

The Mightiest Little Peasant Chapter 2871

“That’s right, he’s the only one!”

“Is he serious? He’s going to deal with so many of us?”

On the ship, the eight great protectors all had faces of disbelief.

This white-robed devil clearly knew their group’s strength, yet he still dared to appear to intercept and kill them. He was probably crazy!

Didn’t this fellow just advance to the Dao condensation realm not long ago? he could only kill someone like spirit Devourer child who was just close to the Dao integration realm. How could he dare to attack a peak expert?

“Hahaha! You’ve got guts!”

The euphoria Buddha narrowed his eyes and stared at the figure in front of him. After sizing him up for a moment, he laughed out loud.

“I haven’t seen such an overconfident person like you in a long time. Today, I’ll send you on your way!”

He sneered again, and his expression became somewhat sinister.

“You guys don’t attack, I’ll kill him!”

He shouted to his left and right. With a stomp of his feet, his figure burst up and swept up into the void.

“Your body is not bad. I wonder how many punches you can take!”

He shouted coldly, clenched his right fist, and waved it a few times. His expression was somewhat disdainful.

This guy’s physical body was indeed extraordinary. It was probably even stronger than his physical body. However, he didn’t just have a physical body. He was a peak expert. His punch not only contained the power of the physical body, but also the power of the Dao technique.

“I should be the one saying this!”

Tang Hao said indifferently as he looked at him.

The euphoria Buddha was stunned for a moment before he burst out laughing.

This guy was probably really a madman, even his mind was not clear.

“I’d like to see what kind of ability you have to be so arrogant!”

His face suddenly darkened, and his body trembled as a shocking divine light burst out.

In the next moment, he moved his body and rushed out, throwing a punch.

Tang Hao stood there and looked on coldly.

Suddenly, he shook his head and a look of disdain appeared in his eyes.

This guy was too far away from the nine-colored tribe's peak!

The euphoria Buddha was stunned for a moment when he sensed his contempt. Then, he flew into a rage.

This bastard actually dared to mock and despise him!

He was really looking for death!

He gritted his teeth, and the celestial core power and Taoist connotation in his body surged crazily toward his right arm. The momentum around him immediately soared crazily.

On the ship, the eight great protectors looked on and sneered.

That guy didn't even move. When he was hit by this punch, he would probably be half-dead!

The strength of a peak expert was not something that this kind of guy could imagine!

Tang Hao only moved when the punch was right in front of him. His body shook, and his aura exploded, turning into a raging tide that swept in all directions.

The next moment, he clenched his right fist and punched out.

"You ... Your aura ...?"

When he sensed this aura, the joyous Buddha was stunned. His eyes could not help but widen and a look of extreme disbelief appeared on his face. The aura on this guy's body had suddenly become extremely terrifying.

The blood Qi that filled the sky shook his heart and mind.

How could this body be so strong to this extent?

This was impossible!

At the ninth tribulation, it was already very difficult to improve the physical body. No matter how much spiritual essence was used to improve it, there was a limit. However, this guy's physical body had actually reached the peak realm. It was really unbelievable!

Moreover, this body was emitting an aura that made his heart palpitate. It was as if he was facing an ancient creature. The primitive and ancient aura was almost suffocating him.

Bang!

Just as his mind was in shock, the two fists collided with a deafening sound.

With the point of collision as the center, a dazzling golden light spread out madly.

Even the void started to twist and crack.

“This power ... Is too terrifying! What the hell was this guy? Is he really a human?”

At this moment, the joyous Buddha was roaring madly in his heart.

His scalp was about to explode.

As the punch landed, he felt as if he was going to be crippled. The power that was surging towards him was boundless and terrifying. It shook his entire body. His internal organs trembled violently and were about to explode.

“My hand ... How did it end up like this ...”

Then, he screamed again, only to see in horror that cracks had appeared on his fist and were spreading to his arm in an instant.

His strongest body was actually about to collapse!

Peng Peng Peng!

The next moment, a series of crisp sounds rang out.

The arm exploded.

As for him, he let out a blood-curdling screech as his body flew backward like a cannonball, smashing hard onto the deck.

The ship suddenly fell silent.

The protectors stood there stiffly, and the sneers on their faces froze.

Then, their eyes slowly widened, revealing extreme disbelief.

In the clash of fists, that fellow was unscathed. On the other hand, it was their Grand Elder, a peak-level expert, whose arm had exploded from the impact. He spat out blood and was sent flying.

How was this possible?

The great elder was clearly the peak expert!

“You ... Who are you? No, you’re not human! You’re definitely not human!” The euphoria Buddha stood up shakily, looked up at the figure in white, and screamed madly.

If this guy was a human, it would be impossible for him to cultivate such a terrifying body!

“You’re the one who’s inhuman!”

Tang Hao chuckled. He lowered his body and landed on the deck, then threw another punch.

Bang!

With another pfft, the joyous Buddha’s body shook violently. He spat out blood again and flew backward, smashing the buildings on the ship.

The group of protectors shuddered once more at the sight of this. Their expressions were already filled with fear.

This was not a Dao condensation realm at all. He was a terrifying peak expert!

This person’s physical body had already broken through the limits of the human race and reached a heaven-defying level!

“What demon? what monster? he’s almost a peerless great emperor!” Someone wailed.

If he wasn’t a great emperor, what else could he be if he could easily crush a peak expert?

This guy was probably a great emperor who had come from the distant celestial realm and had traveled everywhere!

The news that he had just advanced to the Dao condensation realm and was less than a hundred years old was all fake!

They were going crazy!

They had actually encountered an Emperor-level figure!

Wasn’t this like an old man hanging himself and looking for death!

“Quickly run!”

They didn’t even dare to think about attacking. In the face of such a great emperor, they would only be courting death. Didn’t they see that their great elder had been blasted to the point of spitting blood?

“You still want to leave?”

A cold snort suddenly exploded in their ears.

The white-robed figure swept over like a ghost, raising his hand and punching out.

Peng Peng Peng!

There was a series of explosions.

The eight guardians spat out blood almost at the same time. Their bodies exploded and they were sent flying.

The white-robed figure followed closely behind, punching their bodies repeatedly and exploding them over and over again. Then, he took out a dark golden divine furnace, which covered their heads and collected them all.
