

The Mightiest Little Peasant Chapter 2923

The vast starry sky gradually boiled.

The appearance of the spiritual void realm shook all the immortal domains.

There were countless disputes surrounding the spiritual void realm and the inheritance of true immortals. However, no matter how those giant forces suppressed it, they could not suppress the momentum of the development of the spiritual void realm.

In an extremely short period of time, the news had spread throughout these celestial realms.

Saint Ling Xu's name also spread and shook the starry sky.

The people of the square immortal domain were all imitating the people of the origin immortal domain and had erected many statues of saints.

The people from different immortal domains were also connected through the spiritual void realm, which greatly promoted the communication between these immortal domains.

Tang Hao had already passed through seven immortal domains and was approaching the center of the starry sky.

"We've arrived at the Tongtian immortal domain!"

The star Shuttle passed through an area of dead stars and entered another immortal domain.

This domain was called the heaven-connecting realm. Beyond it was the Tianhuang immortal domain, which was also the largest immortal domain in the starry sky. It was the center of the starry sky.

It was said that the name Tianhuang was the name of an ancient Celestial Emperor.

"Ancient wilderness, destruction of heaven, and then planet Tianhuang ..."

When he heard this name, Tang Hao immediately thought of the names of the other immortal emperors.

Without a doubt, the Tianhuang immortal Emperor was the one with the highest cultivation among the rebels.

He flew forward and found a ninth-grade star. Tang Hao began to inquire about the news and spread it to the spiritual void realm.

This was already the eighth immortal domain, but he still hadn't found any information about the mystic Fairy bead.

And eight months had passed.

He had already refined the three clear sky elixir and let the three women consume it.

He had also finished refining the immortal ring, and he had also refined a new clear sky silk and a spear for himself, both using the immortal gold left behind by the senior with many treasures.

Tang Hao planned to keep the rest of the immortal gold for later use by chunxuan and the others, as well as the people from Pangu's Haotian Daoist sect, when they Reforged the immortal mansion.

"Is there still no news?"

He went to many ninth-grade planets and even the largest planet in the area. He made some inquiries on the heavenly sacred planet and still found any news about the mystic fairy Pearl, not to mention the name mu Xintong.

"It seems like I have to go to the Tianhuang celestial realm to find out more."

Half a month later, he set off for the Tianhuang celestial realm.

"Don't worry, young master. We'll definitely get some information when we get to Tianhuang immortal realm."

Tang Hao stood at the bow of the ship and looked into the distance.

Ji chunxuan stood behind him and comforted him gently.

"I hope so!"

Tang Hao said.

If he really couldn't find anything, he could only wait for the spiritual illusion realm to be completely popularized before he could find out through the spiritual illusion realm.

"I think you're almost done cultivating your true spirit. When we reach planet Tianhuang, you can all go through the heavenly Tribulation!" Tang Hao said as he turned to look at Ji chunxuan.

Now, she had eight 10000-feet-tall true spirits, and so did Qiu Ci. However, Ji Ruyin had one more.

This amount of true spirits was already enough. It was time to cross the Tribulation.

When they successfully transcended the Tribulation, he would divide some of his Dao attainment and let them directly reach the peak.

With their powerful true spirits, extraordinary physical bodies, and peak cultivation, their combat strength could completely crush those of the same level.

"Yes! Young master!"

Ji chunxuan bowed and was about to head to the cabin.

At this moment, a wave of abnormal fluctuations suddenly came from not far away from the ship. A circle of ripples appeared in the void there, and a divine light shuttled out. It was a golden ship.

As soon as the ship appeared, it accelerated and was about to head into the sky connecting immortal domain.

However, before he could fly far, another ripple appeared in the void, and another huge ship leaped through the void.

It was hundreds of thousands of feet long and was a top-tier Starship.

“This is ... The Xuanyuan clan?”

Tang Hao’s eyes narrowed when he looked at it.

On the Starship, he saw the totem of Xuanyuan clan. It was a divine mountain with a Divine Dragon coiled around it.

“The Xuanyuan clan doesn’t exist in the Tongtian immortal realm. They must be from the Tianhuang immortal realm. It seems like they are chasing after the divine light.” Tang Hao pondered for a moment and understood the whole story.

Even though he had not yet arrived in the Tianhuang celestial realm, he had heard of the Xuanyuan clan’s name.

The number one clan in the starry sky!

It was said that the Xuanyuan clan was one of the most powerful forces in the starry sky and had produced countless genuine Immortals.

The Daluo heavenly Palace was considered strong, having produced more than a dozen genuine Immortals, but in front of the Xuanyuan clan, they were nothing.

“Human Emperor ... Xuanyuan, how did you become a traitor?!”

Tang Hao looked at the Starship and chuckled.

The family name of Xuanyuan was extraordinary to the human race. It was one of the most prominent family names. However, such a prominent family had betrayed the human race and become a traitor. It was truly ironic.

As soon as the Xuanyuan clan’s warship appeared, it chased after the divine light.

“Old man Li, you’re still running! Do you think you can run away? Even if you run to the ends of the earth, you can’t escape from me, Xuanyuan chengjie!”

“Hand over the treasure now, and I’ll consider sparing your dog life!”

A bell-like voice spread out from the ship.

“Xuanyuan bastard, you’re not human! You’ve killed hundreds of thousands of my Li family’s people. I’m absolutely irreconcilable with you. One day, I’ll take your dog life!” From the fleeing ship in front of them, angry curses and hatred could be heard.

“Devil? You dare to insult my Xuanyuan clan? Such courage! I’ll kill everyone related to you when I return to planet Tianhuang. ”

The voice on the Xuanyuan warship shouted.

His tone was overbearing and extremely fierce.

“Xuanyuan bastard, you’ll die a horrible death! Your Xuanyuan clan has committed many evil deeds, and sooner or later, you will get your retribution!”

“Hahaha! What a joke! Retribution? There is no such thing as retribution in this world. My Xuanyuan clan is so powerful and invincible, who can hurt my Xuanyuan clan?”

The bell-like voice said again and laughed.

“My Xuanyuan clan is the master of this starry sky. If I ask you to hand over the treasures, you should. If you don’t, you’re going against my Xuanyuan clan and you should die!”

Along with the laughter, a bright divine light shot out from the Xuanyuan warship.

The ship in front was hit, and it immediately shook violently. The defensive light curtain exploded, and then half of the ship exploded.

A few screams and muffled groans were heard as figures rushed out of the ship. The leader was an old man with white hair and a white beard. He was wearing a black robe and stood in front of the crowd, but he looked a little embarrassed.

“Hahaha! Do you have any other ships? That’s it, let’s see where you can run now!”

The Xuanyuan warship came to a slow stop, and the glow faded a little, revealing burly figures on the deck. They were all shrouded in the celestial glow like the sun, and they were all of the nine tribulations, including some of the immortal soul third level.

The one in the front was a handsome young man in a golden robe. He was Xuanyuan chengjie.
