

The Mightiest Little Peasant Chapter 2882

The two of them were stunned, and then, their faces revealed anger.

“Brat, what status do you have? how dare you covet this immortal material, you’re looking for death!”

The Wu clan’s ancestor shouted angrily.

His expression was even more disdainful. A mere hedonistic brat dared to covet this immortal material in front of two peak stage old ancestors. He really didn’t know his place!

“Brat, try touching this treasure!” The Zhou clan’s ancestor also shouted.

“Two seniors, I think you’ve misunderstood. I just wanted to help you. Think about it, now neither of you is willing to accept the other, so you can’t take this treasure. If someone comes later and finds this treasure, there will be one more person to snatch it!”

Tang Hao was not annoyed. He was still smiling, and his expression was sincere.

The two of them were terrified when they heard that.

That’s right!

Wasn’t this what they were afraid of!

This kid’s words made sense.

Looking at him again, this kid’s eyes were also quite upright, and he looked very reliable.

That was true! Although this young man was a little foppish, he wouldn’t dare to play tricks in front of two peak patriarchs. They were probably overthinking it.

Besides, even if this kid was really up to something, how could he escape from the hands of two old monsters at the peak?

“Good! Then you keep it first!”

The two of them looked at each other and nodded.

The smile on Tang Hao’s face grew even wider when he heard that.

He slowly walked forward, and with a wave of his sleeve, he gently put away the tablet cast from immortal gold.

“Little brat, let’s go! When we get out and fight, you can take out the immortal stele!”

The Wu clan's ancestor waved his hand and was about to fly up.

The Zhou family elder also took a step back and was about to go up.

This place was not suitable for a fight, any trace of aura could awaken this giant beast. Only when they left this place could they fight with their full strength and decide the ownership of this immortal material.

"Immortal tablet? What immortal tablet?"

However, at this moment, a voice came from below, causing the two of them to be stunned.

Then, his expression changed.

"You little brat, you dare to play with us? You're looking for death!" The Wu clan's ancestor was furious and shouted sternly.

This foppish brat was truly audacious. He dared to play with two peak great ancestors.

Did he think that they couldn't do anything to him just because he couldn't use his full strength here?

"Brat, you're seeking your own death!"

Zhou clan's elder's expression darkened, and he said ferociously, "that's good, whoever kills this kid first can have the immortal material for themselves!" As he spoke, he lowered his body and pounced down.

"Alright!"

The Wu clan's ancestor shouted and rushed down.

The two of them stood on the left and right, their faces filled with mockery and disdain.

Even if he had reached the ninth tribulation, it was because he had spent a lot of resources on him. His strength was not that great. They didn't even need to use their celestial core power. They could kill this kid with their physical bodies alone.

Tang Hao looked at them with the same smile.

These two old men were really stupid!

If they tried to stop him with all their might, it would not be easy for him to snatch it. After all, he could not use his full strength in this place.

Now that the item was in his hands, there was no reason for him to hand it over!

"Two seniors, thank you!"

He laughed, clenched his fists, and punched out.

Bang Bang!

Two muffled sounds.

The four Fists collided at the same time, causing ripples to spread out. The blood sea in the surroundings immediately started to surge violently.

The Wu clan's and Zhou clan's patriarch's expressions changed.

The original contempt and ridicule were gone, replaced by extreme shock and horror.

"What ... What kind of body is this?"

The Wu clan's ancestor's eyes were wide open in disbelief.

Although he had suppressed his strength, the other party was the same. Moreover, this kid was facing both of them at the same time and had to bear two forces. How could he take it and not change his expression?

"Why would I?"

The Zhou clan elder cried out in shock as if he had seen a ghost.

This good-for-nothing brat actually received a punch from two of their peak experts at the same time. He wasn't dreaming, right?!

Otherwise, how could there be such a ridiculous scene!

Even if it were other old monsters at the peak, it would be impossible for them to take their punches at the same time without changing their expressions!

What was the background of this foppish brat?

"Who ... Who are you?"

After retreating a little, the Wu clan's ancestor shouted. He stared at the other party, as if he wanted to see what was wrong.

This guy was definitely not a popinjay. Which popinjay could have such a powerful body?

Wait a minute, his clothes ... Seemed to be Suyi!

Oh my God!

He dared to enter the blood sea in plain clothes and was still safe and sound. He had just received two punches from the two old monsters at the peak of their cultivation, and his clothes were still intact. What kind of powerful physical strength was this?!

The Zhou clan elder took a few steps back, sizing him up.

“He’s dressed in white ... Could it be him?”

Suddenly, his mind moved and his expression changed.

Then, his gaze changed, revealing extreme fear.

“Old ghost Zhou, you know who he is?” The Wu clan’s ancestor was shocked.

“The only one who matches his characteristics and is so powerful is that Cangliu!” The Zhou clan elder said in a low voice.

“Cangliu? Are you talking about that heaven-defying monster?”

When the Wu clan’s ancestor heard this, his expression changed. When he looked at the white-robed figure in front of him again, his eyes revealed a strong sense of fear.

That freak of a Cangliu!

Of course, he had heard of it. It had spread throughout the spirit void realm and caused a sensation in all four corners of the celestial realm. He had once single-handedly killed the people sent by the heaven of joy to Cangliu, and even killed the people of the myriad beasts sect, the sun Moon sect, the Temple of Silence, and other forces.

He was fighting against the nine overlords of the celestial realm alone!

This was something that no one had ever dared to do in this immortal realm.

Therefore, he was also known as a peerless madman.

What was even more terrifying was that out of the nine magnates, eight of them had already reconciled with this person and made peace with him. The only one left, da Huan Tian, was also silent, as if it had been shocked by this person.

This was enough to show how terrifying this person’s background was!

Motherf * cker! It was actually this terrifying kid!

The Wu clan’s ancestor’s face twitched, and he had the urge to vomit blood.

How could he have thought that this foppish fellow was actually such a heaven-defying monster!

Moreover, this kid was too F * cking devious and cunning! Even an old monster like him was fooled!

This was too detestable!

“What a deep scheme!” The Zhou clan’s old ancestor was also extremely shocked.

He had thought that the person who dared to confront the nine overlords and kill the people of the sky of great joy would be an arrogant and unruly person. He did not expect that he would be such a scheming person.

“This is bad!” He sighed in his heart.

Putting aside this brat’s terrifying background, he was powerful enough to kill Dao integration stage super mighty figures and chase the nine magnates away. How could he be weak?

In this place, the two of them, who were at the peak, were unable to use their full strength, so they could not do anything to this kid at all!

“Kid, we know that you’re not an ordinary person, but you’re being too unkind. How about this, you take out the item and split it into three portions, one for each of us!”

The Wu clan’s ancestor shouted after a moment of silence.

“That’s right! It’s the fairest way to split it equally.” The Zhou clan elder said.

“I admit that you’re very strong and we can’t do anything to you here. But you have to think about it. If we go out later, can you still stop the two of us?”

“Hand over your things and we’ll let this go.” The Wu clan’s ancestor shouted.

“Yo! It was so lively! What kind of treasure do you want to share?”

At this moment, a burst of laughter suddenly came from the side.

Then, a kind-looking old man with white hair and a white beard in a moon-white Daoist robe came over. He stroked his long beard and sized up the three people in the field with a smile.

In the end, his gaze fell on Tang Hao.

He could tell that the so-called treasure must be on this kid.
