

The Mightiest Little Peasant Chapter 2868

In the depths of the starry sky.

There was a star field that was covered in layers of halos.

Each ring of light was a Grand formation, incomparably vast, and exuded a strong true immortal aura. Clearly, it was the work of a true immortal.

Within the ring, there was a Galaxy with hundreds of stars surrounding it.

This was the great joy Galaxy.

The largest star in the middle was where the mountain Gate of the heaven of great joy was located.

“What? They’re all dead?”

“Trash! You’re all useless!”

At this moment, an angry roar came from a huge Palace floating in the air on the planet.

An evil monk pushed away a woman on top of him and got up from the Lotus bed.

He was naked, and his skin was somewhat translucent like crystal. From time to time, profound runes would appear on his skin, flowing with divine light.

The woman was also naked, but her body was so thin that she didn’t look like a human anymore. Her essence had been sucked dry.

Around the Lotus bed, there were hundreds of such women.

He stepped down from the stairs. His golden eyes shone with a brilliant divine light, and his ferocity was terrifying.

“Great elder, it’s not our fault. It’s that demon. He’s too powerful!”

A monk knelt on the ground, shivering.

He was the only monk who had survived.

“You didn’t complete the mission and even lost someone. You’re a bunch of trash! You still dare to quibble!”

The evil monk shouted and raised his hand. The monk who was kneeling on the ground was grabbed by him and lifted into the air.

“First elder, please spare me!”

The monk struggled in fear and kept begging.

His face was extremely pale as he looked at the evil monk in front of him with extreme fear in his eyes.

This was the great elder of the heaven of great joy, a figure who held real power in the sect. His cultivation was extremely terrifying, having already reached the peak realm, and he was one of the few powerhouses in this celestial realm.

Moreover, this person’s heart was incomparably Savage. In the sect, there was no one who wasn’t afraid of him.

“I’d like to see how powerful that demon is!”

“Hmph!” The evil monk snorted and grabbed the monk in front of him, pressing his palm on the monk’s head.

The soul searching technique was activated.

The monk didn’t dare to resist and allowed the spiritual sense to enter and search his soul.

“A celestial artifact?”

“He blew up a Starship with one punch? It’s indeed quite powerful!”

A moment later, the evil monk opened his eyes, and a look of shock appeared in his golden pupils.

That guy in white was only at the Dao gathering realm, but he was extremely powerful.

“It’s his body. There’s something strange about his body. I’ve never seen such a divine body. It’s even stronger than mine!”

He looked at it again and found some clues.

The other party’s physical body was unbelievably strong.

“How could such a person come from such a small Azure meteor star!” He mumbled, frowning.

“Hmph! I’ll let you off this time!”

Then, he let go of his hand and threw the monk out.

“Many thanks for first elder’s mercy!”

The monk was overjoyed. He kneeled on the ground and kowtowed excitedly.

“This person’s body is so magical. If I can get it and refine it, it will be a treasure! Moreover, he has a defensive celestial artifact!”

The evil monk stood where he was and pondered for a moment. Then, a hint of greed appeared in his eyes.

“Also, what’s with that spiritual void realm? those lowly ants are not qualified to cultivate the true immortal’s inheritance. Someone, spread the news. Whoever dares to secretly learn the true immortal’s inheritance will have their entire family exterminated.”

“All elders, get up immediately and rush to various parts of the starry sky to collect keys. Take as many as you can!”

“Guardian-level elders, follow me to the Azure meteor star!”

He shouted towards the outside of the hall.

Very quickly, the countless pagodas and halls below the palace began to boil.

Countless divine lights shot into the sky. Each of them was a burly monk as strong as an iron tower. They were dressed in demonic clothes and had an evil temperament.

They were all filled with killing intent.

They had already heard that the people they had sent to Cang Liu star were almost completely annihilated, and only one person had returned.

This was a great humiliation to the heaven of great joy.

He had always been the one killing others when he was happy. He would never allow others to kill their people.

“Kill!”

“Exterminate that demon’s entire clan!”

They shouted loudly, their killing intent soaring to the sky.

“Go! To cangliu!”

The Grand Elder put on a golden Kasaya and rushed out of the palace. He waved his hand and summoned a golden ship, then boarded it.

Then, figures flew over from all directions and landed on the ship. All of them had the aura of the Dao integration realm.

There were a total of eight of them, and they were the most powerful of the elders on the day of great joy. They were also the Guardians.

In all four directions, there were even more huge ships that appeared. Countless monks swarmed onto the huge ships and sailed in all directions of the starry sky.

As for the ship carrying the great elder of great joy heaven and the eight great protectors, it directly rushed out of the star, tore open the void, and headed in the direction of Azure meteor.

At this moment, Azure meteor star, Ji family.

In the dark room, Tang Hao's eyes narrowed slightly, and a cold killing intent appeared.

He had already seen everything that was happening in the distant great joy Galaxy.

"Almost twenty days!"

He estimated that if he rushed over at his fastest speed, he would be able to reach here in about 20 days.

"One peak stage and eight Dao integration experts. That's not all. There are also a few people who have been conferred the title of Buddha in the heaven of great joy, and they are all peak stage old monsters."

Tang Hao sighed.

The heaven of great joy alone had about five peak-stage cultivators. Pangu sacred Hall only had a few peak-stage cultivators, not including Liu heihu and himself.

"But that's normal. After all, it's a true immortal, and the environment is so peaceful. It's not like the Holy region, where many Supremes have died and many geniuses have been killed. If it weren't for the threat of the nine-colored tribe, the Holy region would definitely have developed better than this place!"

He quickly felt relieved.

"There are old monsters at the pinnacle. I can't fight them here ... I have to intercept them halfway. It's best if I can take them all down. If that doesn't work, I'll just kill a few of them!"

He pondered for a moment and came up with a plan.

This was not a war between the two races, so they had to fight to the death. The peak-stage old monsters here could run, and he might not be able to kill them. It would be good if they ran away. As for the Dao integration realm cultivators, it would be best if he could kill them.

Dao attainment was what he lacked the most right now.

"I'm going out for a bit!"

He got up and left the pavilion. He called for Ji juechen and told him to move the entire clan into the void and hide.

“Divine ancestor, what’s going on? You’re going to ...?”

Ji juechen was slightly shocked.

“I’m going to the outer space to kill a few people!”

Tang Hao said indifferently.

Then, his figure flashed and disappeared.

The next moment, he appeared outside the Ji family. He turned into a divine light and rushed into the sky.
