

## The Mightiest Little Peasant Chapter 2961

Tang Hao stood among the crowd and watched the Xuanyuan warship sail into the darkness.

“Hmph!”

When he retracted his gaze, he snorted.

I’m afraid it won’t be that easy to take revenge on him!

A true immortal, huh?

We’re all the same inside, we’re all mortals, so who’s afraid of who!

“I have to think about what I should prepare!”

Then, he muttered to himself.

He had the treasured clothing. Although he couldn’t activate it, it still had a strong defensive ability.

He had to prepare a weapon that was made of a very light material. Otherwise, he would not be able to carry it.

There were also bags and ropes ...

He pondered for a while, took out a pile of things, put them in cloth bags, and carried them on his shoulder.

“F \* ck!”

On the ship beside them, someone looked over and couldn’t help but click his tongue.

The F \* ck, the bag was almost as tall as a person, like a small mountain. How many things could it contain!

“Brother, you’re exaggerating!”

Someone shouted.

“Hey! What do you guys know? the more prepared we are now, the less we’ll have to suffer when we enter!” Tang Hao pouted.

“Let’s go!”

He carried the bag, which was as big as a small mountain, and swept forward. Soon, he entered the darkness.

The darkness was like smoke. It would disperse when he walked over.

After a while, the smoke finally stopped. He looked up and was shocked by the scene in front of him.

Surrounded by this darkness was an indescribably vast continent. It was covered in mist, and the full appearance could not be seen clearly. However, one could vaguely see that there were tall mountains rising and falling on it, like a huge Dragon lying on the ground.

In the distance, at the center of the land, there was an extremely bright light.

It was a mountain!

It was a purple divine mountain!

“It seems that this is the so-called Celestial Emperor’s Supreme treasure!”

Tang Hao narrowed his eyes as he examined the divine mountain.

This mountain was called the ten thousand laws divine mountain. It was refined by the ancient Dao immortal Emperor and was also one of his famous treasures. This mountain had been refined by the immortal Emperor for tens of thousands of years. Once it was taken out, it could suppress all laws in the world.

The entire mainland was under the suppression of this divine mountain. Once one entered, all laws would be suppressed.

Not to mention the Saint realm and the genuine Immortals, even the zenith heaven Immortals would be suppressed.

Immortals were divided into four major realms: true immortal, golden immortal, zenith heaven golden immortal, and finally immortal Emperor, which was the ultimate realm of the immortal Dao.

Among them, those at the peak of the perfected golden immortal realm and those who had not reached the end realm were also called immortal kings.

In the face of an immortal Emperor’s sacred art, even a Grand Luo immortal couldn’t resist.

Tang Hao’s eyes began to heat up after a while.

That was a good treasure!

It would not lose to his great void divine furnace.

If he could get his hands on this divine mountain, he would have two Supreme-grade treasures.

He took a deep breath before falling down.

He had only fallen a few feet when suddenly, a huge force pressed down on him, causing him to fall down.

Plop!

He fell heavily to the ground and felt a wave of pain.

“No more! As expected, there’s nothing left!”

He turned over and stood up, trying to activate his celestial core power and divine sense, but there was no reaction. Even his physical body seemed to have degenerated and turned into a body of flesh and blood.

“It can even suppress the physical body, it’s really magical!”

Tang Hao mumbled.

He had seen some places that suppressed spirit Qi and celestial core power before, but he had never seen one that suppressed the physical body as well. This Celestial Emperor’s means were really incredible!

He moved his hands and feet, and quickly got used to his current body.

Then, he started to look around.

This was a dense forest filled with miasma. With his current vision, he could only see a hundred meters away at most.

“In that direction!”

He recalled what he had just seen and the location of the divine mountain. He determined the direction.

Then, he dragged his mountain-like bag and headed in that direction.

Fortunately, although his physical body had degenerated and he had become an ordinary person, he was still quite strong and could easily drag these things.

“This will take forever!”

After walking for a while, he smiled bitterly.

The divine mountain was too far away. It would take at least a few months for a mortal to walk there.

“Not good!”

Suddenly, he stopped in his tracks, and the hair on his body stood on end.

He sensed a murderous aura nearby.

He turned around and his expression changed.

In that direction, a Tiger had appeared out of nowhere. Its entire body was black and it wasn't very big. To him, who was used to seeing giant beasts that were tens of millions of feet in size, it even seemed a little miniature.

However, he was a mortal now, not a cultivator!

This Black Tiger was troublesome enough.

"Aowu!"

The black Tiger opened its mouth and roared at him, its eyes filled with ferocity.

"You want to eat me? Hmph! Let's see who will eat who today!"

Tang Hao grunted, and his eyes glowed with ferocity.

In terms of ruthlessness, he would not lose!

He opened the bag and took out a sword. This was a golden crystal sword. It was very light, and even a mortal could lift it. It was also extremely sharp.

"Aowu!"

The black Tiger roared again. It was furious.

This two-legged beast actually dared to provoke it.

It scuttled up and pounced at him.

"Black Tiger, right? I killed a Black Tiger!" Tang Hao raised his sword and slashed at him.

The sword and the claw clashed, and a loud clang rang out.

Tang Hao's body shook, and he took a few steps back.

His current strength was actually inferior to the black Tiger.

"F \* ck! He's too weak!"

"F \* ck!" Tang Hao cursed.

Since he couldn't use his strength, he could only rely on positioning.

Tang Hao immediately started running around with his sword in hand. His movements were extremely coquettish, and he enticed the black Tiger to roar in rage.

“There it is!”

He lured the black Tiger again. When the black Tiger pounced at him, Tang Hao lowered his body and slashed at it with his sword.

Whoosh!

The black Tiger’s belly was cut open, and blood and intestines gushed out.

“Al! Why bother!”

Tang Hao put away his sword and shook his head.

He sized up this Black Tiger again. It was obviously not an ordinary Tiger. How could it be an ordinary Tiger if it could live in the remains of the immortal King? It was afraid that all its divine powers had been suppressed by the divine mountain and it had become an ordinary Tiger.

To die from having its stomach easily cut open by a sword, it was quite aggrieved for such a beast.

“I’m a little hungry!”

He rubbed his stomach, and the hunger that he had not felt for a long time surged up.

He immediately started a fire by drilling wood, then cut the black Tiger into eight pieces and roasted it.

“Fortunately, I’ve thought it through. I’ve even prepared the seasonings and the pot!”

He opened the bag and took out a pile of pots, ladles, bowls, and bowls, preparing an all-Tiger banquet.

“Delicious! It’s so delicious!”

Tang Hao was very satisfied after having a sumptuous meal.

It had been a long time since he had eaten to his heart’s content.

After resting for a while, he took the rest of the Tiger meat, dragged the bag that was as big as a Hill, and continued forward.

Along the way, he encountered many fierce beasts, but they were all like the Tiger, ordinary beasts. After a long fight, he dealt with them.
