

The Mightiest Little Peasant Chapter 2903

In the bedroom, Tang Hao opened his eyes.

He had naturally heard everything that was said just now.

He sat up, but his mood was a little complicated.

“Forget it!”

After a long time, he sighed. Perhaps it was really as she said, that they would meet again in the celestial world!

He stood up, put on a plain robe, and walked out of the hall.

It was empty outside, and there was not a single person in the Yun family.

Just a moment ago, a large ship had already left with all the members of the Yun family. They were clearly going to find the sacred beast immortal Palace.

Tang Hao did not follow them. Since they were reserved for the Yun family, he would not go.

He stopped for a moment, then flicked his sleeve and took out the star Shuttle.

He had been out for two and a half months. It was time to go back.

He traveled at full speed. Seven days later, he returned to the Forbidden Zone and entered the body of the star Devourer beast.

“Young master, you’re back!”

Seeing him, Ji Qiuci was the first to come out to greet him, her face full of joy.

“Young master, I heard that you went to the Holy beast planet and caused a huge commotion!” She looked at Tang Hao from head to toe. “Didn’t that fairy Yun come back with you?”

“What’s there to be shocked about?”

Tang Hao chuckled. “Why are you so nosy? how’s your alchemy skills? Also, the Dao of talismans, the Dao of crafts, and your true spirit. You haven’t been slacking off during this time, have you?”

Ji Qiuci’s face fell immediately.

“I’m just concerned about you, young master!” She mumbled.

“Alright, go back and cultivate!”

Tang Hao waved his hand and dismissed her.

“When their true spirits are almost complete, they can undergo the Tribulation and reforge their bodies. I just happen to have that Green Lotus. I’ll take some lotus seeds and some rare spirit herbs from the herb garden. Finally, I’ll fuse them with my blood essence and I’ll be able to refine Supreme-grade divine pills.”

Tang Hao pondered.

Originally, he had only wanted to use his blood to temper their bodies, but now that he had a batch of immortal level plants and had found his own medicine garden, he had the idea of refining pills.

With the Lotus seed of the immortal level green Lotus and his own blood essence, the effect would undoubtedly be better.

“Since it’s a pill that was refined using my own blood, I’ll call it the clear sky divine pill. Although it might not be stronger than the void divine pill, it won’t be too far off. It can also break through the limits of the human body.”

He walked back to his own Hall and pondered over the pill along the way. He was a little excited.

He had created many elixirs before, and the most famous one was the many children divine elixir. The clear sky divine elixir was undoubtedly even more powerful.

After sitting down in the hall, he thought about it for a while and decided on the pill recipe. All the ingredients were top-grade.

“There’s no hurry to refine it, they’re still far from transcending their tribulation!”

After deciding on the pill recipe, he put it down, turned around, and entered the spiritual void realm.

He had already finished deducing the matter of the friend system. All he needed to do was to add some talisman matrix in the spiritual virtual realm.

Right after he stepped into the spirit illusion realm, an announcement was made on the spirit illusion continent.

“What? System update and upgrade? What the hell?”

“Add a friend system? What is this?”

When everyone heard this, they were all a little stunned.

“This spiritual void realm can actually be upgraded? It seems that senior left behind no ordinary spiritual sense!”

There were also many people who were extremely shocked.

If it was an ordinary spiritual will, it would not have the ability to change the settings of this world at all. At most, it could only maintain the operation of this world.

When they went down and spread the news, the starry sky was in an uproar.

The virtual spirit realm was actually going to be updated, and a friend system was going to be added!

This piqued everyone's interest, and they were all looking forward to it.

The days of waiting for the update were extremely anxious. Countless people took the key and kept trying, waiting for the spiritual void realm to reopen. They would be the first to rush up and try out this friend system.

Three days later, someone finally ascended.

"What is this? Why is there a jade pendant?"

He entered the spiritual illusionary realm and immediately found a jade pendant on his waist. Picking it up, a light screen immediately opened up, showing many things on it. There was a box in the middle, prompting him to enter a name.

"This name will be your name in the spiritual void realm. Others can use this name to search for you and add you as a friend. You don't need to meet each other and can exchange messages through this jade pendant."

In the sky, a ray of light shone down.

Tang Hao made his grand entrance.

"Do you want to write your real name, Daoist name, or alias?" That person asked in bewilderment.

"Anything is fine!"

Tang Hao said with a smile.

"Then ... Wang er?"

The man hesitated.

"Congratulations, name input completed!" Tang Hao flicked his sleeve, and Wang er's name appeared on the frame.

"Al! Wait, I'm just casually saying it!" That person was anxious.

The name Wang er was too old-fashioned.

"I'm sorry. Once the name is confirmed, it can't be changed for a year!"

The man's face fell and he wanted to cry but had no tears.

"Hahaha! Wang er? This name is too old-fashioned!" The people who came from behind laughed out loud.

"Senior, any name is fine? Is there a word count limit?"

Someone asked curiously.

"No restrictions, you can call me whatever you want! "For example, a leaf knows autumn, and it's Gone with the Wind ..." Tang Hao said.

"Then ... What about the extremely handsome?"

"Sure!"

"The young woman's friend?"

"That's fine too!"

Tang Hao kept nodding.

As a result, strange names were born one after another. Literary style, rustic style, melancholic style, and all kinds of styles and schools kept emerging.

They added each other as friends and tried out the system. They were shocked.

This was too convenient!

Whatever news they wanted to send, they could immediately send it to the other party. Originally, when they sent news in the spirit illusion realm, they had to cross villages. After all, this spirit illusion continent was extremely huge. But now, with this system, they didn't even need a breath's time to send the news.

With this system, even if they were on both ends of the universe, they could communicate with each other immediately and even chat smoothly.

"It's amazing!"

"This is simply an epoch-making product!"

Everyone exclaimed in admiration.

Originally, the appearance of the virtual spirit realm had already changed many things, pulling the starry sky closer. And now, the birth of this friend system had undoubtedly brought about even greater changes.

"Senior is truly a God!"

“Senior’s talent is simply shocking! He’s truly unprecedented and will never be seen again!”

They all praised and started to flatter.

“Eh? What was this? People nearby? And What’s this? shake it to find you a good friend of the opposite sex?”

Then, they carefully examined the system and discovered more and more magical functions, especially the shaking. It simply made their hearts itch and they couldn’t stop shaking.

When this news spread, the starry sky was in an uproar again.
