

The Mightiest Little Peasant Chapter 2959

In the blink of an eye, a month had passed.

There was a lot more information about true immortals.

In the Daluo immortal territory alone, there were several true immortals who had descended. Some were from the Daluo heavenly Palace, and some were from the Jingyan house.

Right now, everyone in the spiritual void realm was talking about the true immortal.

“I heard that there’s a reason for the true immortals to descend to the lower realm this time. Otherwise, how could the passage, which had been closed for thousands of years, suddenly open?”

“It’s related to a prophecy. It says that a ruin will appear in our starry sky, and it’s the ruin of an immortal Emperor!”

“Immortal Emperor? Is it Emperor Tianhuang?”

“No, no, no! It’s not Emperor Tianhuang, but another immortal Emperor.”

“There’s another immortal Emperor? How come I’ve never heard of it?”

“Hey! Very few people know about this Celestial Emperor. His name is ancient Dao, and he was suppressed by Emperor Tianhuang in the ancient era. His name has become a taboo, and it is said that one of the ancient Dao Emperor’s ruins is going to appear.”

“There’s such a thing! No wonder those genuine Immortals have come to the lower realm. Who can stand the remains of an immortal Emperor? even a random stone in that place is a precious treasure!”

As for the reason why true immortals descended to the lower realm, some people had also inquired about it and spread it in the spiritual void realm.

For a time, it caused an incomparably huge sensation.

An immortal Emperor was a figure who stood at the peak of the immortal path. Even for a true immortal, he was an unattainable figure, let alone these Saint realm cultivators.

Of course, heated discussions were heated discussions, but no one dared to have any ideas.

For them, the level of the Immortal King’s remains was too high and too dangerous. They were afraid that they would be turned into ashes before they could even step half a foot into it.

What’s more, so many true immortals had descended to the lower realm, and most of them were aiming for the ruins. If they dared to fight with them, they must be tired of living!

“The prophecy also said that this trip will be extremely dangerous. Therefore, there are actually not many true immortals coming this time. They are all bold.”

“Let’s just watch the fun! Don’t get involved!”

All the cultivators were at their own mountain gates, going up to the spiritual void realm to watch the show.

“The remains of the celestial Emperor?”

Tang Hao’s heart skipped a beat when he heard that.

It would be impossible to say that he wasn’t tempted. After all, it was the ruins of the immortal Emperor, so there must be good things.

However, he also had some concerns. The degree of danger of the ruins itself and the group of true immortals were all things he had to consider.

“Ancient Dao Emperor! There’s actually an immortal Emperor!”

He was even more surprised.

He had thought that only one immortal Emperor had rebelled, but there were two. The two seemed to be fighting. The ancient Dao immortal Emperor seemed to be weaker and had been suppressed by the Tianhuang immortal Emperor.

“Forget it! What does it have to do with me? it’s best if all these rebels die!”

He pondered for a while, then pouted in disdain.

Both the Tianhuang Emperor and the ancient Dao Emperor were traitors. No matter how high their cultivation was, he looked down on them.

“Why are the people of the Xuanyuan clan in the zenith land?”

At the same time, he also heard that some people from the Xuanyuan clan had come to the zenith heaven celestial realm. They were not from the branch family, but from the main family of the Tianhuang region.

After asking around, he found out that the Xuanyuan clan had come to find him.

Ever since that battle, the Xuanyuan clan had sent out many people to the starry sky in all directions to inquire about his origins. Not long ago, the name of the white-robed great emperor had spread from the origin immortal realm and gradually reached their ears.

Thus, they had sent people to zenith heaven.

Tang Hao was quite concerned about that.

If it was before, he would not be afraid of the Xuanyuan clan at all. But the situation was different now. The Xuanyuan clan must have sent down genuine Immortals, so he must be careful and cautious.

He had sent out many clones to keep an eye on the movements of the various factions in the origin immortal realm.

Just like that, another three months passed.

Just as everyone was getting a little impatient, the news of the emergence of the immortal Emperor's relic spread, instantly causing a sensation.

"It's in the abyssal celestial realm. I can't be wrong. That shocking celestial Qi is definitely not an ordinary genuine immortal's relic!"

"Some of the true immortals nearby have already gone. I wonder how they are doing!"

"A true immortal has come out. He seems to have escaped. He looks a little miserable!"

One after another, the news was continuously spread to the spiritual void realm like a live broadcast.

The spiritual void realm was in an uproar. Everyone was paying attention to this matter.

"Another true immortal has escaped. That's right, he has escaped. It looks extremely dangerous inside."

"I heard that there's a mountain inside. It's the treasure of the immortal Emperor and suppresses the entire relic. Once you enter, you'll lose all your magical powers and become a mortal. Some genuine Immortals have already died inside!"

As more and more news came, the crowd became more and more shocked.

Even someone as strong as a true immortal had fallen inside, which showed how dangerous the ruins were.

"It's indeed worthy of being the immortal Emperor's relic!"

"No wonder there weren't that many true immortals this time!"

The people of the world sighed.

"Will those who go in really turn into mortals? Doesn't that mean that we're no different from true immortals in there?" There were also people who had thoughts of doing so.

Previously, they were afraid of true immortals, but now that they were the same as true immortals, many bold people had the idea of going to explore.

Even Tang Hao was tempted.

However, he did not act rashly and continued to pay attention.

“Many more true immortals have gone in. They’ve all brought many people with them. Ninth tribulation, eighth tribulation, all of them. They’re all rushing in ship after ship.”

A few days later, Tang Hao was even more excited when he heard the news.

Those genuine Immortals brought the eight tribulations and the nine tribulations with them. They must be thinking that the more people there were, the stronger they would be. Anyway, they would all become mortals. No matter what cultivation level they had, the more people there were, the better.

With so many people going in, the situation inside would definitely be chaotic.

In a chaotic place, he could also fish in troubled waters.

Tang Hao could not help but think about it.

After coming out of the spiritual void realm, he thought about it carefully and decided to go. After all, it was the remains of the immortal Emperor. It was the first time he had encountered such a powerful remains, so he had to go and take a look.

Considering that this trip would be extremely dangerous, he decided not to bring anyone else and would go alone.

He tore open the void and left the Ji family, heading toward the abysmal celestial realm.

He even changed his aura and appearance, turning into an ordinary-looking middle-aged man. He even put on a treasured robe.

Even at full speed, it took him one and a half months to reach the netherworld.

According to the information he had obtained from the spiritual void realm, he had rushed to the exact location.

“There are quite a few people!”

As he neared his destination, he could see divine lights flashing over from time to time in the starry sky. Many ships appeared in the void, and they were all heading in the same direction.

Obviously, these people had all heard the news and rushed here for the immortal Emperor’s remains.

He continued forward, and soon, he saw a deep, dark area in the starry sky ahead. It was completely shrouded in darkness, and he could not see anything clearly.

Looking in all directions, the darkness was indescribably huge, as if it was boundless.

The divine lights that were rushing over all stopped far away, not daring to get close.
