

The Mightiest Little Peasant Chapter 2958

The female devil lay on the Lotus seat and was stunned by the sudden roar.

Then, she looked on in confusion as the divine light that filled the sky came over crazily!

Her rosy lips opened and her seductive face was filled with question marks.

Who was this guy?

What was going on?

“Where did this lunatic come from?”

When the divine light got close, she had no choice but to take action. With a wave of her sleeve, she took out an immortal shield and blocked it.

However, in the next moment, she let out a muffled groan.

Her opponent had attacked in a fit of rage, using all his strength and had many treasures. This barrage of attacks made her feel extremely uncomfortable.

“Who’s there!”

She put away the Lotus platform and squinted her Phoenix eyes, coldly looking into the distance.

“Hmph! You demonic woman, you’ve already robbed me of all my treasures, and you’re still pretending not to know me. What a hypocrite!” True Lord many treasures rushed over and shouted.

His eyes were like blades as he slashed at her.

“Who are you?”

The female demon’s brow furrowed, becoming even more puzzled.

She really didn’t know this guy. Moreover, when did she snatch this guy’s treasure?

It was really baffling!

“I’m ... Abundant treasures!”

True Monarch many treasures shouted angrily, one word at a time.

“Abundant treasures? I’ve heard of this name before. So it’s you. Are you crazy? when did I steal your treasure?” The female devil rebuked.

“Hmph! You still don’t admit it! Alright! I’ll beat you up until you admit it!”

True Monarch many treasures shouted angrily.

His body trembled, and a majestic aura spread out madly. The countless treasures were summoned again and blasted forward madly.

“You ...”

The female demon was also extremely angry, and her Phoenix eyes widened.

This guy must be a retard! It was completely baffling!

“Since you want to fight, then I’ll accompany you to the end!”

She shouted and waved her sleeve. Divine light shot out to meet the attack.

Boom! Boom! Boom!

The two sides immediately engaged in a fierce battle.

Although most of the strength of the two genuine Immortals had been sealed, they were still incomparable to the peak of the ninth tribulation. The situation was extremely terrifying, and the void was constantly shattered.

Tang Hao was sitting in the hall inside the star Devourer beast. He held a golden crystal ball in his hand and watched the battle outside.

He was also a little confused.

He had not expected such a thing to happen.

“This is truly a warm-hearted and kind senior!”

Tang Hao sighed when he saw the treasure Daoist.

First, she gave him so many immortal materials, and now, she appeared when he was in danger to save him, she was truly a timely help, the best senior in the world!

“Senior, I will remember your good deeds!”

Tang Hao said, touched.

Then, he quickly scuttled up, collected everything here, and then, sneaked away.

He took advantage of the intense battle between the two and sneaked away from the other side without a sound.

In the Forbidden Zone, the battle continued for a long time.

Both sides were finally tired.

After their realms were sealed by the immortal court, their strength was almost the same, and it was difficult to determine the winner after such a long time.

“Old man, have you had enough?”

That female devil was about to go crazy!

This was a lunatic, an idiot!

No matter how she explained, saying that she didn't steal any treasure, he wouldn't listen. He was more stubborn than a donkey!

“Hand over my treasure and I'll stop!”

True Monarch many treasures gasped and shouted.

The female devil rolled her eyes and was about to go crazy.

Treasure! Treasure! What kind of treasure was it?

Why was this guy so persistent?

“I'll say it again. I didn't steal any of your treasures. I don't know what treasure you're talking about!” She took a few deep breaths and suppressed the anger in her heart. “I'm here to chase a kid!”

“And that brat disappeared here. I thought he entered the body of this star Devourer beast, so I waited here.”

“A kid? Hahaha! Do you think I'm an idiot to believe your nonsense?”

True Lord many treasures sneered. “How can I, a star Devourer, let anyone enter my body? This is impossible!”

“This is yours?”

She was shocked.

“Of course, back in the upper realm, I purposely left this star Devourer beast in the lower realm to help me nurture immortal materials. This is just one of the places I nurture my treasures.” True Monarch many treasures said.

“I've set up celestial arrays to protect these places. It's impossible for lower realm cultivators to break them. Only people like you, who are also from the celestial realm, can break them! You were there when I arrived. Tell me, can you clear your name?”

F * ck!

The female devil's face twitched violently and she wanted to curse.

This was just a coincidence!

Yet, this fellow insisted that she was the one who had snatched the treasure.

"There really isn't any. You must be lying!"

True Lord duo Bao's divine sense swept through the star Devourer beast's body and he sneered.

As expected, there was nothing inside. Without the kid that this demoness had mentioned, even the treasures were gone.

"No? How could there not be any?"

The female demon's expression changed as she called out in a low voice.

Other than this star Devourer beast, where else could that kid hide?

Previously, she had sensed that there was no trace of that brat in the starry sky. If that brat had torn open the void to escape, he would definitely not have been able to escape her detection. After all, she was a true immortal!

"Not good! He must have sneaked away while we were fighting. Now he's far away, and I can't sense him anymore."

Her expression changed again, and she felt vexed.

When she raised her head, her expression became a little unkind.

It was all this old bastard's fault for interrupting her. Otherwise, that kid would not have been able to escape.

A heaven and earth origin core!

And that heaven-shaking luck!

It was gone just like that!

"Old man, it's all your fault!" She shouted.

"What a demoness, you still dare to scold me! Alright! It seems like we won't stop until we fight to the death today!" True Lord many treasures gritted his teeth, gathered his Qi again, and attacked again.

The two of them engaged in an intense battle again, and the battle was so intense that the sky turned dark.

By then, Tang Hao had already run far away and returned to the Ji residence.

“That was close! That was close!”

He sat down in the pavilion and felt a wave of fear.

If that She-Devil really caught up to him, he would probably be in deep trouble this time.

“It seems that I can’t go out for the time being. If I meet another devil, it’ll be bad! That’s right! The spiritual void realm also needs to be reinforced, but I’m afraid that true immortals will come and cause trouble. One or two is not a problem, as we can still block them, but if there are too many, it will be troublesome.”

Tang Hao pondered for a moment, then immediately strengthened the defense of the spiritual illusion realm.

In the past, he had only considered one or two true immortals. He had not expected that so many true immortals would come at once this time.

“These true immortals might have come down here for a purpose. They won’t stay for long. In a few years at most, they’ll return.”

Tang Hao was not too worried. He planned to hide for a few years and wait for the true immortal to return. Then, he would cross the Tribulation, knock open the gate of immortality, and ascend.
