

The Mightiest Little Peasant Chapter 2968

“Exterminate the heavens? The ancient wilderness?”

“Who are these people? All of them are immortal emperors?”

“He has the karma of three immortal emperors?”

Yao Xinyue’s beautiful eyes were wide open, filled with extreme shock.

In her heart, there were even more turbulent waves.

Sky Destroyer, ancient wilderness, nine Phoenix ... She had never heard of these names before. However, she could tell that they were all immortal emperors from the ancient times.

And this kid had great karma with these three celestial emperors!

This also meant that this kid had either cultivated the cultivation techniques of these three immortal emperors or obtained their treasures. In short, he had obtained the recognition of these three immortal emperors!

This ... Was simply too heaven-defying!

That was an immortal Emperor!

There were still three of them!

Even those Daluo disciples couldn’t do it!

And this kid actually did it!

What was so heaven-defying about him that so many immortal emperors were so fond of him?

She looked at the figure again and could not help but smile bitterly.

Previously, she had only thought that this kid had some talent and was a promising talent. Now, she realized how wrong she was.

He was a monster. The word ‘heaven-defying’ was not enough to describe him!

How did such a world-shocking monster appear in the lower realm!

“The karma of three Immortal Sovereigns ... How is this possible?”

Xuanyuan Hongyi stood there in a daze, his face dazed.

His handsome face was extremely pale.

He had always been proud of his talent and felt that no one in the starry sky could compare to him. With his talent, even if he went to the immortal world, he would not be inferior to the disciples of the true immortals.

But now, the talent that he was most proud of had been reduced to dregs in seconds in front of this guy!

The karma of three immortal emperors!

The techniques he cultivated and the treasures he possessed could even shock immortal emperors. What a monster!

This kind of talent was simply world-shaking and rare!

“What kind of monster is this!”

“What is his background?”

The true immortals all cried out in surprise, their expressions extremely horrified.

Even in the immortal world, they had never seen such heaven-defying talent!

“Who is this?”

Those native nine tribulations were also extremely bewildered.

When did such a character appear in their starry sky? they actually had no idea at all.

“Hahaha! Good! Very good! From now on, your three Celestial Emperor karma will become four!” The immortal Emperor’s soul laughed out loud. “Since I’ve handed this treasure to you, I believe that with your talent, you won’t bring shame to its name!”

As he spoke, he raised his hand, and the purple divine mountain behind him trembled and shrank.

In the blink of an eye, it had shrunk to the size of a palm and floated toward Tang Hao.

When they saw the mountain, the eyes of the people not far away immediately lit up with fire and greed.

This was the treasure of the immortal Emperor and the Supreme treasure of the immortal Dao!

Tang Hao was excited.

After taking this mountain, he would have two Supreme treasures!

A divine furnace could refine anything in the world!

A divine mountain could suppress all techniques in the world!

"I'm rich now!"

He muttered and hurriedly took it. He refined it very smoothly.

"I've given you the mountain. I think you'll be able to handle the rest with your abilities." The immortal Emperor's soul laughed and suddenly turned into a stream of light, drilling back into the divine mountain.

In an instant, there was a buzz, and the world shook.

An invisible force that was suppressing the mainland suddenly dissipated.

"I've recovered my Divine Art!"

"Hahaha! No more! It's finally normal!"

Immediately after, excited cheers erupted from all four sides.

Many people almost cried tears of joy.

The past few months of living as a mortal had almost tortured these nine tribulations and some true immortals to death.

After cheering for a while and getting used to the divine power, they all looked forward in unison.

Their gazes swept past the ten thousand laws divine mountain and the pile of corpses. They did not hide their greed at all.

However, no one moved.

This man was so monstrous and had three, no, four immortal Emperor's karma. He must have an extraordinary background.

"Hmph! What's there to be afraid of? isn't he just a demon? He's from the lower realm, so what kind of background can he have that's greater than our immortal world?"

Suddenly, a true immortal sneered.

Many true immortals nodded in agreement.

They were true immortals from the immortal world. Why should they be afraid of a monster from the lower realm?

"My good brother, look, they all want to kill you! Why don't I protect you, and you give me that divine mountain? what do you think?" Yao Xinyue chuckled as she spoke.

"Hmph! A demonic woman like you knows how to protect people? You're a fellow full of lies!"

A true immortal immediately said disdainfully.

“This boy and his treasures belong to my Xuanyuan clan. No one can touch them!”

A true immortal of the Xuanyuan clan suddenly shouted.

He scanned the surroundings, his eyes extremely sharp.

Many people were stunned and didn't dare to say anything.

The Xuanyuan clan was also a famous existence in the upper realm.

“Yo! The Xuanyuan clan is amazing! Other people might be afraid of you, but I'm not!” Yao Xinyue glanced at him and sneered.

Many of the true immortals also showed similar disdainful expressions.

They all had some background and were not afraid of the Xuanyuan clan.

We'll only know who can get this divine mountain after we snatch it.

“Hmph! How dare you go against my Xuanyuan clan? you're courting death!”

The true immortal of the Xuanyuan clan roared angrily.

Soon, the group of true immortals began to confront each other. They were hostile to each other, and their swords were drawn. None of them looked in Tang Hao's direction.

“Since you all want my treasure, why didn't anyone ask me if I would agree?”

Tang Hao said gloomily.

“You? Hahaha! Kid, you think too highly of yourself!”

Some of the true immortals laughed.

Then, a burst of laughter rang out from all directions.

The eyes of the true immortals were filled with contempt and disdain.

No matter how monstrous this kid was, so what? he was just a Saint realm expert. In the eyes of true immortals like them, a Saint realm expert was no different from an ant that could be killed easily.

If they wanted to take this kid's treasure, did they even need to ask?

Just directly Rob it!

“My good brother, things are different now. I can deal with you with just one finger!” Said Yao Xinyue with a smile.

“Is that so?”

Tang Hao looked around and laughed coldly.

“This kid is so F * cking arrogant! Why don’t we kill this brat first, and then we’ll snatch the treasure!”

One of the true immortals cursed softly.

He was a little displeased. A mere Saint realm expert dared to speak to a true immortal like that. He was really overestimating himself!

“Good! I’d like to see how you’re going to kill me!”

Tang Hao glared at him and shouted.

“Motherf * cker! I can’t take it anymore, so I’ll kill him!”

The true immortal cursed. His body flickered and he suddenly rushed out.

His speed was extremely fast, and in the blink of an eye, he was already in front of them. His face was filled with ferocity and killing intent. He clenched his hands into claws and ruthlessly clawed at them.
