

The Mightiest Little Peasant Chapter 2891

“Let’s go out and take a look!”

He put on the ring that he had Reforged, then stood up and left the hall.

As soon as he stepped out of the palace door, he heard a burst of playful sounds from not far away.

At the same time, the sound of water could be heard.

He looked up and saw that not far away, in the pool, three women were playing around. In the misty water vapor, their figures were looming, graceful and charming, and their curves were impressive, making people Revere them.

He was stunned.

Then, his face turned red.

“Tell them to cultivate properly, but they’re still playing around here!” He even chided her in a low voice.

“Young master!”

At this moment, the three girls in the pond also noticed him.

Ji Qiuci, on the other hand, was very generous. She stuck her head out and called out.

On the other hand, the older sister, Ji chunxuan, was a little shy and sank into the water.

As for Ji Ruyin, she had already dived back into the water with a splash.

Her face was completely red in the water.

“How did I get hit ... It’s so embarrassing!” She mumbled, feeling extremely embarrassed.

Even though there was mist in the surroundings, but how could this normal mist block the sight of xiuzhe?

Although she had already fallen in love with him and it was okay for him to see her, it was also because of this that she felt even more embarrassed.

“If he thinks that my figure isn’t good enough, what should I do?”

She sank to the bottom of the water and looked at the proud figures of the two sisters, Chun Xuan and Qiu Ci, and began to let her imagination run wild.

“Young master, come down and play!”

Ji Qiuci waved her hand and giggled, her eyes full of mischief.

“What’s so fun about water!”

Tang Hao said helplessly.

“Who told you to play with water!” Ji Qiuci said again, her tone gentle and meaningful.

Tang Hao was stunned for a moment.

F * ck! This girl was teasing him again!

He cursed in his heart.

This girl was not afraid of his status and dared to tease him like this.

“You guys play by yourselves! Later, come to my Palace together!”

He flicked his sleeve, turned around, and walked back to his own Hall.

He decided to punish this girl. He couldn’t let her be so free.

“Young master, is there something you need?”

After a while, the three of them finished dressing up and entered the hall.

“I prepared these for you and your sister. Especially for you, you should learn more.” Tang Hao raised his hand and pointed at the mountain of books in front of him.

These were all books on the three Dao of elixirs, weapons, and arrays that he had organized.

Ji Qiuci came up, picked up a few books, and looked at them. Her face fell. It wasn’t that she didn’t want to learn, but there were too many. When would she finish?

The young master was trying to make life difficult for her!

“Young master, if there’s something I don’t understand, can I come to you for advice? Face to face, hand in hand?” She rolled her eyes and pursed her lips into a smile. “Look, these are all so profound. It’s hard to learn.”

Tang Hao was stunned again.

“Al...Alright...Alright!”

He grinned and said helplessly.

He felt that he had miscalculated again. There was nothing he could do to this girl.

“Hehe!”

Ji Qiuci smiled and looked a little proud. “Then I’ll thank you in advance, young master!” As she spoke, she put away all the ancient books.

Ji chunxuan, who was watching from the side, laughed.

She understood her sister’s personality the best. She was very strange and eccentric. As expected, even the divine ancestor could not do anything to her.

However, it was also a good thing that the divine ancestor was a good person and doted on the sisters. Otherwise, a figure like the divine ancestor would not be so easy to talk to.

“And these are also for you.”

As Tang Hao spoke, he took out three more crystal balls and distributed them.

There were a large number of eighth tribulation beast souls in these crystal balls, enough for them to refine several 10000-foot true spirits.

He naturally had a purpose for taking in these two sisters. He did not need things like maids and was not used to it. He wanted to train these two sisters to be independent figures so that they could help him in the future.

Their natural talents weren’t very good, not at the top, but natural talents could be seized and given.

As long as he trained them a little, they would become top talents.

Therefore, he wanted them to refine more true spirits, and it would be best if they could refine more than a dozen. Then, he would use his own blood to refine their physical bodies and give them a few cultivation beads when they advanced to the 9th tribulation.

Two peak experts were born. Moreover, the strength of the two could crush those ordinary peak experts.

If he followed him back to Pangu, he would be able to help him.

As for Ji Ruyin, he was prepared to nurture her first so that she could take charge of the Ji family in the future.

“So many?”

The three girls opened it and were surprised.

“The more true spirits there are, the better. I’ve already made 20, so you guys should make more. You can choose from these techniques.” Tang Hao took out a few true spirit cultivation techniques and handed them over.

These were all carefully selected by him.

“There are also these cultivation techniques, you guys can also cultivate them.” He then took out some inheritances and handed them over. They were all inheritances of immortal kings and immortal emperors.

“Many thanks, young master!”

The three women took a look and naturally saw the power of these cultivation techniques. They immediately said excitedly.

“This should be able to keep them busy!”

Tang Hao chuckled after they left the hall.

Then, he took out a ring and started to refine it again.

Five days passed by in a flash.

After refining the ring, he went to the spiritual void realm.

It had been seventeen days since the Commission was sent out. He wanted to go to the four treasures Pavilion to see if there were any clues.

“Young master Tang, ever since you entrusted us with this task, we immediately sent out the reward and posted it in the spiritual void realm and every corner of the starry sky. We didn’t miss a single star. Moreover, we have posted it on every star and every continent.”

The manager said respectfully when he saw him.

Previously, this person had caused such a huge ruckus, so how could he not have seen it? after knowing this person’s identity, he did not dare to be negligent and passed the news to the headquarters, attracting the attention of those people at the headquarters.

In the past half a month, all the resources of the four treasures Pavilion had been mobilized in order to find out the whereabouts of this ring.

“Then, do you have any clues?”

Tang Hao said.

“Young master Tang, there really are quite a few. We’ve received tens of thousands of clues over the past few days. We’ve checked them one by one, and finally, we found a clue that was absolutely correct.” The manager said.

“Oh? You found the ring?”

Tang Hao was surprised.

“That’s right!” The manager laughed.

“What about the ring?”

“It’s still in the enemy’s hands,”

“Does he have any conditions? You can just ask him to bring it up. Jingshi, medicinal pills, immortal medicine, I have all of these. ” Tang Hao said.

“She said ... She wants to meet you and discuss the conditions with you face to face.”

The manager hesitated for a moment before speaking.

“Face-to-face?”

Tang Hao was even more surprised.

Could it be that this fellow was preparing to demand an exorbitant price and wanted to extort him?

His eyes turned cold as he thought of this.

“Does he know my identity?”

“I don’t know. Don’t worry, we didn’t reveal anything.” The manager said hurriedly.

“Good! Then I’ll go meet him and see what kind of conditions he has!” Tang Hao stood up and said coldly.
