

The Mightiest Little Peasant Chapter 2899

“Is this guy really a young genius?”

Patriarch blood dove rose to his feet, his expression one of utter shock.

It was said that this person’s cultivation base wasn’t high, and after killing the spirit devouring evil child of the heaven of great joy, he had only one trace of cultivation base at most. But now, it wasn’t just one, it was seven, or even more.

This level of cultivation was truly shocking!

“Run!”

He immediately tore open the void and travelled.

As long as he could return to the sect and activate the formation, he would be saved.

“Hmph! You’re only at the second level of cultivation and you want to escape from me?”

In the sky, Tang Hao extended his hand, and another giant Golden Palm condensed, blasting the group of blood soul sect disciples apart. Then, he took out the great void divine furnace and collected them all.

These people’s cultivation wasn’t high, but when added together, they could condense a Dao bead.

Then, his figure swayed as he tore open the void and chased after them.

Half an hour later, he caught up with patriarch blood dove. When he was about to travel through the void again, he condensed a palm and slapped it.

Then, with a wave of his sleeve, countless array flags flew out and suppressed the heaven and earth.

“Don’t ... Don’t kill me! I can give you whatever you want.”

After being hit twice in a row, blood dove was in a sorry state. His blood-red robe was in tatters, and his Qi movement was a little weak.

At this moment, his face was full of panic and fear.

He had been cultivating for thousands of years and had traveled the universe. What had he not seen? but he had never been as scared and desperate as he was today.

As an expert of two paths, even if he encountered an old monster at the peak, he would have the power to resist and would not be in danger of his life. However, the demon in front of him was several times more terrifying than the old monster at the peak. He was so strong that he felt a little desperate.

Tang Hao chuckled and slapped him.

Peng Peng Peng!

After a dozen or so palm strikes, he was almost killed. Then, he took out the divine furnace and put it away.

He activated the divine furnace, and after refining it for a while, two huge golden balls flew out from the furnace. They were bright with divine light, and various phenomena of the great Dao appeared. They were Dao attainment.

Then, rays of golden light flew out of the furnace. They were all Taoist connotation.

Tang Hao opened his mouth and inhaled all of it.

After the Taoist connotation entered the Holy realm dwellers "mansion, it began to condense. Soon, it formed a complete Tao practice.

"Not bad!"

Tang Hao put away the divine furnace and chuckled.

Three Dao attainment pills were in his hands just like that.

The number of Dao attainment in his immortal mansion had already reached 23.

He then took out all the things he had seized from the blood soul sect disciples and scanned them. He was even more delighted. These people had a lot of treasures, especially patriarch blood dove, who had a rich collection.

After storing everything in his ring, he tore open the void and headed to the Yun family.

At this moment, in the square of the Yun family, the members of the Yun family looked up at the sky from time to time with worried expressions.

Seeing that he had returned, she heaved a sigh of relief.

"Young master Tang, you've finally returned!" The first elder of the Yun family stepped forward and smiled happily. "Come, come, come. Have a seat. Today, the Yun family will thank you properly!"

"There's no need for that!"

Tang Hao waved his hand. "I promised fairy Yun that I'd pretend to be her cultivation partner for two to three months. I'll do as I've promised, but I won't be staying at the Yun residence for the time being. I still have some matters to attend to."

"Now, these forces have been scared away. I think your Yun family will be fine for the time being."

Hearing this, the first elder was a little disappointed.

He still wanted to keep this person in the Yun family, so that he could better intimidate the other forces.

“May I ask young master what you are busy with? If we’re on the sacred beast planet, perhaps my Yun family can be of some help.” Yun feiwan’s mature and magnetic voice came from the side.

She slowly walked over, her figure swaying.

Wrapped in a black chiffon dress, her delicate body was particularly seductive. Her curves were full and alluring, like a demon.

She smiled sweetly, and her eyes revealed a myriad of amorous feelings, which was particularly attractive.

“I’m looking for some immortal ruins!” “Didn’t they say that there are many true immortal relics on sacred beast planet?” Tang Hao asked.

“That’s true, but most of the ruins have been thoroughly explored, and there’s basically nothing left. Some of them are too dangerous, and even the top experts don’t dare to enter casually.”

Yun feiwan said.

“Then we still have to go and explore. Maybe we’ll have some gains!” Tang Hao said.

“Then I’ll accompany you, young master! I’m familiar with these ruins, so I can lead the way!” Yun feiwan said.

“Yes, yes! Young master, it’s your first time on this planet, so you must be unfamiliar with this place. Let Fei Wan take you there!” The first elder’s eyes lit up and he quickly said with a smile.

If he left now, it was hard to guarantee that those forces would not return and start to plot against the Yun family again.

As long as Fei Wan was with this man and walked around, those forces would not dare to make a move. They would even think that this man had taken a fancy to the immortal beads of the Yun family and would no longer covet them.

“Alright!”

Tang Hao nodded.

This would indeed save him a lot of trouble.

“Young master, are we leaving now?” Yun feiwan said.

“If it’s possible, now is naturally the best time!” Tang Hao said.

“Then let’s go!”

Yun feiwan smiled.

With that, he flicked his sleeve and took out the Dragon carriage.

“Young master, please!”

Her figure flashed and she got into the car.

Tang Hao nodded, then leaped into the carriage.

Soon, the two flood Dragons raised their heads and roared. They galloped up and pulled the carriage, turning into a stream of light and leaving.

“Hu!”

On the square, the head elder of the Yun family looked up and watched the divine light disappear into the sky. He couldn't help but let out a heavy sigh of relief, and his expression relaxed.

“The heavens are really blessing our Yun family!”

“Yup! I didn't expect that Fei Wan would find such a figure in a casual search. Even in the era when the ancient true immortals were still around, there wasn't such a shocking figure!”

Behind them, the Yun family members all exclaimed excitedly, their faces full of joy.

However, not everyone was like this. In the crowd, the fourth elder's face was sullen, and his eyes were somewhat gloomy.

Tang Hao sat cross-legged in the speeding car.

In front of him, Yun feiwan knelt down. Her waist and hips outlined an alluring curve.

Her beautiful eyes were sizing up the young man in front of her, and from time to time, there was a strange light flashing in them.

Suddenly, she seemed to have thought of something, and her cheeks blushed.

It was said that this person was not even a hundred years old, while she was already more than three thousand years old. The two of them were now pretending to be cultivation partners, and she had taken full advantage of it.

“What's wrong?”

Tang Hao said when he saw the change in her expression.

“It's nothing!”

She immediately shook her head and smiled. "I was just surprised. I didn't expect you to be so young."

"Oh! This is nothing!"

Tang Hao chuckled.

"Yup!" She nodded with a smile, and then said seriously, "since you want to find the ruins left by the true Lord of many treasures, the first place we have to go is naturally the treasure Mountain. That's the place where the true Lord of many treasures once lived!"

As she spoke, she took out a map and pointed to one of the places.
