

## The Mightiest Little Peasant Chapter 2946

“So it’s you!”

On the warship, Tang Bukong sneered.

“You’re actually not dead! He was really tough! However, it should be enough! It’s already not easy for you to survive a self-destruction of that level!”

“These few years must have been hard on you!”

He sneered.

“I’m still alright!”

Tang Hao smiled, then went up to the ship.

“Look at my Tang Clan, how awe-inspiring! I don’t think you can guess how many nine tribulations there are in my Tang Clan! I’m telling you, it’s already more than your Haotian Daoist sect. Your Haotian Daoist sect is no longer the number one force in Pangu!”

“Now, the divine temple is weak and our Tang Clan is the master of Pangu.”

Tang Bukong raised his head and said proudly.

His expression was filled with pride.

He just wanted to show off and provoke this guy.

This guy’s strength had not yet recovered, and he must be feeling very uncomfortable to see the rise of his Tang Clan!

In the future, this guy would still have to suffer!

His Tang Clan would become even stronger. He would leave this guy and his Haotian Daoist sect in the dust. In the future, this guy could only listen to the orders of his Tang Clan.

“What’s wrong with the divine temple?”

Tang Hao was not angry and asked calmly.

“You still don’t know! Supreme Xuan Hong is already crippled, and he could only barely keep his life by relying on an immortal coffin. Peak experts like sword Supreme were also injured and went into seclusion to recuperate. The current Sacred Palace is just an empty shell. ”

“The other forces are not any better. Your Haotian Daoist sect, on the other hand, has preserved its strength quite well. But without you, no one in the Haotian Daoist sect can speak. They are just a group of loose sand.”

“Only our Tang Clan, under the wise leadership of our patriarch, left Pangu and came here to achieve what we have today!”

Tang Bukong said smugly.

“Oh! By the way, I forgot to tell you that my patriarch’s cultivation is already at its peak, and he has a Celestial King killing sword in his hand. No one can defeat him!”

“Is that so?”

Tang Hao smiled. “That’s good!”

“It’s not just ‘not bad’. Soon, our patriarch will knock open the gate of immortality and attain the immortal Dao. This is something that no one in Pangu world has been able to do in the past ten thousand years!” Tang Bukong said proudly.

Tang Bukong smiled coldly as he sized up Tang Hao.

“Tsk! You’re still wearing the same clothes, plain clothes, aren’t you shabby?” He sneered.

“Oh! That’s right, with your current appearance, it’s just right to wear this set of clothes ... It’s been almost three years, where have you been? you must be living quite miserably! It wasn’t easy for you to find this place. ”

“What’s wrong? Do you want to go back to Pangu and continue to be the ruler of Haotian? After all, you’ve also worked hard for Pangu! We are of the same bloodline!”

“However, you’ll have to wait. When you can go back depends on my mood.”

As he spoke, his nostrils rose even higher. He felt extremely satisfied and unspeakably carefree.

Finally, he could take his revenge. He would trample on this damned guy and humiliate him.

Tang Hao rolled his eyes.

This guy was still as annoying as ever!

“Wait, don’t speak. If you want me to do something, wait!”

At this moment, Tang Bukong seemed to have noticed something. He raised his eyes and looked up, his expression turning serious.

“Do you see that? that’s Jiuxiao sect’s Starship. Jiuxiao sect is one of the Giants in this immortal realm. They have produced several perfected Immortals and have a deep foundation.”

He pointed at a large ship that was descending from above.

“Now, Jiuxiao sect is the Tang clan’s backer. It’s also because our clan’s patriarch is powerful that Jiuxiao sect has taken a liking to him. If it were any other power, they would not have taken a fancy to it!”

“After a while, we will be able to surpass Jiuxiao sect!”

He said with some pride.

“Eh? What’s going on?”

But then, he let out a soft sound of surprise, somewhat puzzled.

Very quickly, this confusion turned into shock.

“So many people! What was going on? They should be the elders of Jiuxiao sect, and the few in front of them could be Dao Masters. Oh my God! How did this happen? Why are there so many Dao Masters at the same time?”

“And why would they come to this Jade Dust Star?”

Tang Bukong looked up and his eyes widened. They were filled with shock and confusion.

He had met a few Dao integration elders of Jiuxiao sect and had made contact with the Tang Clan before. At this moment, these Dao integration elders were standing behind them respectfully, which showed the status of the people in the front row.

They were all extremely noble and illustrious figures of the Dao master level!

Normally, it was difficult to even see one of these people, but now, all of them had appeared at the same time.

This was truly unbelievable!

“It’s Jiuxiao sect!”

“Heavens! Who were those people? Taoist Reverend? Why are there so many Dao Masters?”

The four corners of the city were also in an uproar.

Everyone raised their heads and looked over, exclaiming in shock.

Jiuxiao sect could be ranked in the top five among all the big shots. They were extremely powerful. As Jiuxiao sect’s Dao master, his status was naturally very high. For such a person to come to Jade Dust Star, it was a shocking matter.

Moreover, more than a dozen Dao Masters had come together!

Something earth-shattering had probably happened!

But on second thought, it didn't seem like anything major had happened on this Jade Dust Star!

"Look, they seem to be heading for the Tang family's warship!"

"No way! Are they here to see the Tang Clan? Although the Tang Clan is powerful, is there a need to alarm so many Dao Masters?"

All the cultivators were stunned when they saw the direction the nine Heavens was coming from.

They were even more confused.

"Is this ... Coming for my Tang family?"

On the warship, Tang Bukong was also dumbfounded.

He was well aware that the Tang clan's current strength was not enough for such a Big Shot to pay so much attention to him that he had to send so many Dao Masters to meet him in person.

"Perhaps they happened to pass by here and thought of my Tang Clan, so they decided to take a look!"

He pondered and came up with a rather reasonable explanation.

"This is a good opportunity! I must perform well and win the appreciation of these people. Then, the development of my Tang Clan will be even smoother!"

With this thought in mind, he tidied up his robe and revealed a warm smile.

When the Jiu Xiao great ship landed and was about to reach him, he stepped out of the ship and went to meet it.

"I am Tang Bukong. I am here to welcome the seniors of Jiuxiao sect!"

He bowed deeply to the ship, his tone extremely respectful. When he stood up, he revealed a flattering smile.

However, in the next moment, his face froze.

On the ship in front, those majestic figures swept out and directly passed by him, not even looking at him.

"What ... What's going on?"

He was completely stunned.

After a while, he turned around and saw a scene that left him dumbfounded.
