

The Mightiest Little Peasant Chapter 2931

Xuanyuan Hong shrieked, his eyes almost popping out of their sockets.

He had been refining the pills for half a month, and in a few days, he would succeed. At that time, his physical body would break through again and reach a realm that no one had ever touched.

But now, the cauldron had been lifted by someone, and the pill was considered useless!

The Golden Palm continued to strike him after knocking the cauldron away.

The immortal robe on his body and the twelve-petal Lotus seat he sat on all bloomed with a shocking divine light, protecting him.

But even so, he still let out a muffled groan as he was sent flying along with the Lotus seat, smashing hard against the wall behind him.

“What powerful strength!”

Xuanyuan Hong was shocked.

The power of this palm strike had even shocked him.

Ordinary peak experts were definitely not this strong!

He had used the power of a true immortal!

He quickly thought of this possibility and was even more shocked.

Those who had the power of a true immortal were definitely not ordinary forces. The old monster must have a powerful background, but he didn't know why he had found Lingxi.

“Eh? This cauldron is pretty good!”

“This pill ... Seems to be passable!”

Just as he was in shock, a few murmurs came from the other side.

Then, he watched in a daze as the giant palm reached out and grabbed the green Cauldron that had fallen to the side and kept it.

He was stunned for a while and did not come back to his senses.

That old monster ... Was he snatching his things?

For a moment, he wasn't used to it. He had always been the one who robbed others, and no one had ever robbed him. Moreover, the Xuanyuan clan was being invaded right in front of him!

'This is f * cking ridiculous!'

"My cauldron!"

After a moment, he came back to his senses and let out another scream.

It was an immortal cauldron!

Although he had many treasures, he only had one immortal grade cauldron!

"Eh? Why was there no reaction? My cauldron, where's my cauldron? Where did my cauldron go?"

He tried to call back his cauldron, but there was no reaction at all.

He was dumbstruck.

In the blink of an eye, his cauldron was gone? It had been completely taken away?

"Bastard!"

He gritted his teeth. His face was red from extreme anger, and his body was trembling violently.

He had never been so angry before.

He wanted to charge over and kill this old monster!

He suddenly stood up, his face full of anger and killing intent.

However, before he could make his way over, he saw another giant Golden Palm form in the ripples of the void and slap over ruthlessly. He was hit on the head, and with a muffled groan, he flew back again and fell directly from the Lotus platform.

Although he had amazing talent, and his immortal mansion had already broken through the limit to accommodate ten cultivation beads, and he also had a body full of Immortal Weapons, he was facing an old monster who had used the power of a true immortal. He couldn't resist at all.

"Eh? This Lotus platform is also quite good!"

Before he could get up, the mumbling came again.

The voice was very soft, but it was like thunder in his ears. It was so loud that his head felt like it was going to explode.

He was a little flustered. His mind moved and he was about to withdraw the Lotus platform.

However, it was already too late. The huge palm grabbed the Lotus platform first and pulled with force, disappearing into the ripples.

He stood there with his mouth wide open, completely stunned.

This was already the second celestial artifact!

That old man had actually stolen two of his celestial artifacts!

“Preposterous! Preposterous!”

He clenched his fists and was beyond furious.

He had decided that not only would he kill this old monster, but he would also exterminate the force he was in. Everyone related to him would have to die!

However, before he could start his revenge, the giant Golden Palm reached out once again, and the nightmarish sound rang out again.

“This dress looks good too!”

Then, the giant Golden Palm grabbed at him.

Seeing this, Xuanyuan Hongyi was dumbfounded. He felt as if his body was about to split apart.

He had already robbed him of two celestial artifacts, and this guy was still coming!

Was he a demon?

He was roaring madly in his heart.

“No! This guy has the power of a true immortal, and I’m no match for him. It seems that I’ll have to take revenge later. Lingxi, I’m sorry!” He immediately made a choice.

“Old monster, don’t be so arrogant! Just you wait, I’ll go to cloud billow star and kill you!”

“Lingxi, don’t panic. He won’t dare to touch you! I’ll save you when I get to cloud billow star!”

He shouted at Lian Yi and decisively cut off the passage.

On the other side of the ripples, Xiao Lingxi stood there in a daze.

Her beautiful eyes were wide open, full of confusion.

Things ... Shouldn’t have turned out like this!

Once the passage opened, shouldn’t the people over there jump out one after another and stop this old monster?

However, not a single person had come out.

She could vaguely hear a few screams that seemed to be very heart-wrenching.

Then, she saw this old monster grab something back from there. It was shining with divine light and seemed to be a celestial artifact ...

This ... Was completely wrong!

“That ... Seems to be a celestial artifact!”

“I recognize that Lotus platform. It belongs to the Xuanyuan clan. That’s a fairy weapon!”

Everyone’s expression was also a little dazed.

“Your backer doesn’t seem to be very reliable!”

Tang Hao was a little disappointed when the tunnel was closed. He turned around and looked at Xiao Lingxi with a mocking expression.

“No! It can’t be like this!”

“Just you wait, I’ll open it again!”

She was a little flustered. She clutched the token and desperately activated it, but there was no reaction at all.

“Stop struggling!” Tang Hao laughed coldly. He lunged forward and pressed down on her with his aura. Then, he reached out and grabbed her by the neck, lifting her up.

“You, you deserve to die! However, I’m not going to kill you now. I’m going to keep you alive. When I get her back, I’ll let her kill you!”

Tang Hao said coldly.

He had searched the memories of the elders of the blue water Palace. After the mystic fairy Pearl was taken away, Xing Tong did not die. She was sent to the Xuanyuan clan with many disciples of the blue water Palace and then refined into a treasure.

As long as he could get this treasure, he could save the person.

“You let me go! The Xuanyuan clan won’t let you off! You’re seeking your own death!”

Xiao Lingxi struggled and screamed.

Tang Hao’s eyes turned cold. He clenched his fist, and the beautiful head in front of him exploded with a bang. Immortal blood splattered everywhere.

Without waiting for him to be reborn, he took out the divine furnace and pressed it in.

“All of you should die too!”

Then, he looked at the remaining Dao integration elders not far away, grabbed the divine spear, and threw it out.

After suppressing these people into the furnace, he then looked at the xiuzhe in the distance.

“You guys get lost! Help me pass a message to Xuanyuan, tell them to wash their necks and wait. I will visit them soon. ” He shouted coldly.

All the cultivators were stunned.

When they came back to their senses, they didn't dare to make any noise and hurriedly flew out, their expressions extremely shocked.

This person really wanted to go to the Xuanyuan clan!

This was a world-shaking event!

One could imagine how the starry sky would boil over once the news spread!
