

The Mightiest Little Peasant Chapter 2967

There was a whooshing sound.

The crowd was in an uproar.

They didn't expect the genius of the Xuanyuan clan to perform so badly. It seemed like the ancient Dao Emperor really didn't like the Xuanyuan clan.

"Come back!"

The Xuanyuan clan's true immortals waved their hands, and their faces looked a little unsightly.

They also went up and tried, but they were all in the same state as Xuanyuan Hong.

"Does our Xuanyuan clan have any conflict with this ancient Dao Emperor?"

Xuanyuan Hongyi asked, puzzled.

"I don't know!"

The true immortals all shook their heads.

The ancient Dao Emperor was a figure from 10000 years ago. Who knew what happened back then?

"I'll try!"

Ning Yuzhen also stepped forward, but he was unable to break through the barrier.

More and more people arrived and tried, but the result was the same.

"I've really seen a ghost!"

The demoness also came and tried, but she was also blocked.

"No! His standards are way too high!"

Someone said with a bitter smile.

There were many people who had come, but none of them had been recognized by this immortal Emperor Supreme treasure.

"I think only a disciple of a golden immortal or even a disciple of the zenith heaven can get the recognition of this treasure!"

Someone sighed.

This trip was too dangerous, so not a single person like this came down. Didn't that mean that all of them had made a wasted trip?

"Move! Move aside!"

At this time, a shout came from behind, and the roar of a Tiger.

They turned around and were all stunned.

It was that audacious native!

"He also wants to try?"

"Hahaha! What a joke! This guy is very bold, but in terms of talent and aptitude, how high can he be?"

Sneers were heard.

As true immortals, all of them had extraordinary talents. How could this native be stronger than them?

"Him? Hahaha!"

Xuanyuan Hong looked over and laughed.

In terms of talent, how could this guy be higher than him?

The people of the origin immortal realm were all saying that this person wasn't even 100 years old. But how was this possible? he didn't believe it at all. This was an old monster.

"He wants to try too?"

At the back of the crowd, Yao Xinyue raised her eyebrows and revealed a meaningful look.

"It's futile to be afraid!"

She shook her head gently and said.

This person's talent was indeed extraordinary, and his luck was amazing, but that was the celestial Emperor's Supreme treasure! The vision of an immortal Emperor was so high that even the disciples of the zenith heaven would find it difficult to enter his eyes.

"Move!" He shouted.

Tang Hao didn't care about the sneers around him. He rode The White Tiger and dragged the pile of corpses forward.

"Let him go!"

The crowd in front of him gradually parted, making way for him.

When they looked at the person on the tiger's back, their eyes were filled with mockery, as if they were looking at a dead man. Even if no one could take the divine mountain, this guy would be dead once they got out.

When they glanced at the pile of corpses behind them, their eyes became greedy and fiery.

With so many corpses, how much cultivation did they have?

In total, he would definitely have a few thousand Dao attainments.

Tang Hao passed through the crowd and arrived in front of the divine mountain.

He jumped down from the Tiger's back and looked up.

Looking up from the bottom, this divine mountain was so high that he couldn't see the top. It was shrouded in a piercing purple divine light, and he couldn't see the mountain wall at all. He could only feel the brilliant aura of the great path coming from the divine mountain.

There was also an ancient aura that seemed to come from the ancient times.

This aura was somewhat similar to his great void divine furnace.

It was obvious that these two treasures were made of extremely ancient materials.

"What a great treasure!" Tang Hao could not help but praise her.

"Tsk!"

Behind him, Xuanyuan Hongyi immediately sneered and said, "don't think that the immortal Emperor will approve of you just because you praise him a little. Flattery is the behavior of a despicable person!"

Tang Hao ignored him. He cupped his fists and bowed to the divine mountain, then walked forward.

One step, two steps ...

After seven steps, he stopped, and a barrier appeared in front of him.

"It stopped!"

A series of shouts came from behind.

Everyone had an expression of "as expected."

"I knew it would be like this! Hurry up and get back here!" Xuanyuan Hongyi scoffed.

However, as soon as he finished speaking, there was a loud boom as if there was an earthquake. The purple divine mountain in front of him shook violently, and the divine light on it suddenly became extremely bright.

“It’s so eye-piercing!”

“What ... What’s going on?”

Everyone raised their eyes to block the divine light.

Their expressions were filled with shock.

It had been so long, and the divine mountain had not changed at all. However, at this moment, there was a sudden change. Could it be because of that guy?

But ... How was this possible?

What did that guy do to move the celestial Emperor’s Supreme treasure?

“This ... How is this possible?”

Yao Xinyue blocked the divine light for a moment and got used to it. She focused her eyes and looked ahead. After she had a clear look, her Phoenix eyes were wide open and filled with intense shock.

At the foot of the divine mountain, a figure appeared, emitting a brilliant divine light. His face could not be seen clearly.

However, judging from the shocking aura on its body, it was definitely the artifact soul of the ten thousand laws divine mountain. It was a soul left behind by the ancient Dao immortal Emperor.

This kid had actually alarmed the weapon spirit!

What was so special about him?

She shifted her gaze again and stared at the boy.

She really couldn’t figure it out, and she couldn’t believe that this kid could stir the immortal Emperor’s soul!

“I’m afraid there’s an even greater mystery on this kid!” She mumbled.

“How could this be ...”

Xuanyuan Hongyi, the Xuanyuan clan, ning Yuzhen, and the others were all stunned. They couldn’t believe it.

This guy had disturbed the soul of the celestial Emperor!

This was too shocking!

“No way! Is he really not even a hundred years old?” Xuanyuan Hong was dumbfounded as he muttered to himself.

He was less than 100 years old, yet he could dominate the starry sky and defeat the Xuanyuan clan by himself, becoming the most powerful cultivator in this starry sky. This ... Was too shocking!

But perhaps it was because of this earth-shattering talent that the soul of the celestial Emperor had been disturbed!

“Not bad! Not bad!”

The dazzling figure at the foot of the divine mountain muttered.

“You’re so young, but you already have such heaven-defying cultivation! It’s really rare!”

Then, he praised.

Hearing this, everyone was even more shocked. Many people even sucked in a cold breath.

To be able to make an immortal Emperor say that his cultivation was heaven-defying, how high was this guy’s cultivation and how young was he?

They could not imagine it!

“Wait, how did you get this treasure? You ... I see! I really didn’t expect this! It’s a good thing that your bloodline hasn’t been cut off!”

“Eh? What was this? Oh my God! How did you get this? Wasn’t this the item that the sky Destroyer had refined? How did you manage to refine it? You ... How did you refine it? It was unbelievable! It’s unbelievable!”

“It’s not just the heaven destroyer squad. There’s also the nine luminaries. Gu Huang, I can sense the karma of two other people on you. You alone have the karma of three immortal emperors!”

The figure kept exclaiming, and his tone was getting more and more shocked.

Everyone’s expression became more and more dazed.

They all felt like they were dreaming.

Otherwise, how could he have seen such a ridiculous scene?

How could the soul of an immortal Emperor be shocked by a nine tribulations Saint realm kid?

This was too ridiculous!

The scene in front of him was simply absurd!
