

The Mightiest Little Peasant Chapter 2898

On the square of the Yun family.

Divine light shot up into the sky, and they were all in a hurry.

Everyone in the Yun family raised their heads and looked at the divine light in the distance. They were all dumbfounded.

They could not believe their eyes.

These people just left like that!

He left in such a hurry, as if he was fleeing.

And the performance of these forces just now was even more unbelievable.

These were all top forces on the planet of the sacred beast. They were all peak Dao integration experts, so why were they so respectful and afraid of this person?

Who was he?

They retracted their gazes once again and turned their attention to the black-robed figure standing in the square. Their eyes were filled with extreme shock and doubt.

“I’m afraid this person has an extraordinary background!”

“I was wrong!”

The first elder of the Yun family sighed.

He had never thought that this person would have such a shocking identity.

“He ... Who is he?”

Yun feiwan regained her senses and took a deep breath. Her chest heaved up and down.

She had never thought that the helper she had found on a whim would be such a Big Shot with a shocking background!

“I got it!”

Suddenly, someone shouted, his expression excited.

“I’m afraid he’s the heaven-defying monster that shook the starry sky!” He shouted again.

“It’s him?”

Many people had a look of realization, but there were still many people who looked puzzled.

The Yun family lived in seclusion here and had very little contact with the outside world. Other than a small number of clansmen who needed to go out to purchase supplies, the rest of the people basically did not go out, so they were relatively isolated from the outside world.

“A heaven-defying monster? He’s a young monster? It can’t be!”

“Who is he?”

There was an uproar.

“It’s actually him!”

Yun feiwan could not help but gasp.

During this period of time, she had also gone out a few times. Otherwise, she would not have been able to obtain that ring, let alone discover that bounty. She had more or less heard of the deeds of this heaven-defying monster and had a deep impression of him.

How could she not remember a peerless figure who dared to fight against the nine magnates by himself?

However, she never thought that it would be him!

Then, she laughed bitterly.

Her luck was too good, too good to be true. She picked up a ring and it just so happened to be lost by this person.

Her beautiful eyes looked down at the square below and saw a young man standing with his hands behind his back. His posture was as straight as a sword, and there was a strange light in her eyes.

This person’s background was not as simple as it seemed. It was completely unimaginable!

She just looked at it, and her eyes gradually became a little dazed.

The black clothes and the tall and straight posture reminded her of a figure in the depths of her memory.

“What? He even dared to kill the people of the nine magnates?”

“He even slaughtered the people from the sky of great joy?”

From time to time, exclamations burst out in all directions.

The Yun family members were all dumbfounded.

What kind of F * cking awesome person was this?!

How could he be so ferocious!

When the fourth elder heard this, he was completely stunned. He stood there as if he had been petrified.

As for the great elder, after being stunned for a moment, he scuttled up with a bang and rushed to the square below.

“This young master, I’ve been disrespectful! It was my Yun family who failed to recognize your extraordinary identity! Come, come, come, don’t just stand here, come sit up. ”

His old face was almost smiling like a flower.

This was the Savior that the heavens had bestowed upon the Yun family!

With this person in charge, there would be no trouble. Didn’t you see the forces of the intense fire sect all ran away in fear? even if it was the nine Giants, they would be scared away.

As long as this person was here for three months, all the problems would be solved.

The Yun family had to keep her for the next three months.

Tang Hao waved his hand. “I still have some matters to attend to. I’ll be back in a few hours!” After he finished speaking, he turned into a divine light and left.

“Al! Why did you leave?”

When the Yun family saw this, they were all a little anxious.

Why did such a great God leave?

Yun feiwan raised her head and looked at the disappearing ray of light. Suddenly, she felt a little depressed and empty.

“Eh? That direction ... Isn’t that the direction the blood soul sect is going?”

Suddenly, her expression changed, and her eyes revealed a bit of shock.

An extremely bold guess emerged in her heart, causing her to be greatly surprised.

At this moment, far away from the Yun family, a blood-red ship was traveling at high speed, shuttling through the void from time to time.

On the ship, patriarch blood dove stood, his face ashen.

“Damn it, why am I so unlucky to have met this devil!” He raised his hand and slapped the side of the boat heavily as he cursed in a low voice.

Wasn't this demon in the Forbidden Zone of the starry sky?

It's only been a few days, how did he end up on the sacred beast planet? he was even invited by the Yun family.

“Hurry up! Increase the speed!”

He turned around and shouted to the people on the ship.

He had a bad feeling ever since he left the Yun family, and it was getting stronger and stronger.

When he thought of the rumors about the devil, he became even more uneasy.

He had vaguely heard that there had been a huge change in the interior of the heaven of great joy recently. Many important figures had gone missing and their whereabouts were still unknown. It seemed to be related to that devil.

Among them were a few Guardian-level elders, and they were all even more powerful than him.

He even heard an even more terrifying rumor that the great elder, one of the five Buddhas, the euphoria Buddha, had not appeared for a long time. He was said to be in seclusion, but it was probably not that simple.

“Why are you walking so fast?”

Just as he was feeling uneasy, a cold voice suddenly came from the void above his head.

In the next moment, the winds and clouds in the surroundings changed drastically.

An extremely terrifying aura covered his head.

He looked up and saw a giant Golden Palm that covered the sky. It was like the hand of a God and slapped down.

Boom! Boom! Boom!

As the giant palm slammed down, the void in all directions trembled and a thunderous sound was heard.

“Heavens!”

The hearts of everyone on the ship trembled, and their faces turned pale.

“Hurry up! Quickly activate the formation!”

Patriarch blood dove roared.

The aura around his body surged and poured into the ship under his feet, trying to block this shocking palm with the ship's defensive array.

Bang!

There was a loud explosion.

The Golden Palm smashed down and instantly destroyed the layers of arrays on the ship.

Peng Peng Peng!

The blood soul sect members on the ship were blown apart one after another, some of them even turned into dust.

Patriarch blood dove spat out a mouthful of blood and fell down along with the wreckage of the ship.

“Something's wrong! How could this guy have such a shocking cultivation? This was not just the peak! He wants a higher, more terrifying cultivation base. Just how much Dao attainment does he have?!”

Patriarch blood Dove's heart was filled with horror.

From this palm, he could see that this guy's cultivation was far more terrifying than ordinary peak stage cultivators. It was even more than the standard of six or seven DAOs, which was simply incredible!

Bang!

His body fell down like a meteor, smashing the mountain below him. The mountain was blasted into dust, and a huge pit appeared.
