful.

Although there were some accidents, their plan was successfully completed.

All the keys on this Azure meteor, except for the one in the hands of that devil and the one in the Ji family, were collected.

“Hahaha! This wondrous world and the countless cultivation methods and ancient books in it all belong to our nine superpowers!”

They laughed in joy.

“Go! Let’s hurry back and invite the experts in the sect to kill that demon!”

“Yes, this demon must be eliminated!”

Then, they steered the ship and headed out of the planet.

Now that he had collected most of the keys, it was time to get rid of that devil.

This demon had dared to look down on the nine magnates and had killed many of their people. He had even punched fairy ning and humiliated her. They had to take revenge.

Several large ships sailed out of the star, tore open the void, and began to jump.

After jumping a few times and flying a distance away, someone took out the key and said, “Now, let’s try and see if we can climb up. If we can’t, that means that the spiritual void realm is in the star Domain of the blue meteor star. If we go beyond the range, we can’t climb up.”

“If we can go up, it means that there is no distance limit. No matter where we are, we can enter the spiritual void realm. It will be very convenient for us in the future.”

“Right! Let’s try it first!”

They all took out their keys and began to try.

“He’s coming up!”

They held the key and used their divine sense to probe it. Their souls were immediately extracted and they entered the chaotic space again.

He floated up and saw the stone tablet.

“That’s great!”

They were all overjoyed.

At this moment, they were already very far away from the Azure meteor star. Since they could climb up from here, it meant that there was no distance limit in the spiritual void realm. In the future, they would be able to climb up easily from their own mountain gates.

“Go! Let’s go up and shop!”

They were all excited and rushed to the stone tablet.

They wanted to take a good look at this world. In the future, this world would be the back garden of the nine magnates.

“Eh? Why is there a voice?”

However, when they entered the spiritual void realm, they were stunned.

This world, which was supposed to be dead silent and empty, actually had noisy human voices.

“Look, it’s so real. It’s amazing!”

“F \* ck, this stupid chicken, I’m going to kill you!”

All kinds of voices came from all directions.

They stood at their birth point and looked around. They were all stunned.

At this moment, the yellow mud village was not empty at all. On the contrary, it was full of people. Moreover, they all had a curious look on their faces, as if it was their first time here.

But ... How was this possible?

All the keys had basically been confiscated by them. Even if there were a few that were left behind, those people would not dare to come up again. So these people ... Where did they come from?

They looked around and were all at a loss.

“You guys ... Where did you guys come from?”

The green-robed elder of the myriad beasts sect stepped forward, grabbed one of the men, and questioned him sternly.

The man was stunned. He was about to get angry, but when he looked up, he was shocked. The aura emitted by the person in front of him was unusually terrifying, like an old monster of the nine tribulations.

“I ... I’m a rogue cultivator. I don’t belong to any sect or clan.” He said in a trembling voice.

“What? Wandering cultivator? How was that possible? Then where did you get the key?”

The green-robed elder was even more puzzled.

Wasn’t this key something that only the major powers had?

He’s just a loose cultivator. Judging from his strength, he’s probably only at the 6th tribulation. How could he get a key?

“Key? What key? Are you talking about that strange purple crystal? Oh! I picked it up and it suddenly fell from the sky. I thought it was some trash, but I didn’t expect to find myself in here after picking it up.”

The man said innocently.

When the nine magnates heard this, they were all stunned.

Did she pick it up or did it fall from the sky?

Was there such a good thing?

“You’re from the Azure meteor star?” The Azure-robed elder asked.

“No! I’m from lingyue planet!”

The man shook his head.

“Lingyue planet? How is that possible?”

The green-robed elder trembled as if he had been struck by lightning.

It actually wasn’t the Azure meteor star!

How could it be like this!

Shouldn’t this key only belong to the blue meteor star?

When it was born, there were only 10000 of them. Moreover, when they heard the news, they rushed over immediately and did not let the key wander out of the stars.

But now, why did a key appear on Lingyue planet?

“You, Which star are you from?”

“What? Desolate prison star? You’re from the green Lotus star?”

He grabbed the people on the road and questioned them one by one. The answer he got shocked him even more.

These people came from more than ten different stars!

This meant that keys had appeared on all of these stars.

Moreover, it was their first time coming up here, right after they collected all the keys to Azure meteor.

This was definitely not a coincidence!

But if it wasn’t a coincidence, what was going on?

Could it be that someone on the Azure meteor star had obtained a large number of keys and left the star long ago? Now, these keys were spread out in order to prevent the nine magnates from monopolizing the spiritual void realm?

Then who was this person?

Who had the guts to go against the nine magnates?

“Those crystals fell from the sky. There were so many of them. It was like it was raining. Many people picked them up.”

“Someone gave this to me. He said it was good stuff. He was in the city and gave it to everyone he saw when he was punished. I thought it was worthless. It’s full of these things!”

When they asked for more details, they were stunned again.

There was really someone who was deliberately spreading the key, but how did he have so many keys?

When they were first born, there were at most 10000 keys. But now, this guy was actually carrying them in a sack. How many keys were there!

Also, according to these people’s descriptions, it didn’t seem to be a single person, because these keys were basically distributed at the same time. It was a group of people on various stars who distributed a large number of keys at the same time.

Who were these people?

“He said that he was the one who taught Dao. He even asked me if I was interested and if I wanted to join. If I joined, he would teach me the way to duplicate this thing. At that time, I didn’t even know what it was, so I didn’t agree.”

From one of them, they obtained more detailed information.

After hearing this, they were even more shocked.

The key could be copied?

F \* ck!

They all wanted to curse!

When they thought about how there were people using the same method to copy and spread the key like crazy on the four planets, they felt dizzy.

They could still seal and suppress a single Azure meteor, but if it spread throughout the starry sky, how could they seal it?

In this starry sky, there were more than 100000 Saint level stars, not to mention those lower level stars, which were simply uncountable.

The green-robed elder stood in place for a long time before he suddenly raised his hand and covered his chest.

He almost vomited blood.

If they had known this earlier, they wouldn’t have worked so hard on the Azure meteor star and even provoked a peerless and terrifying devil. Even their own Starship was destroyed and half of their nine tribulations elders died.

This was a bloody loss!

“How did this happen?”

That ning Yuzhen’s face was also filled with shock.

She mumbled to herself, unable to believe what she was seeing.

Who was it that had such great magical powers and grasped the method of copying the key? who had even left the planet and spread the key out before they had sealed it?

This person had probably expected that once they arrived at Cangliu, they would seal their stars and seize all the keys.

This kind of intelligence was already powerful enough, but what was even more amazing was this person's ability to act. It didn't take long for him to spread the key to all the stars, and he even used the method of imparting knowledge, one to ten, ten to a hundred.

If they spread it this way, it wouldn't be long before the key was known throughout the entire origin immortal domain.

By then, there would be billions of keys.

At that scale, it would be completely impossible for the nine magnates to monopolize the spiritual void realm.

Even if the nine of them joined forces, they wouldn't be able to suppress everyone in this starry sky.

After all, the temptation of a true immortal's inheritance was too great, and it could make countless people take risks.

"This is too terrifying!"

She mumbled again and raised her head to look at the sky."Do you think that this person is secretly controlling everything from the birth of the key to the spread of the key to all parts of the starry sky? everything is part of his plan?"

"Him?"

Everyone was stunned.

Following her line of sight, they were all shocked and their expressions changed.

That's right!

It seemed that this person was the only one who could do this!

It was the spiritual will left behind by the ancient spirit illusion Saint that was controlling everything from the back. He did not want the world he created to be monopolized by the nine superpowers, so he planned all of this.

They raised their heads to look at the sky, their expressions filled with fear.

They had thought that by monopolizing all the keys in reality, they would be able to dominate this world. However, they did not expect that this Saint had already anticipated everything and easily disintegrated their intentions.

Perhaps, at this moment, the spiritual will of this Saint was watching them.

"Hurry up! Get down!"

When they thought of this possibility, they shivered and their faces turned pale.

Who knew what would happen if they angered an ancient saint's divine sense? it was possible that the Saint would imprison their true spirits in this world forever.

They didn't dare to stay any longer and went offline.
