

## The Mightiest Little Peasant Chapter 2928

“My friend, there was indeed such a genius in the blue water Palace, but she disappeared after staying for a short time. We’ve investigated everywhere, but we couldn’t find any clues. This has nothing to do with the blue water Palace.”

The purple jade holy man said coldly.

“Oh, really? As far as I know, she disappeared inside your Palace. Do you dare to say that it has nothing to do with your Palace?”

Tang Hao laughed coldly.

The purple jade holy man’s expression changed. How did this guy know that he was killed in the blue water Palace?

“My fellow cultivator, don’t talk nonsense. He clearly disappeared outside ... Besides, this is a matter of the blue water Palace. What right do you have to ask about this?”

“Today is my birthday, and you came to make trouble and ruin the birthday banquet. Today, I have to suppress you. Otherwise, if word gets out, the world will laugh at my blue water Palace for being useless and weak!”

She shouted sternly.

In the next moment, rumbling sounds came from all directions. It was the sound of the Halos rotating and the sect-protecting array being activated.

As the Rings of light rotated, layers of light curtains spread out in all directions.

Seeing this, the cultivators from all four sides retreated until they were out of the sky-floating island.

“This is going to be interesting! The disappearance of the genius of the blue water Palace was most likely caused by the internal department. Now, someone has come to find us!”

“But it’s a pity that this person is really stupid. He actually dared to come in personally and was surrounded by the formation. We’re dead!”

They discussed in low voices.

Looking at the white-robed figure, they all shook their heads, sighing at how foolish this person was.

If he wanted to take revenge, there were many other ways. With his Dao integration stage strength, he could completely make the blue water Palace suffer a fate worse than death and have no choice but to close the mountain Gate. But now, he had come to his own death!

“It’s pretty good. No one can leave today!”

Tang Hao mumbled as he looked up.

“Hmph! You’re only at the Dao integration stage. There are plenty of experts like you in the crystal-clear water Palace!”

A middle-aged female cultivator shouted. With a wave of her sleeve, an Azure flying sword appeared and slashed through the air with a whoosh.

“Is that so?”

Tang Hao smirked. He extended a palm to grab the incoming sword and crushed it.

“It seems that the Masters of your blue water Palace are not that great!”

He kneaded it for a moment, then flicked his hand, and the crystal-like powder scattered.

“You ... You ...”

The female cultivator’s body trembled, and her face instantly turned pale. Her eyes were wide open, filled with shock.

“This ... This must be a ghost!”

“What kind of physical body is this? That’s too abnormal!”

All the cultivators around were shocked and in disbelief.

The cultivators of the blue water Palace were also shocked by this move. Even the purple jade holy man was stunned.

Whoosh!

Just as the middle-aged female cultivator was in shock, the figure in white suddenly appeared and slapped her.

Bang!

Half of her body exploded as she screamed and flew backward.

However, before he could fly out, he was sucked back in and slapped again.

Peng Peng Peng!

Under the shocked and terrified gazes of the surroundings, the Dao integration expert of the blue water Palace was smashed into pieces again and again, and his immortal blood splashed in the air.

The impact of this scene was too strong, and it shook their minds.

This was an instant kill, crushing!

This meant that this person's strength was definitely at the Dao integration stage. He was probably at the third, fourth, or even the peak!

The blue water Palace was in trouble now. Even if they could use the power of the formation to kill this person, they would have to pay a high price.

"Quickly retreat! I'm afraid this person is at the peak!"

The purple jade holy man stood up and shouted.

The people from the blue water Palace immediately stood up and retreated.

"Alright! It turns out that all of you have a share! In order to please Xuanyuan, you took her Mystic fairy Pearl and sent her to the Xuanyuan clan. You ... You are so vicious!"

Tang Hao grabbed the female cultivator's head and searched her soul. He knew everything.

His eyes immediately opened wide, and a monstrous anger poured out of his heart.

His body trembled, and a surging aura frantically spread out.

Weng Weng Weng!

The ground below him trembled continuously. Then, the entire floating island was turned into dust by his terrifying aura.

The presence spread out, and the bodies of the xiuzhe in the four directions trembled as if they had suffered a heavy blow. With a PU sound, they all spat out blood.

"Heavens!"

The xiuzhe were all stunned.

Their eyes were wide open as they looked at the destructive scene in front of them. Their minds were blank.

The aura around the white-robed figure was so powerful that it distorted the void and tore it apart, revealing pitch-black cracks.

Wherever this aura went, everything was shattered into dust. The cultivators who were touched all spat out blood and flew back.

They were completely unable to estimate how strong this aura was.

They had no way to guess what realm this person was in. They only knew that they had never seen such a terrifying aura!

It was really destructive!

He was like a god!

“This ... How is this possible?”

The purple jade Dao master was also stunned. His eyes were wide open and they were about to explode.

This was not the peak at all!

This was more than ten times stronger than the peak, or even more ...

This was simply impossible!

A cultivator’s limit was nine Dao attainment levels!

To reach such a realm, one had to be a true immortal!

“Ah, Yingluo!”

A deafening howl suddenly exploded.

Rings of violent sound waves turned into tangible ripples that instantly spread out.

Peng Peng Peng!

Some of the cultivators in the surroundings screamed again and flew backward. Many of them fell down like dumplings. The floating islands all exploded and turned into fine powder.

In an instant, almost all the floating islands in the sky disappeared.

“All of you ... Should die! The Xuanyuan clan should also die!”

A cold shout came from the center of the terrifying Qi, carrying a cold and bone-chilling killing intent.

The people from the blue water Palace were already in a sorry state. They all activated their treasures to resist the monstrous aura coming from the front.

When they heard this, they focused their eyes and looked forward. They were so shocked that they trembled.

In the center of the violent Qi and the twisted void, a figure in white stood. His white clothes and black hair were fluttering in the wind, and his eyes were filled with a shocking blood light. He was like an Asura with a terrifying aura.

“This is a monster!”

“Hurry up! Quickly call the other two Dao Masters!”

The purple jade holy man screamed.

In the next moment, a giant Golden Palm formed in front of her. It was accompanied by monstrous Thunder and fire as it madly slapped down.

Peng Peng Peng!

The layers of light screens that the people of the blue water Palace had set up exploded in an instant.

Even those at the Dao integration stage were sent flying while spitting blood. The bodies of those at the Dao condensation and Dao glimpse stages exploded, and blood splattered into the air.

Before they could reincarnate and escape again, the giant palm grabbed them firmly and a divine furnace flew out and swallowed them all.

“You devil! Quickly release them!”

The purple jade holy man screamed as he saw this.

Tang Hao’s eyes turned cold. He immediately formed a palm and swung it at the man.

Bang!

The purple jade holy man’s body spun like a spinning top and was sent flying. At the same time, his flesh exploded and immortal blood spurted out of his mouth.

In the end, he fell to the ground and lay there, motionless.
