

The Mightiest Little Peasant Chapter 2876

The spirit void continent was extremely lively.

There were people everywhere, and each village was filled with people, making a lot of noise.

“Come on! Let’s form a team!”

“I’m selling fragments! Five bronze ones, anyone want it?”

Such shouts could be heard everywhere in the villages.

Even outside, many big shots were collecting keys everywhere and hunting down the people who were preaching, but it didn’t affect the hot situation in this world at all.

Because there were too many people in this starry sky. The nine magnates couldn’t block everyone, especially the Rogue cultivators, who were not afraid at all.

“I heard that those big shots went to Cangliu, but they didn’t see him. However, they confirmed that the rumors were true. That monster really entered the great Emperor’s treasure, and it was tested that he was only in his 90s!”

“He’s only in his 90s, but he’s already able to kill a Dao integration stage super mighty figure like the spirit Devourer evil child. He’s too monstrous!”

“Exactly! Back then, that monster chased the people of the nine magnates and almost scared them to death. They thought that he was a terrifying old devil, but who would have thought that he was a monster less than a hundred years old!”

His spiritual will moved and he heard countless voices coming from the mainland.

Among them, he could distinguish a lot of discussions about himself.

“It seems that only eight of the nine magnates have gone, and there’s still one happy heaven that hasn’t gone. With the temperament of those Devils, they won’t let this person go, right? why hasn’t there been any movement yet? it’s really strange!”

“Yup! It’s really strange!”

Many people were discussing the reaction of the day of great joy, and some were even puzzled.

“This time, a few of the big shots went to Cangliu. They didn’t see him, but they found a genius. It’s said that he’s very impressive and has a Supreme divine body. Such a body has never appeared in history.”

“I also heard that. The few big shots fought fiercely and were finally taken away by the star Mountain.”

“Speaking of this stellar mountain, they’re really low-key. I rarely hear about their Affairs. If it wasn’t for the competition for geniuses, I would have almost forgotten about such a Big Shot.”

Tang Hao's heart skipped a beat when he heard the discussion.

The star Mountain!

This Big Shot was really quite low-key. Among the nine big shots, his reputation was the lowest, and very few people would mention him. However, to be able to become a big Shot, how could his strength be weak?

Every powerful being had a true immortal behind them.

Star Mountain once had a great emperor called star great emperor. He had ascended a few thousand years ago.

He listened to the voices around him again. There was nothing interesting, so he flew toward the border of the continent.

There, the continent was still expanding, and he needed to improve all the facilities.

At the same time, he also checked the situation of the Jie to make sure that there were no problems.

After all, there were more and more people now. Some of the rules set at the beginning might not be suitable anymore and needed to be changed.

After doing all this, he left the spiritual void realm.

He was quite satisfied with this world.

His original plans and goals had all been achieved. More and more xiuzhe were getting used to this world and treating it as a Second World.

Very soon, this news would spread throughout the entire origin immortal domain.

Through this world, the countless stars of the origin immortal realm would form a world.

The various books and cultivation techniques of the realm would definitely spread throughout the entire celestial realm.

Even if the nine magnates wanted to stop him, they couldn't. This was the general trend and couldn't be reversed.

"Divine ancestor, mirror flower Palace mistress requests an audience!"

He had wanted to continue forging immortal rings, but just as he took out the materials, he heard Ji juechen's report.

Obviously, the news of the Ji family's reappearance had already spread.

“Daoist Tang!”

Tang Hao met mirror flower Palace mistress in the Ji family’s main hall.

His appearance was still the same, extraordinarily handsome, but he looked a little Haggard. It was obvious that the mirror flower Palace had suffered a lot during the star sealing storm.

“Al! I didn’t expect the nine tyrants to be so overbearing. They sealed planets and killed people as they pleased. My mirror flower Palace is better off than them. I compromised a long time ago and gave away the key and the true immortal’s inheritance. ”

“But the mirror flower Palace’s formation was destroyed, and many people died.”

Mirror flower Palace mistress sat down and sighed.

At that time, when the great sun Palace joined forces with other nine tribulations forces and exchanged for a true immortal inheritance, he couldn’t help but look for other forces and exchanged for a true immortal inheritance.

However, the nine magnates arrived before he could even warm up. They sealed the stars and swept through the major forces with lightning speed. The mirror flower Palace was in trouble because of this.

“Daoist Tang, what you’ve done is really satisfying! It’s really satisfying to slaughter the demons of the heaven of great joy and chase the nine magnates to the point that they have to flee!”

Then, he slapped his thigh and said excitedly.

When he had heard the news, he had been extremely happy.

“You regret exchanging the true immortal’s inheritance?”

Tang Hao said.

“No! I don’t regret it at all. I just hate those tyrants. They’re too overbearing. This time, there are many forces like me, and some are even worse. They all hate the nine tyrants to the core. ” Mirror flower Palace head said hatefully.

“The nine magnates have indeed gone too far!” Tang Hao nodded.“What do you plan to do now?”

“This ... Isn’t the news about the key spreading again? I got another one, but unfortunately, I made an oath with my Dao heart that I can’t cultivate the true immortal’s inheritance anymore. ” Mirror flower Palace head sighed.

Tang Hao smiled.“That’s not for sure. When you swore, did you say that you wouldn’t cultivate all the true immortal’s inheritances?” If you don ‘t, you can switch cultivation paths with other powers. This way, you won’t break your oath and affect your Dao heart. ”

Mirror flower Palace head was taken aback.

“Yeah! Why didn’t I think of this?” Then, he smacked his head and stood up in excitement.

“Didn’t you say that the other forces are like you, hating the nine Giants? All of you can join forces and form a force or an Alliance. If something happens in the future, with so many of you working together, you can still resist it. ”

Tang Hao said.

“Alliance? What a good idea! I’ve also had this idea before. All the forces on the blue meteor star should join forces. We’ll do that. The great sun Palace Master and forefather mist spirit will definitely agree. ”

Mirror flower Palace mistress paced back and forth in the palace, her expression growing more and more excited.

This was an excellent opportunity to unite all the nine tribulation forces on this blue meteor star.

“Then what should we call this Alliance? cangliu Alliance?” Mirror flower Palace head said.

“I think it’s better to call it spirit void Alliance. Also, this Alliance can only be kept in private and can not be made public.” Tang Hao said.

“Spirit void Alliance? Good! I’ll call it this!”

Mirror flower Palace mistress pondered for a moment, then said happily.

Everything was because of this spiritual void realm, and this name was more appropriate. In the future, this Alliance could still grow stronger and take in the forces that had been suppressed by several big shots on other stars and support each other.
