

## The Mightiest Little Peasant Chapter 2874

“What a terrifying aura!”

“What level of power is that?”

The xiuzhe in the surroundings exclaimed in shock.

Even from such a distance, they could feel the terrifying aura exuded by the giant Golden Palm. It was like the palm of a true immortal, making their hearts tremble.

“Hurry up! Quickly hide further away!”

Many people reacted and hurriedly fled.

This was clearly a fight between Immortals!

Both sides were peerless mighty figures. With their cultivation, once they were affected, they would end up in ashes.

Soon, everyone reacted and hid far away.

Bang!

The happy Buddha fell to the ground with a deafening sound.

Circles of translucent ripples spread out from the landing point, shaking the entire city into powder. The ground also cracked and shattered.

This situation was as if the heavens had collapsed and the earth had cracked.

In just an instant, the ground had completely collapsed and caved in, forming a huge pit.

At the very bottom, the joyous Buddha was paralyzed there, motionless. His face was as pale as a piece of golden paper.

He looked up at the white-robed figure with a blank expression.

He couldn't believe that a casual palm strike could have such shocking power!

This divine power was no longer like that of a Saint realm cultivator, but almost like a true immortal expert.

“Senior, please spare me!”

He turned over and knelt on the ground, begging.

He was completely terrified and didn't even dare to think about running away.

This person's abilities were too terrifying and powerful to the point that he couldn't even imagine it. What Emperor Aotian, what Emperor Guanlan, all the other great emperors that had appeared in the past ten thousand years in the Daluo immortal domain were far inferior to this person.

This was the true peerless great emperor!

His physical body was heaven-defying and had broken through the limits of the human race. His cultivation base was profound and immeasurable. He had reached the extreme level of both body and magic. With such strength, he could completely dominate the starry sky and be invincible in the world.

He couldn't imagine who else in this world could stop this person.

Only true immortals from the immortal world could rival this person!

"You, should die!"

Tang Hao lowered his body and descended.

He looked at the evil monk coldly, without a trace of pity in his eyes.

The people of Da Huan Tian cultivated perverted Arts and liked to kill indiscriminately. Over the years, many women had fallen into their hands, and many sects and forces had been exterminated by them.

As the great elder of the heaven of great joy, the euphoria Buddha's sins were even more monstrous.

"Senior ... I can give you all my human cauldrons. I can even be your slave and do whatever you want. As long as you spare my life, I'm willing to do anything!"

The happy Buddha knelt on the ground and begged for mercy in a panic.

He was at the peak of his cultivation and had hopes of ascending to become an immortal. He didn't want to die here.

"Hmph!"

Tang Hao laughed mockingly. He was too lazy to say anything else. He raised a hand, conjured a giant Golden Palm, and slammed it down.

Peng Peng Peng!

He did not show any mercy and slapped down one palm after another, causing the body of the euphoria Buddha to explode over and over again. Blood splattered and flesh flew everywhere.

He didn't know how many times he had slapped it, but when the body stopped moving and couldn't be reborn, he took out the divine furnace and put it away.

BOOM!

The divine fire in the furnace burned fiercely, and it began to refine this body.

Soon, balls of golden light flew out of his abdomen.

They were five huge, round Dao beads.

Tang Hao opened his mouth and sucked in all of them, refining them into the immortal abode.

The Dao attainment in his body had also increased to a shocking 20.

“Let’s refine all these bodies. These evil demons and crooked cultivators are no different from fierce beasts in my eyes. After refining these bodies, I can obtain a lot of essence and cultivate many of the nine tribulations. As for the divine soul, forget it, I’ll just kill them all!”

He pondered for a while and used his spiritual will to kill the true spirits of these evil monks. Then, he began to refine his physical body.

“There are quite a lot of things!”

He grabbed the joyous Buddha’s ring and opened it. He was slightly stunned.

It was filled with treasures, even more than Emperor aotian’s.

“I wonder how many people this guy killed and how many sects he massacred to collect so many treasures!” He snorted coldly and threw the ring into his own clear sky ring, letting the numerous split souls sort it out.

The space in his clear sky ring was big enough to store all the treasures.

“Let’s go, time to go back!”

He kept the divine furnace and flew up. Soon, he was out of this star.

He had to hurry back to Cangliu. There should be many people from the other big shots on Cangliu star.

“My cultivation has already reached perfection. Next, I’ll have to deal with the Cang Liu star matter and look around. First, I’ll find my Immortal execution king ring. There are many good things inside, so I have to get them back as soon as possible.”

Along the way, he started to plan.

After his cultivation was complete, finding the ring was naturally his top priority.

There were still many divine materials and even many immortal materials in that ring. Even his portable herb garden was still in the ring. He had to find it.

However, this might not be easy.

After all, this starry sky was too big, and there were too many stars. He had to search through them one by one.

He continued to speed up, and it took him ten days to return to Cangliu.

As soon as he arrived near the Azure meteor star, he received the news from his clone.

He had set up many clones and split souls all over the vast shooting star.

“They all went to the great fate sect and even took lady su away?”

He stopped and his expression changed.

Half a month ago, the people of several big shots had arrived at blue meteor Star one after another and inquired about his situation. They didn't find the Ji family, so they went to the great fate sect.

In the beginning, they had only wanted to find out more about the situation. After all, the first time he appeared was in the great fate sect, and he even stayed there for a period of time.

However, later on, the big shots discovered that lady SU's physique was extraordinary and almost fought over her.

Not only miss su, but ye Siyao also left with them, even bringing along a group of eight tribulation venerable sovereigns.

“This girl!”

Tang Hao grinned.

Didn't this girl hear about the conflict between him and the nine magnates?

Although the nine powerhouses were intimidated by his identity and did not dare to take revenge, and even had the intention of befriending him, no one could say for sure whether they would fall out with him in the future.

“Forget it, it's good to follow. If lady su goes alone, I'll be worried. I have a true spirit in little ye's body. If something happens, I'll know.”

Very quickly, he felt relieved.

At least for now, the nine magnates wouldn't attack him, so they were all safe.

It would be good for them to go to the big forces.

He lowered his body and entered the Azure meteor star, returning to the cloud Sea.

He contacted Ji juechen and found their hideout. Then, he took them back to the Ji family's Island.
