

The Mightiest Little Peasant Chapter 2897

“Gulp!”

In the dead silent square, the sound of swallowing saliva rang out.

After everyone came back to their senses, their faces were filled with shock.

With a single palm, he sent patriarch blood dove flying, and half of his head exploded!

What kind of shocking strength was this!

Although patriarch blood dove wasn't at the peak, he still had two Dao attainment points, which was not something an ordinary Dao integration expert could compare to.

What was the background of this person?

When they looked at the black-robed figure again, their eyes were filled with extreme fear.

Even raging fire ancestor, Hall Master Liu Yun and the others looked grave.

Just now, this guy had used pure physical strength. They had never seen such a strong physical body!

“So strong ...”

The members of the Yun family all exclaimed in shock.

They had thought that he was just an ordinary Dao integration stage old monster, but they had not expected him to be so powerful!

Yun feiwan stood there in a daze for a long time before she regained her senses.

She took a light breath, almost unable to suppress the shock in her heart.

She had never expected that this fellow Daoist would be so powerful.

But then, her brows furrowed and she revealed a worried expression.

This palm could be considered to have completely offended the blood soul sect. The blood soul sect might not be that strong, but behind them stood a Big Shot of the evil way, like the sky of great joy!

What if he offended a giant force like the joyous sky because of this?

She immediately felt a little uneasy, and her heart was filled with guilt.

“You bastard! You dare to hit my face! You're looking for death!”

With a deafening roar, patriarch blood dove soared into the sky. His body was surrounded by a bloody light. His face, which had just been reborn, was extremely ferocious, and his eyes flashed with extreme resentment and hatred.

“I think you’re the one who’s looking for death!”

Tang Hao shouted as he coldly glared at them.

“You ...”

Patriarch blood Dove’s tone became more and more furious. His expression was so ferocious that he looked like he wanted to devour someone.

He didn’t make a move either. This person’s strength was very strong, and it wasn’t suitable to fight him head-on.

“If you have the guts, then tell me your name. Even if you don ‘t, it’s fine. I’ll find out who you are sooner or later. Then, I’ll come to your door and exterminate your entire family.” The blood dove elder said viciously.

Everyone looked on with a gloating expression.

This guy was really unlucky!

There was no good end for those who provoked evil Dao Giants like the blood soul sect and the joyous sky!

The fourth elder, who had been slightly shocked earlier, now revealed a mocking expression.

“Oh! Is that so?”

Tang Hao clasped his hands behind his back and chuckled.”My surname is Tang, and my name is Chuan. Just come to my door. It’ll be better if you call me happy day!”

“Hahaha! How arrogant!”

Hearing this, blood dove burst into laughter.

From this guy’s tone, it seemed that he didn’t even care about the joyous occasion!

What a joke!

Who did this guy think he was? The Heavenly King!

But at this moment, a few disciples of the blood soul sect behind him seemed to have thought of something. Their expressions changed drastically, and they hurried forward to whisper a few words to him.

“What?”

The next moment, patriarch blood dove cried out in alarm, his eyes as big as copper bells.

When he looked over, his eyes were filled with extreme shock. There was even some fear, and his face had turned pale.

At this time, some people in the square also recognized it, and their expressions changed drastically.

They whispered to the people around them.

As a result, their faces changed. Many of them turned pale and showed some fear.

“What? It’s him?”

Raging fire ancestor was sitting upright when someone came up from behind and whispered a few words to him. He trembled and almost dropped the wine cup in his hand.

When he looked up again, his eyes were already filled with fear.

F * ck!

How could it be this pervert!

He was cursing in his heart.

The person in front of him was a complete freak. Let alone the day of great joy, he didn’t care about any of the big shots. When he was in cangliu, he dared to chase and kill the people of the nine big shots, but the nine big shots couldn’t do anything about it.

Not only did he not seek revenge, but he also tried his best to befriend him. It was said that a few days ago, the Daluo heavenly Palace’s Lingxiao holy man, as well as several other holy men from the star Mountain and the fen family, had personally gone to the spiritual void realm to meet him!

On the day of great joy, the people on the ship who were slaughtered didn’t even let out a fart.

What was even more terrifying was that this guy was only in his 90s!

Such a character was simply a world-shaking existence!

He couldn’t be provoked! He must not be provoked!

He put down his wine glass, wiped his sweat, and quickly stood up.

In all four directions, many people stood up one after another, all of them with a look of fear and trepidation.

Seeing this, the Yun family members above were all a little confused.

They didn't understand why these people had such strange reactions. They seemed to be a little afraid and terrified.

Were they afraid of that person?

But how was that possible?

The forces here were all top forces on the planet of the Holy beast. Forces like the blazing fire sect and the flowing cloud Palace were ranked among the top in the entire celestial realm. Even if this person came from one of the nine great forces, there was no need for them to be so afraid!

"What's wrong with them?"

The fourth elder asked, his face full of doubt.

The next scene made him tremble and freeze on the spot.

Those people actually rushed forward. When they arrived in front of that guy, they bowed one after another with an extremely respectful look. Even the raging fire ancestor, the palace Master of flowing cloud Palace, and other peak old monsters did the same.

This scene was too shocking and unbelievable!

Everyone in the Yun family was also stunned.

"This ..."

Yun feiwan's Red lips parted as her beautiful eyes widened in shock.

The shocking scene in front of her eyes had completely stunned her, and her mind was a little blank.

"I didn't know that young master Tang had arrived. My raging fire sect's words offended you a little, I hope young master Tang can forgive us!"

Raging fire ancestor was the first to step forward and bow.

"So it's young master Tang! I was just wondering how he could have such an elegant demeanor! It was all a misunderstanding, I hope young master Tang doesn't take it to heart!" The palace Master of the flowing cloud Palace came to him, bowed, and smiled warmly.

"Young master Tang, it's our fault for not recognizing you earlier. We've admired your elegance for a long time!"

"Young master Tang ..."

The people from the other forces came forward and apologized.

They were all a little nervous and in fear.

Not only did this person have a powerful background, but he was also known as a peerless madman. He even dared to slaughter the people of the heaven of great joy. Moreover, in the spiritual void realm, he had slaughtered all the geniuses of this region and killed the fairy of the quiet Speech House thousands of times.

They would be finished if they provoked such a madman.

“Young master Tang, since you’re standing up for the Yun family, we won’t interfere anymore!”

Then, they all swore not to interfere in this matter and left in a hurry.

“Let’s go!”

As for the blood soul sect, they had already fled in fear. They had all turned into divine light and disappeared into the horizon.
