

The Mightiest Little Peasant Chapter 2929

The entire world was suppressed by a terrifying aura.

Everyone's faces were pale and filled with fear.

He had casually condensed a palm and sent an old monster at the peak stage flying. What kind of shocking strength was this!

"Who ... Who is he?"

"Has a true immortal descended?"

They looked at the Asura-like man standing in the air with his black hair dancing in the wind, and they were shocked to the extreme.

They had never seen such a terrifying person!

Just the aura alone was enough to suppress everyone in this world. A long roar even made more than half of them vomit blood. Such strength was simply shocking.

"Who ... Who are you?"

The white-haired old woman flipped over and got up from the ground. Her treasured clothes were already torn apart, and half of her body was a bloody mess. She was in a rather sorry state.

She cried out in shock, her expression extremely aghast.

This person's divine might was truly like that of a true immortal!

It was impossible for an ordinary peak expert to have such strength, and this person was unlikely to be a true immortal.

It was because a genuine immortal from the upper realm could not come down casually. No genuine immortal had come down to the Tianhuang region for thousands of years.

However, this person might be using the power of a true immortal.

She had heard that in some extremely powerful forces, such as the Xuanyuan clan and the heaven desolate Palace, there were some things left behind by genuine Immortals. The power of the genuine Immortals was contained in them. This person must have used such a treasure.

This also proved that this person's background was extremely shocking!

"Dammit! That stinky girl is actually related to such a person!"

She cursed in her heart and felt a little remorseful.

How could she have thought that there would be such a person behind that girl? she really thought that she was just a genius with no background and good luck!

“You’re not qualified to know who I am!”

“Die!” Tang Hao shouted coldly. He raised his hand and formed a palm, then slammed it down.

Pfft!

The old woman took out a tortoise shell Shield to block it, but the shield was smashed in an instant.

Her body trembled and immortal blood spurted out of her mouth.

The next moment, another palm came.

She simply didn’t have time to take out her treasure and raised her hand to block.

With two bangs, her palms instantly exploded, followed by her arms, and then her torso, which exploded inch by inch.

Peng Peng Peng!

Then, the giant Golden Palm continued to condense and poured down with a crazy momentum.

The earth trembled and cracked.

Countless screams came from all directions. They were all disciples of the blue water Palace who were fleeing. The cultivators in all directions were constantly running out. Looking at the situation, their faces were pale and they felt their blood run cold.

BOOM!

As the earth continued to crack, divine light hidden underground was revealed and then shattered into dust.

Then, the Halos in the sky started to collapse.

“The great formation is broken!”

“The blue water Palace is finished!”

The cultivators looked up and were even more shocked.

They had thought that once the formation was opened, it would be like closing the door and beating the dogs. Who would have thought that this person’s strength was so terrifying that he didn’t take these formations seriously at all?

“What’s going on?”

“Who is it? Who dares to be so impudent in my blue water Palace?”

Accompanied by two angry roars, two divine lights shot up from a collapsed mountain range in the distance. They were both peak level auras. It was a man and a woman, both of whom looked like old men.

“Junior Sister, Qianqian!”

Looking at the Ziyu holy man, who was reduced to a skeleton under the dense Golden Palms, the two of them were furious. They howled and blasted out a ray of divine light.

“Hmph!”

Tang Hao glared at them and grunted.

He stretched out his hand, and a golden spear instantly flew out of his palm. The spear was simple and unadorned, without any fancy decorations, but the aura it emitted had reached the level of a true immortal.

He grabbed the divine spear and threw it with all his might.

Whoosh!

The divine spear turned into a magnificent golden divine light, tearing open the void and blasting forward.

Bang Bang!

The two rays of divine light exploded as if they were dried weeds and rotten wood.

The divine spear continued to strike, and under the shocked gazes of everyone, it pierced through the male cultivator’s body and twisted it into pieces. The aftershock it brought with it even made the female cultivator tremble and spit out blood as she was sent flying.

The entire world instantly became deathly silent.

The xiuzhe in the four directions were all dumbstruck.

With just one spear attack, he had blown up the body of a peak stage old monster and sent another one flying.

“This is too fierce!”

Some xiuzhe swallowed and said in a hoarse voice.

“How did this happen?”

“Who is this person?”

When the male cultivator came back to life, he was completely stunned.

He could not understand what was going on.

Since when had his blue water Palace provoked such a terrifying figure?

“Cough cough!”

The old woman struggled to get up from the ground as she reincarnated. “You can’t kill me, and you can’t destroy my blue water Palace. Otherwise, you’ll never see her again. She’s not dead. She’s still in the Xuanyuan clan!” I can help you ...”

Before she could finish her words, her neck was grabbed.

The figure flashed, grabbed her neck, and lifted her up.

“I don’t need your help. I can do it myself. Even if I have to raze the Xuanyuan clan to the ground, I will find them!”

Tang Hao said coldly.

“Hahaha!”

The old woman laughed. Trample the Xuanyuan clan?

This person sure had a big mouth!

Regardless of strength or origin, this person was extremely shocking. However, he was at most on par with the Xuanyuan clan.

Wasn’t this a fool’s dream!

There wasn’t a single force with such strength in the entire starry sky.

“You can die now!”

Tang Hao smirked coldly. He crushed the old woman’s neck with a crack, then took out the divine furnace and pressed it into her body.

“You demon, stop!”

“Release the person!”

The other two peak-stage experts of the blue water Palace rushed over again and shouted sternly.

“Do you know that the Xuanyuan clan is behind the crystal-clear water Palace? you are going against the Xuanyuan clan!”

“If you let them go, we can let bygones be bygones!”

“Let bygones be bygones? Hahaha! What a big tone! You guys ... Who Do You Think You Are!” Tang Hao was so angry that he laughed. The people of the blue water Palace were shameless.

He stomped his feet and shot out like a cannonball. In the blink of an eye, he was in front of the two of them and he struck out two palms at the same time.

Bang Bang!

The two figures immediately exploded, spitting out blood as they were sent flying.

“It’s just the Xuanyuan clan! They were just a bunch of evil demons! You’re acting like you’re something!”

“Die!” Tang Hao shouted. He pounced on her and slapped her.

The two crystal-clear water Palace’s peak-stage experts vomited blood and were sent flying.

They no longer had the arrogance from before, only extreme fear.

This guy in front of him was not only terrifyingly powerful, but also very bold. He didn’t put the Xuanyuan clan in his eyes and even called them evil. How audacious he was!

Even the people of the heaven desolate Palace would not dare to scold the Xuanyuan clan like this!

They wanted to escape even more, but they discovered that they were completely suppressed by the other party’s terrifying Qi. There was no way for them to escape at all. They could only helplessly watch as the palm strikes came, blasting them until they spat out blood repeatedly.

In the end, a dark gold furnace flew over and swallowed them.
