

## The Mightiest Little Peasant Chapter 2908

“Six DAOs ... It’s actually six DAOs ...”

Fourth elder Yun stood there in a daze, as if he had seen a ghost.

This brat’s cultivation base was not one Dao as he had thought, but the terrifying six Dao!

This was simply too heaven-defying!

“Hahaha!”

Then, he burst out laughing.

No matter how monstrous and heaven-defying this kid was, so what? he was still toyed with in the palm of his hand.

“Kid, I quite admire you!”

He laughed mockingly and reached out his hand to grab the three round, bright golden Dao beads. He swallowed them in one gulp.

“Don’t worry, I’ll let you die a quick death later. ”

As he said that, his face revealed a hint of anger, and his killing intent was revealed.

“A!”

The group of Yun family members sighed in their hearts.

This young man was too stupid. His cultivation was clearly so heaven-defying. If he had chosen to resist, he might have been able to resist. Now that he had given up his cultivation and helped this traitor, all of them were finished.

“You’re still too young, too pure, too naive!”

Grand Elder Yun sighed in his heart.

Meanwhile, Tang Hao’s mouth was wide open as he smiled.

“What are you laughing at?”

Fourth elder Yun was startled and asked in surprise.

Hearing that he wanted to kill him, how could this kid still laugh?

“Senior, don’t you feel that there’s something wrong with your body?” Tang Hao said with a smile.

“Eh? What’s wrong with that?”

Fourth elder Yun asked in confusion.

“What about now?”

Tang Hao raised his hand and snapped his fingers.

In an instant, fourth elder Yun’s body trembled, and his expression changed drastically, revealing extreme shock.

“What ... What the hell is this? Why is he in My Immortal mansion? And ... What kind of lightning was this? You little brat, what did you do?” He used his inner sight and screamed involuntarily. His expression became a little frightened.

A golden figure appeared in his immortal abode. His face couldn’t be seen clearly, but he had an extremely terrifying aura and was emitting shocking lightning.

He had never seen such terrifying lightning!

He frantically activated his immortal mansion in an attempt to kill this thing. However, that thing was too powerful. With a flash of lightning around its body, his immortal mansion exploded inch by inch.

“Don ‘t!”

“Get out!”

He screamed in fear.

The immortal mansion was the foundation of a cultivator. For a nine tribulation cultivator, the immortal mansion was also a place to accommodate his cultivation. It was particularly important. Once the immortal mansion was destroyed, he would be completely useless.

“You swallowed it yourself, and now you want to drive it out? how can it be so easy!”

Tang Hao said mockingly.

If this guy wasn’t so greedy and didn’t lose his mind after seeing so much Dao knowledge, his plan wouldn’t have succeeded so easily.

“Quick, take this thing back, I ... I’m begging you!” He lay paralyzed on the ground, begging in pain.

In his body, the immortal mansion was rapidly collapsing, and even though he had refined three Dao beads, he still couldn’t do anything to that terrifying thing.

“What’s going on?”

Everyone in the Yun family was stunned.

Just a moment ago, the traitor was still very proud. But in the blink of an eye, the situation had reversed. Looking at the traitor's face, he seemed to be in pain. What kind of method did that person use to make a powerhouse who was close to the peak suffer so much?

Grand Elder Yun was even more shocked.

He looked at the white-robed figure and suddenly laughed bitterly.

Just now, he thought that this young man was too naïve and innocent. Now, it seemed that he was the one who was naive.

How could a genius who was less than a hundred years old possess the cultivation of the six paths be so simple?

Tang Hao walked away with his hands behind his back.

"The core that controls the immortal estate should be in your hands, right? Hand it over!" He walked in front of fourth elder Yun and looked down at him from above. He said coldly, "or, I can kill you and find it from you."

"I'll pay! I'll give! This was the core! First elder, help me plead for him to stop! I don't want to be a cripple!"

Fourth elder Yun took out a golden seal and threw it on the ground. Then, he crawled toward first elder Yun and begged.

Tang Hao reached out and grabbed the golden seal, then sent his mind into it.

"You won't let me refine it? Hmph! I'd like to see if you can stop me!"

A force gushed out from the golden seal to stop him from refining it.

However, how could this stop him? with a thought, his power of true spirit erupted and poured into the golden seal. He suppressed the power in an instant and easily refined the golden seal.

Soon, he figured out the function of the golden seal. With a gentle activation, the divine light that was suppressing the Yun family dissipated.

"Hahaha! I can move!"

Everyone in the Yun family stood up and cheered.

"Many thanks, young master Tang!"

Grand Elder Yun did not even look at Yun si after he stood up. Instead, he bowed deeply to Tang Hao.

Yun feiwan stood up and opened her mouth, but she didn't know what to say.

Her brows were slightly furrowed, and her face was full of guilt.

"I wanted to say something just now, but I couldn't!" She said in a low voice, her eyes lowered, not daring to look at him.

"I'm fine!"

Tang Hao smiled.

They weren't real cultivation partners. They had only had a night of fun and didn't have any deep feelings. Moreover, in that situation, not handing over his cultivation was the best choice. He only chose to hand it over because he was confident in dealing with this guy.

"Grand Elder, Fei Wan, please save me!"

Fourth elder Yun knelt on the ground and begged.

In his body, the immortal mansion had almost collapsed. The six cultivation beads he had just swallowed had all been swallowed by the monster, leaving not a single one behind. At this moment, he was no different from a cripple.

"Hmph! You've brought this upon yourself!"

Grand Elder Yun glared at him coldly, then turned to Tang Hao. "Young master Tang, I'll have to trouble you to kill him for good!"

"Alright!"

"Yes," Tang Hao replied. He reached out and summoned the divine furnace.

That fourth elder Yun didn't even have time to let out a miserable cry before there was no more sound.

"I'm really ashamed!"

Grand Elder Yun looked to his left and right and could not help but smile bitterly.

The Yun family was in such a sorry state. If it wasn't for young master Tang's help, the traitor would have succeeded.

"My Yun family can't repay young master Tang's kindness!"

He bowed deeply again.

"Many thanks, young master Tang!"

The Yun family members behind him also bowed and expressed their gratitude.

The Yun family had been greatly indebted to this man. Last time, he had helped them drive away the various factions on sacred beast planet and protected the Yun family. Now, he had saved them from the hands of the traitors. This was two great favors!

“It’s no trouble at all!”

Tang Hao waved his hand and said calmly.

As he spoke, he had already taken back his original self and refined the six cultivation beads again. At the same time, he also took the things from fourth elder Yun and put them into the clear sky ring.
